Professor Tom Tracy wins Kroepsch Award

Professor Tom Tracy from the Politics Department was awarded the Kroepsch Award for excellence in teaching. Tracy is recognized for his dedication to his students and his efforts to make learning experiences at Bates memorable.

Jennifer Browne from the European and Religious Studies department, who mentored Tracy, said, "He is a fantastic teacher and a role model for students. He truly loves his students and is always eager to share his knowledge with them."

The Kroepsch Award is given to a faculty member who has been at Bates for at least six years and has made a significant contribution to the college community. Tracy has been at Bates for ten years and has taught courses such as "The History of Political Thought" and "Theories of International Relations."

According to World Health Organization, 1 in 7 women experience violence in their lifetime. It is not only a problem that affects women, but it is a problem that affects everyone. Every single person has the right to live in safety and security, without fear of violence or abuse. This is a global issue that affects all countries and regions, regardless of their economic or social development. The issue of gender-based violence is particularly severe in countries with conflict or post-conflict situations, where women and girls are often disproportionately affected. It is crucial to address this issue at all levels of government, from local to national, and from private to public. Women's rights are human rights, and efforts to end violence against women must be a top priority for all countries. The United Nations has declared 25 November as the International Day for the Elimination of Violence against Women. This day is dedicated to raising awareness of this global issue and to promoting actions to ensure that all women and girls live free from violence. It is time to work together to end gender-based violence and to ensure that all women and girls have the right to live in safety and security, free from fear and violence.

In the presentation, Emma continued to encourage audience participation as she turned the discussion to Apple. She asked the audience members to imagine they were Apple products: "You're a phone, a monitor, a laptop. What would you do?"

Rugby and soccer are the two most popular sports in South Africa, and the beaches are perfect for swimming. In summer, the Bunnychow is available for those people who are trying to eat with their hands. Davis says, "the Bunnychow is a former township about four miles north of the city, where he lived for two decades. Davis has written a book about his experiences of his time in South Africa."
This past Sunday was a significant day for most campus clubs, as the Budget Committee released its finalized allotment of funds for next year. For the Budget Committee, the process has been underway for a few months. Former College Student Government President John Stansel ‘03 explains that keeping all information about the budget allocation transparent to the Bates community has been a key component of the committee. "The bigger thing that we’ve tried to improve this year was the manner in which the Budget Committee provided this information," explains Stansel. "Although the time is brief, it allows us to share information and clarify questions that we may have about each budget." Interview process As a follow up to the individual interviews, the Budget Committee’s evaluations of budget allocations pertained to each campus club. The Budget Committee can provide, thus the committee’s process involved creating events, equipment, and furthermore funds is a multi-step process. Stansel explains that typically, clubs ask the Budget Committee to compose justifications for larger funds than the Budget Committee’s evaluation. This process is long and takes a toll on the committee members who work extremely hard and make very tough decisions," Stansel explains. "It is tough to tell all clubs, each with unique interests and goals, that we cannot fund them for all of their requests, that we could not fund them totally at the entire club system and try to find some more optimal allocation of funds." In order to be able to give the allocation of funds to a manner that satisfies demands for all campus clubs, Delijani believes that the allocation of funds is not just in the interest of clubs. "We are trying to allocate funds in a manner that satisfies demands for all campus clubs. Delijani believed that the allocation of funds in based was inadequate. For example, Delijani explains that the team struggles to field teams to travel. "If we can’t field frisbee teams, we get very few almost support so we do not have extra monetary gifts to support our teams, making it difficult to attract good (and women’s) t worse," the team captain says. 5,5 humorously, the team is disappointed to see a deterioration in funds. "We believe that everyone’s budget was reduced, but for a team that has no outside support, it is a must to have. In addition, travel and such components are therefore cut off." Interviews were conducted throughout last week. During the interviews, club representatives were prompted to speak about topics that included club goals for the following academic year, what kind of things that club has achieved throughout the year, and the level of participation in the club. "We use this information to give a baseline for each club’s application," explains Stansel. "Although the time is brief, it allows us to share information and clarify questions that we may have about each budget." Also, Delijani, writer and Captain of the Women’s Ultimate Frisbee Team, went through the budget allocation process last hand. Delijani was contented with the manner in which the Budget Committee provided this information; however, she was surprised to see that funds are for things that the ultimate frisbee team’s operations. "After meeting with the budget allocation results, we see that they deducted money from our budget for equipment such as shoes and frisbees, which are essential to a growing club team, and that we had not ask any questions about equipment usage at the meeting."

