GRAND OPENING OF LIBERTY THEATER

HATHORN HALL PUT TO NEW USE

momentous day in the history of Bates fly in their ointment. That one disa-College, for it marked the grand opening of the Liberty Theater. On this in the mists of the not far distant fudate, the Bates Theatrical Corporation ture. Rumors had been circulating that took over the site, property, fixtures, the capsules of anti-toxin had arrived, and goodwill (the goodwill, it might time and again, only to be disproved be added, constituting the largest and most important item of this list) of rife in the barracks concerning the the Hathorn Hall Assembly Room; and installed therein a moving-picture playhouse. Just think of it, Hathorn Hall which in former years has re-echoed to the thunder of Freshman orators, to the fierce arguments of Sophomore debaters, and to the singing of "Onward Christian Soldiers'' being put to such a use! Surely "the times are out of joint! "

Two performances were originally scheduled for the opening day, one at 5:30 P.M. which was to be exclusively for the denizens of Rand Hall and its satellitic dormitories; and the other at 8 P.M. for the members of the S. A. T. C.; but the afternoon performance, thru no fault of the management, failed to transpire. It seems that the picture machine went on a strike for an eighthour day and pay and a half for overtime; and in spite of the efforts of Chief Engineer Woodcock to arbitrate the matter, it obstinately refused to return to work. By evening, however, the trouble had been adjusted, and everything went swimmingly; in fact, no better performance was ever witnessed at Music Hall or the Empire. The intervals between reels furnished an opportunity for the perpetration by the audience under the leadership of Vernon Stiles Robinson of a number of the latest song hits.

The evening's frivolities were prefaced by a few remarks from General Manager Harry David Belasco Rowe who outlined briefly what the policy of the theater would be in the future. He stated that the performances would be repeated at intervals, that the Liberty Theater would be on the regular circuit of the Y. M. C. A., and that local talent would be employed whereever possible in the staging of boxing and wrestling matches, vaudeville skits, cartoonist's exhibitions, etc. In this connection, it might be well to suggest to the management that several expert crockery jugglers are now in training at the Chem. Lab., and that a number of performers on the Victrola at the Y. M. C. A. Hut have already attained to a high degree of efficiency in the use of that instrument. A word to the wise is sufficient.

After the General Manager's oration, Prof. Robinson's chorus entertained the audience for a time, and then the the few days following, but nothing sefirst picture, a comedy, was turned on. This ran its course amidst a flow of inappropriate remarks from the wits of the audience. Then followed more music. Next followed the feature picture, "Missing", which was produced by J. Stuart Blackton and adapted from the novel by Mrs. Humphrey Ward. Full particulars about this picture had been conveyed to the public for several days previous thru the meplaced about the halls, and so the writhe details connected with it. The poster. however, failed to mention the name of the chief scene-shifter. We hope that the manager will inform the Immediately succeeding the five reels our genial secretary in the future. of the feature picture, was a short educational film depicting the growth of school for training actors, making eight reels in all.

BATES MEN SUBMIT **TO INOCULATIONS**

SORE ARMS THE RULE

For weeks the S. A. T. C. men have Saturday, October 26th, 1918, was a been having a fine time with but one greeable incident loomed threateningly officially. Naturally, speculation was physical pain to be endured. Vaccination was disposed of as an experience thru which most of the men had passed. Persistent reports began to buzz

around the campus the first of last week that inoculation would be over before the week had passed. The sergeants, Plattsburg men who had experienced the trials of inoculation in the summer, were besieged with questions all bearing on this one object. Sometimes they would sadly shake their heads and refuse to be drawn any farther into an obviously painful discussion. On being pressed further, one would doubtfully say to the other something to the effect that only eighteen men fainted in their platoon at Plattsburg. Once the remark was heard that some trouble was experienced in fitting the Gym, with beds for those who should succumb.

Imagine, then, the state of mind of some of the S. A. T. C. boys when their names were read off to report for inoculation. Some went stolidly as the red-man; others, effecting a painful smile; not a few with clenched teeth and a do or die expression written all over their faces. Many envied the few who walked indifferently to the slaughter house", sophistication showing in every line of their faces.

