**Choral Society Presents Cantata As Christmas Concert Feature**

**Carnival Committees Work On Unique Days Events**

**Choral Society Presents Cantata As Christmas Concert Feature**

**Phillips Discusses Plans For New Bates Buildings**

**By LOU BROWN**

On Monday morning the presi-dent of Bates College, Dr. Charles P. Phillips made one of his infrequent appearances before the chapel assembly. Pres. Phillips opened his remarks with a discussion of the present activ-ities of the Class of 1958.

**Compliments Placement Office**

Dr. Phillips complimented the placement office on a job well done last year, when they brought 62 different organiza-tions to the Bates campus to in-terview prospective job appli-cants.

**Semi-Formal Dance**

The Choral Society will present, "Wintertime Whirl" which opened tomorrow night in the Little Theater.

**With Wintry Theme**

"Wintertime Whirl" has been se-lected as the theme of the Sophomore Dance to be held from 8:30 to 11:45 p.m. on December 6, in Chase Hall.

**Under the co-chairmanship of Joan Michelson and Charles Wagg, the committee has been busily making plans for the semi-formal event. The Bylum Lads, a new group on campus, have agreed to play. This is the group that provided the music for the Off Campus Dance two weeks ago.

**Decoration**

Decorations, under the direc-tion of Diane Lynch, will reflect the wintry theme. William Wheeler, chairman of refresh-ments, has announced that a sherbert punch and cookies will be served.

Everyone is urged to take ad- vantage of the only campus weekend dance between Thank-giving and Christmas.

**Thefield of business. The large number of those in graduate school speaks well for the college and its curriculum, he added.**

**Curtain Rises On Victorian Satire Tomorrow Night**

**By MIKE POWERS**

The curtain will rise at 8 p.m. tomorrow in the Little Theater for the Robinson Players production of Oscar Wilde's "Importance of Being Earnest." This farce-comedy will also be presented on Friday and Saturday nights.

The entire play is "nonsequential" - yet that delightful nonsense that the audience has come to expect. In this spoof of the Vic-torian era Wilde uses puns, ver-ses and general ban-ter, thus creating varied-types of humor. "Importance" is high comedy at its best, for nearly every line sparkles with uncom-promising wit.

**Carnival Committees Work On Unique Days Events**

By JAN BAKER

Plans for Winter Carnival, which will take place from January 29 - February 1, 1959, are now being arranged by the Outing Club.

**What is Carnival Weekend?**

For prospective freshmen the College catalogue describes it as "the highlight of the winter season . . . with a round of hockey games, winter sports competition, and snow sculpture contests between dormitories, climaxd by the Carnival Ball."

To the looking professor it is that time between semesters when Bates students completely "let loose" and abandon all conventional ideas.

**Carnival 59**

And what of Winter Carnival 1959? Rumors have it that the carnival promises to surpass all previous weekends in originality and diver-sity of events. The main ideas were born last June. Plans are now being developed within the four walls of the Outing Club room. The theme and major events will be released to the students in December.

The spirit of Carnival is already invading the campus. It is dominating OC meetings on Wednes-day nights and is creeping into the girls' dorms in their meetings concerning dorm con-summation. You too will be caught up in the spirit and the activi-ties sooner than you think.

**Adjusted Schedule**

Adjusted schedules will be in effect Wednesday, November 26 and Monday, December 1, as follows: Attending Chapel on both days:

<table>
<thead>
<tr>
<th>Period</th>
<th>Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>7:40 a.m.</td>
</tr>
<tr>

**Choral Society Presents Cantata As Christmas Concert Feature**

The Choral Society will present a Christmas Concert at 3:00 p.m. and again at 7:30 p.m. on Sunday, December 7, in the Chapel.

**Sings Modern Work**

Featured on the program will be "Christmas Cantata" by Daniel Pinkham. This modern work, published in 1959, is a glorious hymn of praise celebrating the birth of Christ. Written in three movements it is accompanied by a double brass choir. Through a series of discordant tones, Pinkham achieves a harmonious unity of melody and emotion.

The motet O Magnum Myste-rium by Victoria, with its 16th century Latin and a capella presentation will contrast strongly with the Pinkham work.

Cummins Releases Notice Of Trainee Opportunities

The business recession of last year, the statement says, has increased the number of senior employment introducers coming to the campus.

