PROFESSOR HABER SPOKES AT Y. M. C. A.

Outline of His Interesting Address on Student Union

Miss Harry Johnson, '16, was the speaker of the evening meeting, meeting Tuesday evening, May 24. Miss Ruth MacMillan gave an exceedingly interesting talk on Student Union. She began by a general introduction, stating the bases on which a Student Union should be formed. She then passed on to a discussion of the nature of a Student Union, what it should aim for, and what is being done. She dealing with the question of a Student Union, brought in the idea that there are many kinds of students make different kinds of associations, and that it is the task of the Student Union to be an independent organization, to really represent the student body. It is very vital to have a Student Union that is independent, that is really the parent of the student body, and that it is the task of the Student Union to work for the good of the student body.
