YOUNG WOMAN'S CHRISTIAN ASSOCIATION

At the regular Y. W. C. A. meeting Wednesday night, the different mission study classes united to give a missionary pageant. The Junior Class, who have been studying "The Challenge of the City," showed that disassociated charity does not bring effective results. One of the Freshmen classes told that much missionary work had been done for foreign countries, but that little had been done for the Indian. The customs of the Mexicans were presented by the other Freshman class. "South American Problems" was the subject of the part which the Sophomores had in the pageant. "The Spirit of Y. W. C. A." formed a very appropriate ending for the program of the evening. This was given by the Seniors. Miss Mildred Junkins, '18, was the leader of the meeting and a piano solo was given by Miss Eleanor Richmond, '17.

EDITORIAL

The courses in Education which are to be added to our curriculum next year will be a splendid addition. The field of educational work is becoming larger each year, and there is a demand that teachers be prepared for their work by special courses. This demand has become so great that it was necessary for Bates to add more courses before the graduates would be granted first class certificates for teaching from the State Superintendent.

Next year for the first semester there will be two courses available. "History and Philosophy of Education" is elective for Juniors and Seniors. "Principles and Problems of Secondary Education" is elective for the Seniors. Year after next and continuing, the first course will be open to Juniors only, and so it is advised that all Juniors ex-

pecting to become teachers should elect this course this year.

For the second Semester next year there will be three possible courses. "Principles and Problems of Modern Education" is an introductory course and is elective for Juniors. "Educational Psychology" and "Methods of Teaching and Classroom Management" will be elective for Seniors.

We are glad to welcome to our faculty Prof. J. L. Manahan who is to have charge of the courses in education. Prof. Manahan was professor of education in the summer school of the University of Ohio, and for three years has been connected with the education department of Harvard.

The addition of the new Professorship in Education meets a very urgent need of the college. Bates graduates have felt this need and in correspondence with President Chase have urged that some measures be adopted to meet the increasing demand. The courses offered are of great cultural value and should be seriously considered by those not anticipating educational work. They present the evolutionary development of thought and work in the educational world, and thus are vitally related to nearly every phase of life.

Perhaps the most interesting event of the baseball season will be witnessed today when Bates faces the Chinese team of the University of Hawaii. The success of this team has been phenomenal. They have played with nearly every University in the United States and have been beaten only four times. The men are known in the places where they have been as a "gentlemanly bunch."

Extracts from some of our American newspapers concerning these men are most interesting.

"They are a typical crowd—not of China or other Oriental lands, but typical of any American College town from the Atlantic to the Pacific, and in this case beyond."

"It might have been a crowd of students from any college that was running the gamut of songs from the semi-classical to the latest popular rag."

"Do they speak English? Better than the average American."

The Chinese University of Hawaii is a co-educational school with six hundred students. Admission is restricted to Chinese or part Chinese students. Athletics hold a

high place in the student life of Honolulu, the competition being among the four principle schools—Oahu College, St. Louis College, a Catholic Institution, Kamehameha High School, an Hawaiian School, and the Chinese University. Football, track and swimming are of chief importance. The Y. M. C. A. of the city facilitates indoor games.

We are glad to have these men with us and to engage with them in competition. The world is hourly becoming more cosmopolitan, and after all the fundamental differences in men are small.

EXTRACT FROM ONE OF THE
UNIVERSITY SONGS

Be strong and ala'n,
O, sons of Hawaii,
And nobly stand together, hand in hand;
All dangers defy,
O, sons of Hawaii,
And nobly serve your own, your native land.

CHORUS

Ring, ring, Hawaii, ring—
Swell the chorus of our song.
Ray, ray, ray, rah,
Oh, dear sweet Hawaii,
Let hills and valleys loud our song prolong.

The Standard Commercial School Exhibit has established a unique system of registering and filing the names of graduates and undergraduates of any college who may be visiting the Panama-Pacific Exposition. Those who register are listed in the public filing cabinets and one can see at a glance whether any of his college mates are in town visiting the Exposition. The Standard Commercial School Exhibit is located at the Main East Entrance at the Court of Palms. All Bates people attending the Exposition are invited to register. There is no fee attached.