The vaccination was over without any fuss. None of the men had time to fear it, their minds were on the thousands of germs soon to be added to their blood. Eager and expectant was the crowd for the experiences of the first victim. However, but little was said by this individual. One by one the men approached the little green door behind which sat Dr. Sleeper with his array of deadly instruments and his corps of assistants.

Gently the patient was led to a white chair. The M. D. secured a firm grip on the unfortunate member, and informed Lieut. Carr that all was ready. At this point the victim was supposed to faint but that part of the program was absent. Personally the writer felt only a slight prick, a flow of cool fluid, and all was over.

There are rumors that a few momentarily succumbed, but the report cannot be verified.

Dizzy students with sore arms and sorer nerves roamed the campus for Etude vere was reported. Of course, the salute given to the officers were rather lame, but fellows fought off the dopy feeling courageously and are now planning a suitable revenge on the heartless sergeants.

CO-EDS TAKE CHARGE OF SUNDAY MEETING

DELIGHTFUL MUSICAL ENTER-TAINMENT AT THE Y. M. C. A.

For the first time some of the young asked President Chase to send from educational institution, when a few at Plattsburg. BATES S. A. T. C. LOSES TO MAINE

ORONO AGGREGATION GIVES LOCALS 6-0 DRUBLING

The Bates S. A. T. C. team was desoldiers were impressed with the fact Bates a certain number of men to the feated last Saturday by the soldiers that Bates College is nominally a co-Students Army Training Corps Camp Eleven from the U. of M. by the score of 6-0. Alumni Field at Orono was covered with pools of water which men. The usual revelry hall of these men enrolled in the Student Army seemed to be a foot deep in places. Where the ground was free from water, mud to a depth of half of foot took its place and the many slides executed by the big football men would have made any baseball player envious. The feature of the game was a dive by Charley Southey, the Bates tackle who dove into a big pool of water, or perhaps better a young lake, and stayed emerged for several moments, and when he reappeared he exhibited the only clean face on the field. The condition tion of the merits of both teams. That

iron sometime in the near future. Mathews, the former Lewiston High player, played a strong game for Maine and was by far her best ground gainer. The Maine team as a whole was much stronger than it had been any time this year due to the return of 'Bill'' Allen and several other strong players. Every man of the Bates S. A.

T. C. team played a good game individually; but on the offensive our backs could not hang on to the ball. When they did "squeeze" the pigskin they always made their distance. As it was the fumbles lost the game for us.

The game proved that there is excellent but untrained material at College. Arrangements have already been made to allow the Eleven more chance for practice so that a co-operating team and not eleven individual players will face the Naval Reserves next Saturday. The summary:

FOOTBALL SEASON OPENS

The past week saw the opening of our football season. That opening was more auspicious than could have been hoped for under the existing conditions. Without detracting from the worth of the University of Maine's football team, the showing made can reflect nothing but credit on the post. With little more than a week's practice and with these periods cut down to less than a minimum, the low score was gratifying.

The work of the men representing the institution deserves our unswerving support. This support can be manifested in two ways; first, in organized cheering at the games, and secondly, in your aid financially. In normal times no appeal would be necessary. Athletics have always been supported by the student body. Such a rule may be the case this year. It is sincerely hoped that mass-meetings will be held to instil the enthusiasm so necessary to success on the field. Bates songs and cheers would give the students a snapshot, at least, of what we have in normal times. men at the post will attend the games or buy the tickets as in other years.

The first home game is to be held will be given the men to perfect their

commanding officers' attitude but we believe that the revivals held last bell-hop.

THE FUTURE

The dark hours turning the joys of spring into weeks of troubled anxiety Our need is more than moral suasion have been left behind. The disciples of ruthlessness, of "might is right" have been curbed. A Germany, defeated but not routed sues for peace. their eyes for a night. What will be the outcome?

The dawn of that long awaited day may be at hand. The air is filled with rumors of "great events are impending." In this inevitable readjustment what is to be the position of America?

