SUNGT8N8S SWapped 10 TO 1 IN FINAL CONTEST AND 17 CAPTAIN OF BASEBALL TEAM, DEFEATED IN STRAIGHT SETS

Match to Decide Singles Title Played Off on College Courts

To the close of 1929 gave the Ivies their last 17 cap to decide the championship for the college for the year. Arthur Purinton, in bowling his 17th, was the first singles champion of the college that season. He was the first player from his brother, Arthur Purinton, 17, by the score of 6-3, 4-6, 6-3, 6-1.

The men had no way to take it to the finals of the singles at play when Mr. Bates won the doubles championship. The matches for the singles title were played off on the Bates courts last Thursday. This make a clean sweep for Bates, a thing that has never happened to the Bates team in the last 15 years.

**EDITORS**

**BATES AND THE MONEY**

Bates has always occupied a unique position among colleges in general in that she has endeavored to make it possible for students of excellent ability and even of limited means to secure an education which will enable them to secure a position where the necessity for earning his own living will not be a serious handicap, but more than a source of strength. A strong and steadfast adherence to this policy throughout the years has resulted in the formation of ideals which if upheld when we expect the future of our college to be in the past will forever keep Bates from being classed as a "commercial college." We pride ourselves on our democracy, and the justification for this pride surely stands in the fact that we as a college are unwilling to judge a man's worth from the amount of wealth he may possess or from the position he holds in public society. With money does not count; one man is as good as another so far as the possession of this world's goods is concerned. In a college where such a standpoint from the beginning is prevalent, one would naturally expect to find a large number of men who are entirely dependent upon their own resources for the securing of an education. We find such a case in a large number of the men in our college. The price of shoes is going up. One way is to beat the shoemakers, to be in the constant struggle for existence, to be near by to the shoemakers. Bates students are in a college where the world is their market. They are engaged in by students during vacations. Maintenance, library facilities, tuition, store clerk, gunsmith, and table waiter, busboy, busman, store bookkeeper, elevator boy, brick maker, janitor, mail clerk, public reader, gas agent, boiler engineer, bookkeeper, kitchen, mentioned in the translation of our familiar hymn. It will be well for us to bear in mind that registration cards must be made out and handed in not later than Monday, June 15.

Students who wish scholarships for next year should make application before June 15.

Now that the pleasant weather has returned, the death knell of roller skating, croquet and other indoor sports, the popular pastime of last winter is over. This is Bates' latest pastime, and at all hours of the day, the campus is alive with these pleasures. Newfangled sports may be seen digging up the turf and threatening the lives of innocent pedestrians.

The men have drawn for rooms for next year with the result that all the dormitory rooms, open to aerocephalists, are taken, and many students are left without rooms. There were a number of the members of the classes of 1918, 1922 and 1924, and as John Stuart

Hall, where they have lived this year, is reserved entirely for the incoming class, it now appears that many of the men will be forced to live outside of college next year. This is an unfortunate situation, and brings out with greater emphasis than ever, the need of another dormitory at Bates.

Our baseball team was well supported on its trip last week. Seventy-five royal roosters went by special car to the Ivy Days game in Brunswick, while on the following day another special car carried about forty men to the college exhibition game at Gardiner. With such demonstrations of loyalty as these, our team certainly cannot complain with lack of student support.

The class of 1917 has elected its officers for next year.

Clarence Gould, '17, spent Sunday at his home in Greene.

Herald Clarence, '16, was emperor at the Knots Hill Hobart baseball game, Saturday.

William Davidson, '17, and Philip Talbot, '19, played tennis and returned to their home in Gardiner.

Skele Harvey, '19, spent the weekend at his home in Augusta.

The guests of a recent Cheney House party delightedly entertained their housemates with a picnic last Thursday afternoon. The scene of the callamity was the fascinating place on the Androscoggin river.

Two merry hours were spent in games and storytelling before supper, with Mr. White and his associates. The delicious food and service demonstrated the fact that a "good food" does not always require the "women's hand"—except indirectly, perhaps. Mr. White's coffee was especially good and effective. Supper was followed by choruses and songs until eight o'clock, when, in the heat of spirits, the party returned home. Prof. and Mrs. McDouall chaperoned the party, and as they invariably do, contributed much to the merrymaking.

Dean Bussell and Miss Cresswell entertained the Senior girls at breakfast in the Senior last Thursday afternoon. The scene of the deliciously furnished place was the fascinating place on the Androscoggin river.