LOCALS

Spofford Club held its regular meeting last Thursday evening in Libbey Forum. The program consisted of a business meeting and the reading and discussion of a story by Miss Hazel Mitchell, '16.

Saturday night, the dormitory girls enjoyed a picnic dinner up by the riverside.

Monday morning, twenty-two students accompanied "Uncle Johnny" to Crowley's Junction on another of his splendid bird walks.

Together with a camp fire, roast frankfurters, potatoes, marshmallows and hot coffee, the girls of 1916 well enjoyed their supper on the river bank last Friday night. This supper was given as a prize by the Athletic Association for prompt payment of dues—hence doubly appreciated. After the supper, the girls gave answers to the question: "Why I joined the Athletic Association." Failure to reply according to regulation necessitated the payment of forfeits, many of which were laughable in the extreme.

Miss Ruth Parker, '16, was visited by her parents and brother and sisters last Monday afternoon.

Last Sunday and Monday Miss Gertrude Merrill's sister visited her at the college.

Mr. Jos. P. Clough of Nashua, N. H., and his small daughter Marjorie, have been visiting Bates a part of the week. He is the brother of Miss Florence Clough, '18.

Miss Grace Berry, '17, has been entertaining her sister here from Barnstead.

Miss Harlene Kane, '16, entertained her sister, Miss Christine Kane of Simmonds, over Memorial Day.

Dean Buswell's mother is now visiting at Rand Hall.

President Chase and daughters entertained the Junior Class very delightfully at his home on Frye Street the evening of May 26th. The members of the class were divided into groups to compete for prizes. The "rough and readys," led by Mr. Buker, won the competition and were presented with a beautiful yellow tulip by President Chase as an emblem of their efficiency in providing impromptu entertainment. Much amusement was occasioned during the evening by the speeches of Dr. Hartshorn and Dr. Leonard, who acted as judges and awarded the prizes. Other members of the faculty present were Mrs. Gould, Mrs. Hartshorne, Prof. and Mrs. Chase.

The class agree that the best times that they have ever had while in college have been the times when President Chase has opened up his house for their entertainment.

Friday afternoon a meeting was held in Libbey Forum for the purpose of organizing a Press Club. The students are convinced that Bates does not receive proper press notice, and have voluntarily formed this organization. Each member will report for one or more papers. W. Webster McCann, '16, was elected president.

The Roger Williams Hall Association have elected the following officers: Pres., M. W. O'Connell, '16; Vice-Pres., C. C. Chayer, '17; Sec., M. T. Townsend, '18; Treas., R. R. N. Gould; Executive Committee, A. B. Harvey, '16, T. E. Bacon, '17, J. D. Coleman, '18.

A quartet composed of Hinton, '17, 1st tenor; Benvie, '16, 2d tenor; Upham, '17, 1st bass; and Meader, '15, 2d bass; sang at the Memorial Services at Greene, Monday. This same quartet will furnish the music, at the graduating exercises of Litchfield Academy, Thursday Evening, June 3.

There will be a meeting of the Deutscher Verein on June 7th for the election of officers and new members for the coming year.

Instructor W. N. Watson, of the Chemistry department, recently sailed the sloop Doris from Boston to Harpswell, Maine, making the run from Cape Ann to Cape Elizabeth in 12 $\frac{3}{4}$ hours. The average for the entire run was about five knots per hour. A feature of the trip was a large school of dolphins. They were about five feet long and were leaping out of the water surely six feet. Mr. Watson has had many interesting experiences cruising along the New England coast.

BATES NIGHT

The annual "Bates Night" was observed Friday, May 28th. It was one of the most successful rallies ever held in Hathorn hall. President Earnest Moore, of the Student Council, introduced Dr. Hartshorne as the toastmaster of the evening and from that moment there was joy unlimited. On the platform with the President and Dr. Hartshorne sat President Chase, Dr. Powell, '00, of Saco, Hon. O. B. Clason, '77, of Gardiner, Harry Rowe, '12, secretary of Y. M. C. A., and Coach Ryan of the Bates Track Team. Each one of the speakers was very enthusiastic for the present and future of Bates. Even the band surpassed their usual standard of excellence,

and add to that the punch and "dainties" and you have all that is necessary for a successful Bates Night. Two announcements of importance were made: President Chase stated that a chair of education had been endowed and the Professor will begin work with the opening of college in September. Second, the admittance of Bates to the National Debating Fraternity of Delta Sigma Rho was formally announced.