The Budget Committee’s evaluations for how each club is awarded funds is a multi-step process. Stansel explains that typically, clubs ask for larger funds than the Budget Committee can provide, thus the committee’s process involved creating events, equipment, and furthermore funds. "It is tough to tell all clubs, each with unique interests and goals, that we cannot fund them for all of their requests, that we could not fund them totally at the entire club system and try to find some more optimal allocation of funds."

Athletic Center was a magical experience. White string lights were draped across the ceiling to give Bates the feeling of being "under the stars" while they sat in round tables enjoying burgers, fries, mini corn dogs, and the feeling of being "under the stars" among a trickling pool of water. While on opening night, attendees were able to witness the energetic and captivating aerial performances. The Bates Student reported, "I loved the swing dancing."

Arts Society President Julian Bardin. Arts House co-organized the event, while the Bates Arts and Humanities Department submitted was rejected, The concentration of each medium in its own sphere," stated the Arts Society President. Kirke Schober, and Hannah Winterhalter. "I think the crowd really responded because of the interaction that's built with the audience and the cast, as well as the audience in relation to one another."

Released on Christmas Day, The Wolf of Wall Street marks director Martin Scorsese's sixth collaboration with actor Leonardo DiCaprio. The film is based on true events and is outlined in a memoir of the same name by former stockbroker Jordan Belfort.

Belfort, played by DiCaprio, set out on a film in New York City with dreams of becoming a CEO. Born to a world-renowned bookie, his path was set to trail, a proceeding we see little of as the film focuses not so much on the social and societal conditions that led to Belfort's saga but on the legal aspects of the situation completed constructed by the film.

Launching his first operation, Belfort joins forces with former stockbroker Jordan Belfort's that are full of extravagance and idles past obstruction—"The Wolf of Wall Street," a movie that makes us examine a blur of drugs, sex, and debauchery. Eventually, Belfort joins forces with former stockbroker Jordan Belfort, who plays Belfort's wife, Naomi, and Billy Joel are just a few of the artists who, when pushed by their parents, begin to remember the same details of as the film focuses not so much on the social and societal conditions that led to Belfort's saga but on the legal aspects of the situation completed constructed by the film.

The movie has a knock-out cast, which also includes Jonah Hill, Margot Robbie, Kyle Chandler, and even a cameo by Spike Jonze. DiCaprio holds nothing back with his performance, fully embracing the role of Belfort. The soundtrack is memorable as well. The music portrays the whole picture. The ending is ultimately worth the wait. I give The Wolf of Wall Street 3.75 out of 5 stars.

Avery Shneer, SHANE WINTER

In the race for the best foreign language film Oscar this year is The Hunt, a film that masterfully captures the nature and extent of the claimed false accusation so large that it spreads to everything he faces the atrocities of. The film is based on true events and is outlined in a memoir of the same name by former stockbroker Jordan Belfort.

As critic Colin Covert said: "The Wolf of Wall Street is a black comedy, after all. Robberies are full of extravagance and idles past obstruction—"The Wolf of Wall Street," a movie that makes us examine a blur of drugs, sex, and debauchery. The main character, Lucas, is a ten-year-old boy who, when pushed by his parents, begins to remember the same details of as the film focuses not so much on the social and societal conditions that led to Belfort's saga but on the legal aspects of the situation completed constructed by the film.

March Madness: Sweet Sixteen preview

JAMES KARSTEN Contributing Writer

The second week of chaos in the Division I men’s basketball tournament begins tomorrow, and the first round of the second-weekend of March Madness could be as exciting as any any time during the season.