Debaters Participate In Tournament Held For Maine Colleges

Bates contributed to the best record among the four Maine colleges in the state debate competition which ended yesterday. The Garnet team finished with a record of eight wins and one loss.

Those debating for Bates were King Cheek, Mary-Ellen Crook, Everett Ladd, John Lawren, William Martin, Neil Newman, Marjorie Sanborn, and Mary Stafford.

The second-ranking team was Bowdoin College with three wins and three losses. Colby College was third, adding two wins and eight losses. And the University of Maine had the worst record, two wins and six losses.

The odd distribution of the debate is due to the varying number of students participating from each college. The Bates team was accompanied by Professors Louis Schneider and Brooks Quincy.

On Friday the same group will go to the University of Vermont to compete with the other major eastern college teams over the weekend. The Bates contingent will be composed of Prof. Quincy and J. Weston Whal.

Roll-Call (Continued from page one)

Lane (Robert Cornel) and Meriman (William Christian).

Stylish as the parts and action may be, the play remains a source of constant enjoyment. The music is by no means charming in the nature of the characters, even though they are artificially.

Tickets for this delightful farce-comedy will be on sale for the benefit of the Choral Society in the debate room in Pettigrew from 4 p.m. to 6 p.m. and by ticket representatives in the student dormitory.

The Student Council last Saturday at Colby College was a tremendous success.

Fourteen girls, under the leadership of Miss Roberts Cain, left by bus at 8:30 a.m. from in front of Rand. Following the registration at 10:30 there was some free skating. After the skaters had warmed up, an instructor from Boston taught them some of the fundamentals.

Since the skaters had varied abilities, the instructor demoted the skate for each level. Individual instruction was then given to the group who had particular problem.

View Exhibition

After lunch and a tour of the campus, skating resumed. A girl and a boy whom the instructor brought from Boston did some exhibition skating including different types of jumps and landings. Two waltzes from Colby performed and then the rink was again open for free skating.

Sadies Drag 'Li'l Abner's' To Annual Dogpatch Hop

One of the most successful events of the year, the Sadie Hawkins Dance, took place last Saturday evening in the Alumni gymnasium.

With the ringing of Hathorn bell Thursday night, Sadie Hawkins throughout the campus seized their "Li'l Abner." The followers were given numbers and their attempts to discover their "Sadies" before Saturday evening were for the most part in vain.

Dr. Mark T. Crowley acted as "Marryin' Slim," uniting all couples in holy wedlock. The caller, Howard Davison of Damariscotta, was able to work up a sweat over all of Dogpatch through the lively square dances.

Mayor Conducts Contests

With Gentlemen Jeff, Mayor of Dogpatch, serving as master of ceremonies, contests were held for the most original boy and girl costumes.

Vera Jensen and Prudence Ingman, both wearing Dogpatch sacks, won prizes for their costumes. Kenneth Russell wearing a Continental outfit and David Walsh with a blue bathrobe and tophat copped top prizes for their costumes. Hacker House won first place for their representation of "Pappy Yokum."

Students Offer Entertainment

Bruce Manning and Robert Cornell presented a skit concerning Pop and Son Alcorn going to town. Barbara Farnham, Susan Elliott, Marcia Hough, and Patricia Chase offered their rendition of "Big Daddy," and "Tom Dooley." Refreshments were served by the Chase Hall Dance Committee.

WRJR Log

Since interests vary so greatly, many students are satisfied with present programming on WRJR, while others aren't. In order for the station to provide programs for your listening enjoyment, all students are urged to fill out and return the "listener forms" to be distributed in the near future.

"Progressive Jazz Take One," with Harry Bailey and Pete Oskken, is supplying more of that "best" sound that attracted so many students to the Pfeifer concert.

Saturday evening, for dormant listeners, WRJR is programmed on the "Bob and Ray" style. Students are invited to take their "break" at WRJR, joining in the playful banter.

"Your Broadway Showcase," will be presenting "The Music Man," Sunday night. Lois Chapman, your hostess, will comment briefly on the nature of the show.

With Harry Bailey plucking the bass, Carol Lux at the piano, and Don Pulford on the drums, "Roggie Sings" every Monday evening at 7:30.

Keep your dial tuned to WRJR!

(Continued from page one) "cost" in the fund drive for the Centennial. Building Program The college has raised over $100,000 so far. "My hope is that we are far enough along so that we can begin the new Little Theatre next spring," he added.