JUNIOR EXHIBITION SPEAKERS

The speakers for the Junior Exhibition have been chosen as follows:

Messrs. Buker, Harriman, McCann, Oakman, O'Connell, Swett, and the Misses Bryant, Kane, Kelley, King, Mitchell and Stevens.

Junior Exhibition will be held June 9 in the new Chapel. There will be two prizes, one of seventy-five dollars, the other of twenty dollars.

ATHLETICS

BATES 18, BOWDOIN 9

The annual Memorial-day game between Bates and Bowdoin was featured by a great number of hits and scores made by both teams. Bates found all three of Bowdoin's pitchers alike and pounded out nineteen hits for a total of twenty-nine bases. With nine

hits off Moore, Bowdoin scored her nine runs in the first three and one-half innings.

Davidson replaced Moore in the fourth and proved very effective, shutting out Bowdoin completely for the rest of the game and getting three hits for a total of seven bases out of three times at bat.

Nearly all the runs, especially in the first part of the game, were made with two men down. Bowdoin scored three in the first inning and so did Bates. In the next two innings Bowdoin got four runs and Bates tied it up. In the fourth the visitors got two more and Bates kept up the good work by tying them again. For the rest of the game Bowdoin did not score again, while Bates tallied nine more runs, scoring in every inning except the last, when, with three men on bases, McElwee brought things to a close by pulling down a hot liner.

Every man on the Bates team succeeded in getting one or more hits. Talbot got a single and two doubles. Fuller connected for a triple and two singles, and Marston got two hits out of two times at bat, Stanley was hit three times in the first inning, Fraser nine times in the next four innings, and Pendleton seven times in the last four innings.

The game was replete with casualties. In the second inning Duncan was hit on the chin by a grounder and was obliged to leave the field to have the wound sewed up. In the same inning MacDonald was hurt by collision with Donnell. In the fifth inning McElwee was knocked out by collision with Fraser, and Talbot hurt his ankle sliding second so that he was unable to crawl back to the bag which he had overslid. In the sixth inning Umpire McInnis was struck on the knee by a liner.

Bates has one more game to play with each of the other colleges. There is still a chance to tie Colby if we win these last three and Colby is defeated twice out of her four remaining games.

COLBY 5, BATES 1

In a game that was marked by brilliant plays and sensational hits Colby advanced another round in her climb for the baseball championship by defeating Bates, 5 to 1, last Saturday afternoon on Alumni Field at Waterville. Bad errors and failure to connect with James' underhanded shoots on Bates' part; timely hits and air-tight fielding on Colby's part, tell the story.

In the second inning with one man out Allen was given a base on balls. On an attempt to catch him stealing second the ball went to center field and Allen took third.

Lord missed a wide curve and the first run was scored. James went out on a bunt in front of home plate. Smith reached first safely on Duncan's error. Duffy then came to the bat and drove a short fly over the infield into right field, what should have been only a single proved to be a home run, as Thurston let the ball roll between his legs and did not recover it until Smith and Duffy had crossed the plate. Colby also scored in the seventh and eighth innings.

Bates lone score came in the lucky seventh when Moore drove the ball over left field fence into the river. The fielder did not attempt to recover the ball and Monte took his time rounding the bases. Simpson's one-hand catch, Talbot's drive in the sixth inning robbed Bates of two scores.

LANE, '18, A WINNER

Lane, '18, was the first college man to finish in the Lewiston Journal ten mile road race last Monday, May 31. Horne of Boston won the race easily in 59 minutes and 40 seconds. The real fight was between Wenz of Colby, Cutler of Bowdoin and Lane of Bates. Cutler, who was running fifth, was forced to drop out on account of cramps, after covering seven miles. Wenz was in second place for over eight miles, but Lane had more fight and passed him on the "home stretch", finishing nearly a minute ahead. Lane's time was 1 hour and 37 seconds. DeWolfe, '18, came in sixth and won first prize for the novices.