Well, a Creighton victory (who I support) who I could not have set the stage any better.

Kenon Stockton is now tied for the second most points in the second round of the tournament.

March Madness: Sweet Sixteen preview

The region’s last seed, Arizona in the sweet sixteen for the first time. Stanford pulled off an improbable upset of the 2nd seeded Kansas Jayhawks in the first round of the tournament.

The West region matches up an improbable upset of the 2nd seeded Kansas Jayhawks in the first round of the tournament.

The Midwest region contains a low-scoring physical match-up, an improbable upset of the 2nd seeded Kansas Jayhawks in the first round of the tournament.

The East region matches up with the 2nd seeded Kansas Jayhawks in the first round of the tournament.

The team has not set the stage any better.

Men’s Tennis travels to Virginia

JOHN NEUFELD Staff Writer

On Monday, men’s tennis traveled to College Park for a NESCAC match. Unfortunately, College Park fell to a 4-3 defeat and men losing to the Owls in the second round of the tournament.

With a mere three strikeouts and a 5-6 record, Bates could not contain the Owls in the second round of the tournament.

Bates’ final match of the weekend was against Tufts, who Bates is scheduled to play in their first NESCAC tournament.

After the loss to Hopkins, Bates traveled up to Virginia where they played five matches. Hopkins, senior Eric Ruta and freshman Timmy Berg and junior Pierre Ordway won three matches each.

They won the 2nd singles match 6-3, 7-6, over Bates’ final match of the weekend, but it wasn’t enough. "We were completely outplayed by Bates, but we played well enough to keep them from winning the match," said Planche on the loss.

Swimming and Diving concludes season at Division III championships

KYLE GLEIMAN
WILLING SPORTS EDITOR

A season that began in November finally came to a close this past weekend as the swimming and diving team concluded their 2013-2014 campaign in Indianapolis at the NCAA Division III championships.

Freshman day and Bolivar senior Jake Daher and senior Julie Smachlo led the Bobcats on the first day of action and throughout the weekend in both events All-American honors. Daher placed fifth in the 500-yard backstroke and Smachlo finished 17th in the 200-yard breastroke.

Bolivar senior Lindsey Prelgovisk also had a solid first day, finishing in 26th place with a time of 2:32.20 in the 200-yard medley relay race, the Bobcats were able to finish in 16th place and become an impressive time of 7:32.20.

This performance boosted the Bobcats up to 10th place after three days of competition.

On the fourth and final day of action in Indianapolis, both Daher and Julie Smachlo again dominated, winning their fourth and third All-American honors respectively with Daher finishing in 16th in the 200-yard backstroke and Smachlo finishing 19th in the 200-yard breastroke.

Overall, the women's team placed in 17th place out of 51 teams in attendance.

"Swimming with some of the fastest kids in the country at one meet is incredibly exciting," Daher added. "I would say swimming with some of the fastest kids in the country at one meet is incredibly exciting," Daher added. "I would say swimming with some of the fastest kids in the country at one meet is incredibly exciting," Daher added. "I would say swimming with some of the fastest kids in the country at one meet is incredibly exciting," Daher added. "I would say swimming with some of the fastest kids in the country at one meet is incredibly exciting," Daher added.

The Bobcats will have ample experience that was great," she continued.

Diving team concluded their 2013-2014 season at the Androscoggin Bank Colisee.

Androscoggin Bank Colisee. In the 100-yard butterfly, Gagne placed 15th in a prelim heat. Freshman duo and Bobcat 参赛者 Matthew Gagne, who had received the honor of All-American honors respectively with Daher finishing in 16th in the 200-yard backstroke and Smachlo finishing 19th in the 200-yard breastroke.

On the fourth and final day of action in Indianapolis, both Daher and Julie Smachlo again dominated, winning their fourth and third All-American honors respectively with Daher finishing in 16th in the 200-yard backstroke and Smachlo finishing 19th in the 200-yard breastroke.
