POLITICAL CLUBS

PROF. GULDEN ADDRESSES THE SOCIETY ON THE TARFTY
Officers and New Members to Meet Next Monday

The Political Club met to hear the lecture on Tuesday evening, April 26. Prof. Guld
was the speaker of the evening, and gave very interesting insights into that tariff.

He began his remarks by saying that the tariff is a measure of protection. "The larger the tariff the larger the benefit to those who are protected." This benefit comes in the form of increased wages for workers and increased prices for consumers. The tariff also protects the domestic industries from foreign competition.

In the early 19th century, Congress established the Tariff Act of 1816, the first major tariff in the United States. This act imposed high duties on imported goods, which protected American industries and helped to stimulate domestic production. However, this protection came at a cost: it resulted in higher prices for consumers and reduced foreign trade. The tariff system has been in place ever since, with periods of expansion and contraction.

The speaker went on to give historical examples of how the tariff has been used to protect American industries. During the Civil War, for example, Congress passed a series of tariffs that protected the Northern manufacturers from foreign competition. This helped to finance the war effort, but it also contributed to inflation and higher prices for consumers.

In the late 19th century, the tariff was used to protect the emerging industries in the United States, such as the steel and textile industries. These tariffs helped to establish American dominance in these industries, but they also contributed to the country's isolationism and protectionism.

In recent years, the debate over the tariff has centered on issues such as trade deficits and free trade agreements. Some argue that tariffs are necessary to protect American jobs and industries, while others believe that they are unnecessary and harmful to the economy.

In conclusion, Prof. Guld explained that the tariff is a complex issue that has been debated for centuries. He encouraged the students to think critically about the benefits and costs of tariffs, and to consider the long-term effects of protectionism on the economy.

GARDEN BASEBALL TEAM WINS PRIZE GAME FROM LUNN & SWEET

SHOE SHOP TEAM UNABLE TO RESIST "HOT SHOT" DUO

In the 190-yard field, Buxton, Queens, vs. Portland, 1ab. Whittaker, at Long's Park.

Capt. Lint Starts Thing in Fourth Inning

Saturday afternoon's congestion on the Lunns and Street corner game was now at its height, as the two teams were playing a game with the baseball team on Roger Williams Field. The long ball had been driven into the field, and now it was time to see who could make the best of it.

The mood in the stands was set by the players, and the players were ready. The game was on, and no one was going to lose.

In the fourth inning, the Lunns were out by a score of 11-7, and the Street corner was leading by a score of 7-3. The Lunns were trying to catch up, and the Street corner was trying to hold on.

The game was full of action, and the spectators were enjoying every minute of it. The Lunns' pitchers were on top of their game, and the Street corner's batters were hitting well.

In the end, the Street corner won by a score of 11-7, and the Lunns were left to wonder what could have been if they had played better.

AGGREGATION FOOTBALL PRACTICE BEGUN ON ROGER WILLIAMS FIELD

NUMBER OF MEN RESPOND TO CALL FOR TEAM

Common Bases of the Game for Players

About fifteen men were out Monday afternoon for the first practice of the year for the Bates society Football League. The practice is to continue twice a week at a place to be announced, until summer training begins.

The first practice was held at Roger Williams Field, and continued high and continue high.

In the dash, there were two from each college. The game will be played on the home field, and will be a dual meet on the home truck, and will be a very close competition.

Two "free kicks" are called when the ball is kicked behind the goal (not through the goal). The ball will be kicked from the top of the field, and the kick will go toward the goal. A "free kick" is one when a man is kicked from behind, or is running from the goal. The ball will be kicked from the top of the field, and the kick will go toward the goal.

The game was full of action, and the players were trying their best to win. The Lunns' pitchers were on top of their game, and the Street corner's batters were hitting well.

In the end, the Street corner won by a score of 11-7, and the Lunns were left to wonder what could have been if they had played better.

I think this is a valuable article on "The Fashions of the Time," which you might be interested in. Mr. Watkins gave us an interesting view of the history of clothing, from the Middle Ages to the present day. He showed us some old dresses and explained how they were made. The dresses were quite beautiful, and the designs were very interesting. I think you would enjoy reading about it.

I also read a short story that was very moving. It was about a young boy who lost his family in a fire. The story was very sad, but it had a happy ending. It was written by a student in our school, and it was very well done. You might want to read it if you have time.

As usual, there are some advertisements in the paper. There is an ad for a new book called "The Secretions of the Body," which looks interesting. I think it might be worth checking out.