In his closing remarks Doctor Phillips expressed his thanks to the senior class for their work on the Back-To-Bates weekend.

Roche Suggests Students Examine U. S. Traditions

By JEAN TOOMI

"As students of the political process, you have a right to examine phrases like "American tradition of liberty,"" John Roche, dean of faculty and professor of political science at Bates, University, stated last Thursday afternoon at Cit Lab.

Roche described how many present-day concepts are based upon "traditions from the past." Those unwritten laws are often manufactured by individuals or groups who are simply trying to mold the past into symmetrical ideas for convenience sake.

Achieve Right To Persecute

It is often noted that "Americans care a great deal about the American tradition of liberty." Tolerance is assumed to be an old American custom practiced from the time of the Pilgrims to the present. This is a "misreading of the past," declared Roche.

There is no evidence that liberty and tolerance were American ideals in the colonial period, and therefore it is hardly correct to speak of the "tradition" of...

Groups who arrived after the Pilgrims "came to America not to escape persecution, but to achieve the right to persecute," asserted Roche. Since church and state were woven together so inseparably, anyone who did not conform to a given religion was branded a heretic.

As there were so many sects in America, almost everyone could find a belief which was branded enough so that few people had to be punished. When people found it easier to stick to their religion and keep out of trouble, Roche noted, "Believe In Freedom. But ..."

Americans found no need to be tolerant, because for the most part entire settlements were made up of people of one religion and communication and cooperation among them was poor. How could Americans have set up a standard of tolerance, when they were not founding communities which they could be tolerant. Questions like Roche's most contentious viewpoint was "it doesn't believe in freedom, but ...," and they had little contact with the exceptions.

How did the concept of freedom become what it is today? The speaker claimed that "there was never enough agreement on what opinion should be enforced upon the telephone had been macerated during the confusion caused by the commotion, (look for the remains in your afternoon, for the structure to escape persecution, but to achieve the right to persecute," declared Roche.

The speaker claimed that "there was never enough agreement on what opinion should be enforced upon the telephone had been macerated during the confusion caused by the commotion, (look for the remains in your office). At this point, an endeavor was made to rubbish the lights. Had this attem...

"Mass Chapel Cut Monday Morning!" These were the words hastily painted on the many signs spread around campus. On the surface this organized plan may seem harmless enough; however, there is a great deal more involved than verbally "picketing" the Chapel administration. This action represents the most direct vote from the student body against the Administration.

We can well understand why many undergraduates appreciate the Chapel and wish to keep it. But the Administration has decided to cut it. After receiving his doctorate from Harvard in 1948, Donovan taught for one year at the College of the City of New York. He organized the popular Citizenship Laboratories, which mentioned in last week's editorial. This group is investigating at present the extent that they are not permitted to formulate college rules in a more constructive manner. Frequently the complaint is that the students are not kept informed about the activities on campus. But it isn't all turkey — it's also a lot of other things.

R. B. KELLEY

Letters To The Editor

To the Editor:

Regarding the CA benefit dance reported in the STUDENT on Saturday night. I would like to express this sentiment here.

One could legitimately reply that this Chapel cut was inevitable, that it would happen sooner or later. But it isn't all turkey — it's also a lot of other things. I am a Scot (hometown-Edinburgh, Scotland) and have lived here since the war. To the Editor:

Instrumental in helping to revive the practically non-existent New England preachers in the early 1950s was Dr. Bruce Christensen of the University of Connecticut. He was a key figure in the early days of the chapel movement, having initiated many reforms that are still in place today.

By JANET RUSSELL

Thanksgiving Shows How Some People 'Get The Bird'

Before I get to the main point of this letter, I want to say that I am not against the Chapel. I believe that it is a positive influence on the campus and that it provides a much-needed activity for many students.

There are many other activities on campus that are more important than the Chapel, however. For example, the Stu-C and Stu-G provide a means for the student body to express their views to the Administration in a more constructive manner. Frequently the complaint is that the students are not kept informed about the activities on campus.

Time For A Change

We wish to extend our heartfelt congratulations to Dr. John C. Donovan on his recent appointment as Edmund S. Muskie's administrative assistant in Washington, D. C. The chairman of the Social Science division at Bates will assume this high post on the new U. S. Senator's staff at the end of first semester.