In the preliminary stages at least ours has been the leading role. The master mind of Wilson for the time holds the key to the world's destiny. Will our's be but a transitory part? be justice. Our entrance to the con-Edwin Adams, '19 flict took place only after due meditation. Unmistakably clear were our motives. Not the lust for gold-not the desire for territory, not an effort to secure world dominion. For us it E. Clifford, '21 is a war dedicated to democracy; dedicated to the protection of the weak.

Wonderful, indeed, has been the ef-Ten Cents fort of America. But her strength is far from spent. It is our solemn duty to co-ordinate our activities and secure efficiency. Mistakes have been made All business communications should be addressed to the Business Manager, 11 Parker Hall. All contributed articles of any sort should be addressed to the Editor, and regratuates and others for the discus-sion of matters of interest to Bates. The Editor-in-Chief is always responsible for the editorial column and the general policy of the paper, and the News Editor for the matter which appears in the news columns. The Business manager has com-plete charge of the finances of the paper.

> SIR!-ALL PRESENT OR ACCOUNTED FOR

Some of the inmates at J. B. H. desire to ascertain why a tin-can has preference over a bugle.

Lieutenant Black (trying to pick out the crooks) Describe your fountain pen. First Crook-It was black, Sir.

We've got to hand it to you, Bennie. Those second "lieuts" have got to dress up their platoons or take "a boiling out."

Gambling is forbidden in the army. Pitch all the coins you want, boys, providing you don't go over a dime. We have precedent.

Now, Maynard, I mean Sergeant, really you ought to know better than salute with your left hand after that intensive course at Plattsburg.

Squad Double Quick Time-March. A science of the imagination-Shift the weight mentally to the right foot.

"Red" Owen wants to know how in the name of all that is eternal you can be "at ease" when you are not allowed to talk.

Did you ever notice how the civilians are conforming to chain-gang methods. As to finances, we feel sure that all They lockstep beautifully to mess and put their lights out promptly at eleven o'clock.

You men must not take any violent this Saturday. Undoubtedly, more time exercise after inoculation and then he eeded to give us K P

Yes, and I'll say the bugler has some

The fate of civilization is assured. Their arrogance, conceit, and pride, our anger does excite.

to complete their fright."

This is an upper-classman's prayer. Oh, if those lieutenants would close

The Bible says nothing about Job's having been on K. P.

Either the piano or the victrola in the hut ought to be tuned. They do not harmonize.

Altho Sundays at Camp Bates are gasolineless they are hikeless. "Let the good work go on."

Freshman gossip: "My land; the war is costing \$500 a day and they Not if the basis for world's peace is to have to pay it whether they want to or not."

> Have you noticed the new movements being tried out by the civilians? The lone touchdown of Saturday must have been a strategic retreat. How we did cheer!

> Three cheers for the Y. M. C. A.!!! There is a faint suspicion growing in the minds of several S. A. T. C. men that the number of anti-typhoid germs injected was greatly underestimated. Topic receiving much attention nowadays: Where do we go from here, boys. At least the uniforms are on the way. The commandant didn't specify the date of arrival, however.

Anyway, the place for rubbish is in the waste can, even if it is not quite so convenient.

Shine those shoes!

If the civilians find some of the S. A. T. C. men wildly gesticulating, and to all appearances, going thru some form of gymnastics, do not be alarmed. They are probably practicing semaphore signaling.

There has been a remarkable boom in singing, under the new regime. Not content with the original, the song is improved upon or the opposite, according to envious rivals.

The soldiers in Barracks B are reported to be experts in floor manicuring. Supervised study hours are all the

We've been promised leave next Sunday, hurray!

rage!

That doesn't mean that we have served our term, however.

The commanding officer cannot be given too much credit for the way in which he handled the influenza situa-

tion in the College. The Y. M. C. A. Canteen continues

to be well patronized. Splendid record made in the Liberty Loan drive, thanks to the hearty co-

operation accorded by students and faculty, civil and military. Army life seems to agree with the

majority of the students at Bates this year. It wasn't so bad as the highly col-

ored narratives of the sergeants would Mr. Walton. have the inoculation be.

Who invented the painful howl, or Mr. French, C. G., Mr. Getchell, Mr. song, as some dare call it: Sweet Army Lynch, Mr. May, Mr. Pedbereznac, Mr. Beans!!?? Stevens, Mr. Stetson, Mr. Tracy.