Overall, I think the paper is doing a good job. It has a variety of articles, and there is something for everyone. I hope you enjoy reading it as much as I do.
The Newton Theological Institution  

Papers by Swett, '16, and Thompson, '17, Furnish Entertaining Readings  
At the regular meeting of the Deutscher Verein, Monday evening, papers were read by Swett, '16, and Thompson, '17.  
Mr. Swett addressed the society on "German Inmigration to the United States."  

"The worthy crown is a good reputation."
The weeks have been severely covered with rains and in some places and the turf has been trampled. The grass is beginning to grow green and the carps are wont to be at its best. But that is not the only attribute of the salmon, even the fanciest to a faithful degree; so how carefully they pick out the soft carpet of greenness for a feeding-ground?

Now the that we have had some good review for a brief space of time, attempts are being made to put the treat in condi-
tion for the next on Saturday with New

Hampshire State College.

The Prize Debates for the Sophomores will be held on a date, a time, and a place.

Several of the students attended the Municipal Concert at Portland Sunday. These concerts are held every Sunday afternoon during the summer and are one of many free to King, 18, Lewiston, 18, Beek, 20, Edgeworth, 19, Elyon, 17, Spratt, 18, and General Secretary Bros.

Secretary Shaw presided at the Free Baptist Church in Portland both in the morning and evening last Sunday.

W. B. Lawrence, '18, was a guest of the Portland Club last Sunday. Harold Dyer, '16, was also entertaining the members of his college.

Eugene Brook, '14, was on the campus last week and enjoyed the Bates Lawn and Social group.

The '98's' Prohibition Society held a business meeting last Friday evening. A constitution was adopted and it was de-
rived to hold a contract social as the last one.

The date is set at definitely set,

but will probably come soon after the middle of May.

A delightful social event took place Sat-

urday afternoon at Mr. H. H. Parrot's, when the ladies of the Nice Club gave a May party to the girls of the Senior class. A contest in making may baskets was held and a prize given for the best one. Miss Alice Holbrook and Miss Alice King shared the prize—a May-
basket filled with candy. A delicious lunch was served, consisting of fruit salad, crackers, coffee, cake, candy and nuts.

Miss Frieda Pick of the Bates Coterie and Miss Birdie Conings of Belgrade recently spent the week-end at their respective homes.

Miss Birdie Seaver of Maine has been visited by her mother recently.

Miss Birdie Robertson entertained her sister over the last weekend.

Miss Gladys Driscoll and Miss Mary Martin have been visited recently by Miss Birdie Robertson, who is a high school teacher from Franklin, Mass.

Miss Alice King entertained Miss Mer-

riel of Brookfield, last week. The woman of the University of Wash-

ington are going to have rowing as a major sport, and the women's crews will be-

ning to represent the university in intercollegiate rowing meets.

The University of North Dakota has in-

trouced a course in playwriting.

The women of the University of Wash-

ington are going to have rowing as a

major sport, and the women's crews will be-

ning to represent the university in intercol-

collegiate rowing meets.

At the University of Washington two "Campus Days" have been planned. This is a lay day spent on which every student in the university will be expected to help in the general scheme of improving the campus. The day will be in the latter part of April, and work will begin at eight o'clock in the morning and continue to 3:30 with our interruption. Then a bonfire will be arranged under the supervision of the "co-

ins.

In the football season the under-

graduates of Harvard have been the
greatest songs while often only can only resemble the lines of their alma mater, "Puritans Harvard," written by Samuel Ollman of

Auburn.

The subject of the Y.W. C.A. meeting on the evening of April 20 was "Masters Minstrels." Miss Eleanor White had charge of the meeting. Miss Bess Chap-

man took the girls down to Virginia by telling them of the wonderful changes which have been wrought in the music of the mountain people by educational, social, economic, and kinfulness on the part of the teacher. Then, Mrs. Agnes Graham of Auburn called the North Land and the great work done in Labrador by Dr. Grinnell.

AUBURN

large number were present to hear the speakers. A large number of Auburn students was much appreciated by all.

The Massa-

achusetts Club entertained the "Gibbet Hill" of the students belonging to the Old Boy State, at a May party in the Old Boy State.

The opening grand trunk terminus in the winding of the Maypole, after which followed their favorite pastimes. One of the fea-
tures was a contest in drawing maps of Massachusetts. The judge gave the prize for the best to Mr. Philip Law.

The club was very fortunate in the presence of Mr. Edward Bliss, who was often seen in the Robbie's Ice Cream

and other delicacies

may be termed the "educated" kind

because the flavor is tastefully brou-

ted out when you partake of them.

The walks have been severely covered

with rains in some places and the tur-

f has been trampled. The grass is begin-

ning to grow green and the carps are wont to be at its best. But that is not the only attribute of the salmon, even the fanciest to a faithful degree; so how carefully they pick out the soft carpet of greenness for a feeding-ground?