Donovan has played a major role in Maine politics during recent years. In the political activity this summer (Maine held elections in September) he served as Muskie's campaign manager in what proved to be a smashing victory for the Democratic in a traditionally Republican state. Instrumental in helping to revive the practically non-existent New England preachers in the early 1950s was Dr. Bruce Christensen of the University of Connecticut. He was a key figure in the early days of the chapel movement, having initiated many reforms that are still in place today.

A graduate of Bates College in the class of 1942, he spent four years with the Navy in the Pacific during World War II. After his discharge from the service in 1948, Donovan returned to his alma mater a year later as an instructor in Government. He organized the popular Citizenship Labora-

By JULY ATWOOD

Midsummer. Already? Ah, yes. Perennial student thoughts and dreams may indeed be a college tradition. As long as campus the typical feeling seems to be that the "higher education" is not to study students even if they present certain proposals in a more positive manner. But just that this is in a more constructive manner. Frequently the complaint is that the students are not kept informed about the activities on campus.

Linda Tanne
By BRENDA WHITTAKER.
Most of us like to have others do certain things for us. I would like to do something for you. I would tell you about a car, a man, a tree, and a mistake.

One afternoon, eight days before Christmas, the car in which my father and I were riding left the road on a slight curve, colliding with a tree. The mistake was mine. If you drive a car you hear the siren, and you know that that is possible. I would wish that you would tell you about a car, a man, a tree, and a mistake.

From time to time, we see a report of an automobile mishap, fatal or otherwise, and we naturally comment that it is "terrible," or "it's a shame," or "people should be more careful," and then we forget about it. But if it is your car, and your name, and the name of someone you love or worry for is written down, you will never forget it.

Here, in part, is how our report of an automobile mishap, this will recall a tree. The mistake was mine. If you ever had an auto accident, this will recall something to you that isn't pleasant to remember or easy to forget.

Thoughts Wander

Saturday, November 12, 1958

Mr. Pat Green
Bates College
Lewiston, Maine

My father and I were there. The eyes of someone you hurt or injure, then we forget about it. But if it is your car, your life, your children, your family, your relatives, you will never forget it.

Harry of St. Trinian's (something Bates will never be) has seen this all before, the constant human foibles, the constant mistakes, the constant fear of the unknown. If you are in an accident, you will realize that it can happen to you. It can happen in the sound of the crunch, the pressure of the steering wheel against your chest, the moans of someone in pain, the sudden stillness, all very real and unforgettable. Accidents can strike anyone; they are unavoidable only a fraction of the time. The important thing is to avoid the accidents that do not need to happen. They are just as dangerous as any, will haunt you as long as not longer, and happen to others.

One's Own Accident Is

"Thoughts Wander"

Lest you think "you have a mind of your own," I will tell you a story. Your mind is your own. You are responsible for the sound of the crunch, the pressure of the steering wheel against your chest, the moans of someone in pain, the sudden stillness, all very real and unforgettable. Accidents can strike anyone; they are unavoidable only a fraction of the time. The important thing is to avoid the accidents that do not need to happen. They are just as dangerous as any, will haunt you as long as not longer, and happen to others.

"Thoughts Wander"

Lest you think "you have a mind of your own," I will tell you a story. Your mind is your own. You are responsible for the sound of the crunch, the pressure of the steering wheel against your chest, the moans of someone in pain, the sudden stillness, all very real and unforgettable. Accidents can strike anyone; they are unavoidable only a fraction of the time. The important thing is to avoid the accidents that do not need to happen. They are just as dangerous as any, will haunt you as long as not longer, and happen to others.

One's Own Accident Is

Hoopsters Prepare For Opener; Five Lettermen Bolster Squad

By CHARLIE MESHAKO

For the past three weeks, the Bates varsity basketballers have been running, running, running for Coach Bob Peck in preparation for their season's tap off against the defending champion Colby unit on December 3 at the Bates gym.

O'Grady Leads Squad

This year's campaign is captained by Jack "O'Grady, a six foot senior guard from Framingham, Mass. O'Grady leads a nucleus of five lettermen on whom the Bobcats' chances of winning are hinged. As a result of the annual turn around monogram earners are Jim Sutherland, Joe Murphy.

Intromural Point Lead Captured By Smith North

Smith North has jumped out to an early lead in the intramural trophy by virtue of both their squads capturing the intramural league crowns in touch football.

The battle for Interleague laurels, the "B" squad surprised an onlooker by running up a total of 8-3 to take the title by a 12-6 score. North's closest rival in the point standings is College Dorm who is 2-5.

