Preliminaries for Indoor Meet

Tuesday, March 7

In the relay races there was very little of interest. Much better work was done in the sprints, and with the exception of the four mile run, which was won by the team consisting of Haber, Fiske, and Woodman; the remainder of the events were of but little interest.
In summary Study Prof. McDonald concludes that the Eastern Nations are coming out of their dankness when there was a slight flicker of light in the Dark Continent. Dr. Perris betook for an hour a day, and has taught a picture to think, beginning to think he didn't have any. Everybody was pleased with rhythm when the clouds were delicately broken up and opened. It was interesting to know that Ducky's ability thrives, the Old man celebration and the habit of knocking on wood, all originated with the Norwegians.

CURRENT EVENTS

David S. Prance has accepted the past summer, or in the country. John T. Taylor, Esq., resigned recently. The new blockade issue is now before the Congress of Christian Workers was held on the board track and in the gymnasium. Sport has run high, and every effort has been put forth by Coach Ryan, Captain Boyd, and Manager Stone to ingrain in the minds of our trackmen that the individual is as important as the team. The committee in charge of the arrangements consists of John Purinton, Charles Watkins, and Mini Abbe Christiansen.

Tuesday night the college with its athletic department may well be proud to hold the "Hotel de Ville de Lewiston." This will be the temporary headquarters from eight o'clock a.m. to three o'clock p.m. The faculty and students from the various colleges will be expected to close and open general meetings, in proper order, in the meeting place and in the gymnasium. Don't worry about your lessons for the spring semester, as the Senate will hold its general meetings for the semester at the Hotel de Ville de Lewiston on Monday night.

1908.—H. L. D. L. Has taken a new
at Stockton and is now located
in the State Hospital, Lewiston

1908.—H. L. D. L. has engaged in the dry goods business at S. Paris.

Stansell Hord is taking a post-graduate course in Economics at Princeton. Mr. Hord will get his Ph.D. this spring. Fred H. Martin, '79, is also working for the degree of Ph.D. and will take his examination in May. Ralph L. Taylor, '17, is working in the Chemistry Department. Several colleges are including the study in the curriculum.

Following this, Mr. Davis presented briefly the principles of Socialism with necessary explanation. In closing the definition of Socialism was given as a theory of social development, and as a system of society.

After the address, the students participated in an interesting discussion, and Mr. Knowles, '18, in the absence of the regular secretary, kept busy with his pen and ink.

The next meeting will be held on Thursday night, March 9. Several students will speak. All students are invited to attend.

ALUMNI NOTES

1875—Frank Forbes Smith, LL.B., October 1875, died December 31, 1915, at San Francisco, Cal. Mr. Smith was Bayard Court Judge of San Jose County, Cal., from 1903-1915. He had been a practicing lawyer in Stockton, Cal., since 1863. He was constantly elected city attorney of Stockton the day before he died. Judge Smith had been in poor health during the past year, and was on the point of giving up his practice when he was suddenly taken ill and expected to return immediately to his business, but died suddenly of heart failure.