* On Leave of Absence.

Thorough courses (largely elective) leading to the degrees of A.B. and B.S. Careful Taining in English Composition, Oratory and Debate. Thorough courses in Engineering and in subjects leading to these. Elective courses in Mathematics extending through the last three years. Excellent laboratory and library facilities. Up-to-date methods in teach-ing Greek, Latin, French, German, Spanish, History, Economics, Sociology and Philosophy. First-class Athletic field. New outdoor running track. Literary societies. Moral and Christian influences a primary aim. Active Christian Associations. A graduate Y. M. C. A. secretary. A. secretary.

Necessary annual expenses for tuition, rooms, board, and all other College charges from two hundred and twenty-five to two hundred and fifty dollars a year. Steam heat and sectric lights in the dormitories. One hundred and eleven scholarshps,—one hundred and six of these paying fifty dollars a year, the other five paying more.

For special proficiency in any department, a student may receive an honorary appointent in that work. Such appointments for the present year are as follows: ology, C. Earl Packard, '19; Chemistry, Edwin W. Adams, '19, Aubrey E. Snowe, ¹⁵⁰ Jord L. Swasey, '19, William J. Connor, '20, Clarence E. Walton, '20; Eng-lish, Dorothy C. Haskell, '19, Marion F. Lewis, '19, Lillian C. Woodbury, '19, Marjorie E. Thomas, '20; Geology, Blanche M. Smith, '19, Vida E. Stevens, '19; Latin, Cecelila Christensen, '19; Mathematics, Mary H. Hodgdon, '19, Gladys W. Skelton, '19, Tadashi Fujimoto, '19, Sara W. Reed, '20, Clarence E. Walton, '20; Oratory, Mary L. Newcomer, '19, Helen C. Tracy, '19.

19 MEN TO BE SENT TO O. T. S.

QUOTA TO LEAVE MONTHLY

Lieutenant Black gathered the men about him on the drill field one day last week and gave a talk which may either be interpreted as an announcement or a warning to get busy. The commanding officer has sent in the names of nineteen men as candidates for officers training schools. The men selected will probably leave about November tenth. Some will go to Camp Petersburg, Virginia; others to Camp Lee; and others to Camp Freemont, California. Students will be sent to A few tried to start us from "rest." train for officers in the various departments.

The commanding officer also emphasized the fact that navy men also would be taken care of. The best evidence of this intention was shown this week when a course in Navigation under Doctor Tubbs was instituted. Ranks have been sent in for the first month's work which means that scholastic duties will enter into selections for training camps.

An announcement in last Saturday's Lewiston Journal clarifies the situation considerable.

"The War Department has decided to open a training camp for infantry officers at Camp Freemont, California, for the purpose of turning out second lieutenants of infantry. This camp will have accommodations for 20,000 last been installed in the College. The students, the department of the northeast which takes in New England is asked to furnish 1220. Of this number 140 are to Maine's quota, and to Bates has been assigned the job of furnishing 40, or about a third of the State's total."

"Requirements for entrance to this training camp are: Candidate must be ments. between the ages of 18 and 46 years and a draft registrant. He must not be a class one man who registered previous to Sept. 12. The physical requirements are the same as those for general military service."

"Any man who comes up to those requirements and wishes to take adfor a commission should immediately communicate or call upon Lieutenant Black who will be pleased to furnish information on the subject."

PORTLAND NAVAL RESERVES ATTRACTION SATURDAY

Visitors To Have Fast Team

Our football team and the Portland Naval Reserves will battle on Garcelon Field to-morrow. The two teams are evenly matched and our men expect a hard game. The Reserves have shown by the games which they have played that their team is growing stronger surprisingly fast. They lost their first game which was played with Bowdoin. Their second game, which was played with the University of Maine, was a tie. Last Saturday they beat Bowdoin 12 to 0.

There is no wonder that they have an excellent team, since most of their men have considerable experience in bucking the line and handling the ball. Carl Lundeholm, a Batesman of the class of 1920, plays left end. "Lumpe" has been showing up well and will astonish some of us by his ability in "The life of a common sailor is much Allies.