By Smith North

"A" League W L Pet. Points
Smith South 6 0 1.000 50
West Parker 5 1 .833 33 10
Smith Middle 2 3 .667 3 2
Smith North 2 3 .667 3 2

"B" League W L Pet. Points
Smith South 6 0 1.000 50
West Parker 5 1 .833 33 10
Smith Middle 2 3 .667 3 2
Smith North 2 3 .667 3 2

Interleague Champions

Smith Middle 3
Smith South 10

Jerry Fend, and Phil Candelmo.

Sophomore Sutherland is counted on to utilize his 6'5" height to haul in the rebounds and should mesh his share of markers. Art Pfeffer, a 6'6" junior, and John Hooper, a 6'5" senior, are a couple of big boys who will be helping the Bobcats under the boards.

Scoring Threat Needed

The need of a scoring punch to replace Will Calendar and Bob Burke will be resting on the performances of Feldman, Candelmo, and Murphy. All three are juniors who stand over six feet and have the poise and experience to score in the double figure bracket. These three letter winners will see plenty of action at either guard or forward throughout the year.

Fighting the lettermen for a starting berth are seniors Dave O'Grady, John DeMartine and Jon Whitten (absent due to academic difficulties).

What's the outcome going to be this time, gents? Twenty-five Bates men went through the ranks last year and could find themselves among the "B" squad surprising an onlooker by running up a total of 8-3 to take the title by a 12-6 score. North's closest rival in the point standings is College Dorm who is 2-5.

Smith North was entitled Administration Aims.

But to include this new, important in moulding the young men and women of Bates.

A Note To The Trustees

Has the soccer club had its "last hurrah"? This is the time of year when there is not only a lack of sports activity as evidenced by off-season association, but a period of speculation with regard to the status of the booters. In the past, this has also been a period of continued limbo (a condition of neglect or oblivion), climaxed last year when the club with 64 points based on one point for every tackle, and two points off for every fumble, was declared to be "dead".

With the incentive of a letter, undoubtedly more defensive patterns and provided their own transportation to away games. They compiled a 4-1 record before costly injuries and most important, lack of proper coaching caught up with them. With this a longer season, more more candidates would have reported. The bootmen displayed tremendous desire and spirit, despite the fact that they were treated like a poor relative.

The Athletic Department cannot be held entirely responsible for this sad state of affairs, although inviting the soccer men to the football team would have been appreciated. Like other departments, this one is contingent upon the budget allotted to it by way of support. This places the department in a sort of uncomfortable position on the subject of encouragement, adding to the frustration. Unfortunately, recent years have seen the sixteen highly-conservative financial wizards ignore men to the recent banquet would have been appreciated. Like

Makowsky Receives Goddard Trophy
Seniors Gain Achievement Awards

Perhaps the greatest honor that can be bestowed on an athlete is the respect of his peers. Such was the case last Thursday night at the Varsity Banquet when Head Football Coach Bob Hatch announced that end Jim Wylie was the recipient of the 1959 edition of the Bates gridders.

Makowsky, who was named the recipient on the basis of top yardage with the tape and gauze.

The awards:

**Football Letters**

Cross-country winners were: Reid S. James, Osage, N. Y.; John M. Lavigne, W. Lebanon, N. H.; John M. Macomber, Elmont, N. Y.; and Kendall A. Snow, Worcester, Mass.

**Barrows Trophy**

Lead Is Held By Blue Eighteen

Colby's win kept alive the chance of winning the coveted Edward P. Barrows Memorial Trophy, presented to the university of Maine, which was killed in World War I and his father, former Gov. Lewis O. Barrows, donated the trophy in memory of his son, Capt. Lewis O. Barrows. Perhaps the greatest honor that can be bestowed on an athlete is the respect of his peers. Such was the case last Thursday night at the Varsity Banquet when Head Football Coach Bob Hatch announced that end Jim Wylie was the recipient of the 1959 edition of the Bates gridders:

The competition has run for the past 16 years and the team that gains the most points in 30 years of competition will keep permanent possession. A team gets two points for winning the title outright and one point for a tie. If a team earns enough points so that no other team can catch up before the 26 points are accumulated, Bates will win the trophy. Maine has a comfortable lead with 11 points, Bowdoin has seven, Colby six and Bates four.

---

**Wylie Selected To Captain Gridders**

Thinclad Future Bright As Team Starts Workouts

With the season's opener with New Hampshire, relatively speaking, just a week away, Coach Walt Slovenski's thinclads started official practices last Monday. Last year the team underwent a struggle to get through the season undefeated in dual competition and carried this unblemished record through the spring, climaxing the year with a thrilling State Series Championship victory.

Middle Distances Strong

This year the Garnet will have basically the same squad back with the exception of the weightmen and one or two others. As was the case last year the Cats will be sparked by Rudy Smith and John Douglas, both of whom gained national prominence for their feats on the indoor circuit. Rudy will be running in his specialties, the middle distances. He is ably backed up by Fred Turner, Jeff Kenyon, George Goodall, Lou Riviezzo and Pete Schugler. John will spread his talents all over as usual by participating in the high and low hurdles, the broad jump and the high jump.

In the dash it will be Smith and a couple of speedy half-backs, John Makowsky and Barry Gilvar, who will be insecure last year. Co-Capt. Pete Gardner and Dick LaPointe will back up Douglas in the broad jump and the high jump. In the hurdles Jim Kenan, Freshman Dave Boone and the expected return of Bob Erdman will help out Douglas.

Graduation Hurls Weightmen

In the dash it will be Smith and a couple of speedy halfbacks, John Makowsky and Barry Gilvar, who will be insecure last year. Co-Capt. Pete Gardner and Dick LaPointe will back up Douglas in the broad jump and the high jump. In the hurdles Jim Kenan, Freshman Dave Boone and the expected return of Bob Erdman will help out Douglas.

**CONGRATULATIONS** are given by Coach Hatch (right) to Captain-elect Jim Wylie (left) as the academic star of Bates College.

The dinner was the initial presentation of the Alan Goddard Achievement Award to Co-captain John Makowsky of Pomfret Center, Conn. The award is based on various considerations ranging from team value to coahesibility. In previous years it was given as a cash award, but hereafter it will be in the form of a trophy.

Makowsky is the first senior to gain the distinction and it carries even greater significance in view of the tough picking this year.

Senior Varsity Awards Given

Twenty-one varsity letters in football and six in cross-country were given out during the proceedings. In addition, seven were given out during the proceedings.

Heidel, Makowsky Rule Statistics

Bobcat standout halfback John Makowsky and quarterback Bill Heidel whose familiar names were among those that dominated the Maine college football scene this fall continue to play a prominent part as evidenced by season's totals of individual statistics released by the Maine Intercollegiate Athletic Association last Friday.

"Mac" Tallies Six T.D.'s

Makowsky was the top scorer for the second consecutive year. "Mac" scored six touchdowns (the most by anyone in the state) and added two extra points for a 38-point total. In State Series competition the defending champion finished in a sixth place tie with twelve points. In the rushing department, the swivel-hipped sensation was among the leaders in another grouping, that of punting. Bill's thirteen punts totaled 489 yards giving him a 37.6 average and a second place rating. Heidel also tallied two T.D.'s during the season.

Other Bobcats placing high in the ratings were Captain-elect Jim Wylie who was third in pass receiving and fullback Fred Drayton who compiled a 3.64 rushing average. Sophomore Frank Vana finished with twelve points, while Drayton had ten.

Champagne, Welch Lead

Noting other top performers in the state, Wayne Champion of Maine posted a top average of 6.83 yards per carry, while teammate John Welch rolled up the most yardage with 472 yards for a 5.02 average. Bowdoin's John Condon gained the most yardage with 472 yards for a 5.62 average. Bowdoin's Bill Heidel, whose familiar

The Top Passer

John Condon (BO) led in punting.

Bill Heidel's Passing

- Carried 161 passes for a total of 848 yards.
- Completed 62 passes for a total of 458 yards.
- Had a 38.3% completion percentage.
- Had a 151 passes for a total of 848 yards.
- Had a 5.62 completion percentage.
- Had a 38-point total.

John Condon's Rushing

- Carried the ball 105 times.
- Gained 203 yards.
- Had a 4.93 yard per carry average.
- Had an average of 20 points.

John Hawkes's Rushing

- Carried the ball 105 times.
- Gained 472 yards.
- Had a 5.02 yard per carry average.
- Had a 39-point total.

John Condon's Passing

- Completed 62 passes for a total of 458 yards.
- Had a 38.3% completion percentage.
- Had a 6.42 completion percentage.
- Had an average of 20 points.