LAST SATURDAY

The absence of three lieutenants necessitated a change in plans last Saturday. As a result the future officers of the United States Army spent an hour in Hathorn Hall telling the commanding officer how a company should be used on the drill field. Many of the recruits proferred unique ways of executing commands, while others successfully extricated their charges from the most difficult situations.

"On right into line-double time" started a red-hot argument. Fully half of the men had an opportunity to express their particular ideas of the proper method of executing this command. Others wanted us to do a "squads right." "Right Oblique" and "Continue To March" were given with certain degrees of correctness. Finally, Lieutenant Black decided who had come nearest to executing the movement correctly and awarded the watch.

It was an hour well spent serving a of the inoculated and the feet of the weary.

Held From 7 to 9 P.M.

A novel and somewhat unsettling change has entered the lives of the all. Bates Students. A government requirement which was delayed in operation because of circumstances has at Library is used as one of the places for study, Carnegie Science Hall for another. From seven to nine every evening, the students march to their study quarters. There, under the supervision of the lieutenants and noncommissioned officers, the men are required to learn the next days assign-

To some, the arrangement is bene- him under arrest. ficial from many viewpoints, to others is open for those who are taking adnecessary as the above mentioned plan to place other laboratory courses under the same supervision.

Again, those who must keep typewritten notes have no suitable place in which to do this work. To such as these, the course is a positive handicap. However, it is hoped that the authorities in accordance with their often expressed intention of making as little inconvenience as possible for all concerned, will provide a suitable place in which such work can be carried on.

There is to be sure, some grumbling but on the whole the men are co-operating to the best of their ability. Most all of the inconveniences will soon be settled and the plan will undoubtable work to the best interests of all concerned.

LETTERS FROM BUYS IN THE SERVICE

Among the many letters received on

DRILL HOUR PROFITABLY SPENT all received orders to transfer our belongings to a Barracks. It seems as though the present epidemic put an end to the shipment of draftees to this camp giving us no one to work with. The authorities then thought of the present plan of giving the young officers a little more special training, particularly in paper work."

PAGE THREE

"Eddy has been telling me how much Lewiston has suffered because of the present epidemic. Camp Grant has suffered her bit in this epidemic but the crisis has passed. I was detailed for several nights in charge of a hospital ward so I could realize the ravages of the disease."

COLLEGE NOTES

SOME HELP FOR ROOKIES

We learn that we may be honored with the visits of French army officers at some time during this year. double purpose; of relieving the pains Those who really know nothing about French insignia of rank may be puzzled as to how to treat our visitorsas corporals of field marshals. The SUPERVISED STUDY BEGINS HERE Detroit News, however, "simplifies the mystery" of the insignia for us, and after a careful reading of what follows, one should really have no trouble, at

> "First look at his right shoulder. There you will find nothing. Having realized your mistake, look at the lower part of the upper right arm, where you will find two or more chevrons. These do not relate to the war, so pass down the arm, looking closely for chevrons. If you do not find any he is a general, for generals wear their insignia on their hats. If he has no insignia on his hat, he is a private unless he has wings, in which case he is an aviator. If he has no hat place

"Passing to the left arm, add up the the new plan operates with doubtful total number of chevrons you find, efficiency. The Chemistry Laboratory omitting the first, which goes with the uniform; then substract from it vanced work in that subject. None of the number of chevrons on the lower the other laboratories, though quite as right arm and multiply the remainder by the number of stripes around his vantage of this opportunity to train study, are opened. It might be a good hat. If the result is less than 36 he is a Portuguese third lieutenant. If it isn't something is wrong, so count them over again, this time counting two for every straight chevron instead of one. The result will be, let us say, 43. Add to this the number of chevrons on the upper part of both arms, which will bring the total to between 50 and 55, or the rank of a captain. Then question him frankly and you will learn he is a major. Conceal your feelings.

"The top of the hat has also an important meaning. If its color is red, he belongs to the infantry; if its blue with gold braid, he belongs to the cavalry; without gold braid, he may belong to most anything, unless he wears no hat, in which case he may be a Serbian colonel without a hat." Thanks!

-Hillsdale
