ANNUAL JUNIOR EXHIBITION
Held in College Chapel
WED. EVENING, JUNE 14

EXCELLENT ADDRESSES DELIVERED BY TWELVE MEMBERS OF THE JUNIOR CLASS

Prizes To Be Announced Later During Commencement Week

The Junior Exhibition, held Wednesday evening, June 14, in the college chapel, was a very interesting exercise and has received most favorable comments from both faculty and friends. The speakers were: Eleanor Newman, Augusta; Arthur Dyer, Washington, DC; Julia Purnell, Jonestown; Thomas Hepburn, Exeter; Ruth Mody, Wellesley; Alice L. Purinton, Watervliet; Ruth L. Deer, Bridgewater; Miss Marie Lane, Milford, Mass.; Genevieve Dunlap, Bowdoin; Charles Lyman, New York.

When the class of 1916 leaves the halls of Bates, there will be many voices that will be missed. The class of 1913 probably had more stars than any other, but for average performance, 1916 is truly phenomenal. The history of the class is a record of victories in the intramural meets, and performances of all in outdoor events.

Two enterprising boarders held graduates this year, Harold Drew, holder of a record of 110 feet in the pole vault, and Alvis Kersey who jump of 21 feet 10 inches has never been equaled by a Bates man in competition. These two, who have stuck by their teams in the winter, will be the stars in the winter of his final son as the quarter man in the state meet. Running first in the relay team to turn over a lead of nearly ten yards, was the 110 in the relay with Dombros and two champion state, and obtained the first of the first place in the state meet.

It is not probable that Lawrence will be in the game here at Lewiston the 23rd of July, but several other men are coming to stay over to compete in the 100. Coach Ryan, who has charge of these events, has secured another noted performer on the sidelines to come to Lewiston and there is a good chance for every man to win, and another man will succeed him. Coach Ryan, who has stuck by the team in a way that has been small, but a glance at the times and distances will show that the track men developed by Coach Ryan are as good or any of the former.

At cross country, "Bill" Doe has been a consistent performer and has moved up when all the first in the state meet for the past two years.

Dunsford and Stowe from the Sociedad class appeared to be strong as any in the right this last season, but a notice of improvements that reflect in any way on the ability of the teams left to be explored in the final meet. Captain Finlaw has been a good leader and a man whose 110 meter hurdles has made him as prominent to all the teams as his finish in the east. The whole team has been faithful to him and when Capt. Finlaw was forced to be away for some time, he took the vacant place and kept the men in training in a manner that few captains could have shown.

Bill Finlaw certainly surprised the deputists this year and gave race placeing in the high jump and distance at the state meet. As it was, his second place in the state meet and leap of 25 feet 6 inches in the dual meet with the Maine team was a signal way that he might finish this year. The whole team has been faithfull in his long and when Capt. Finlaw was forced to be away for some time, he took the vacant place and kept the men in training in a manner that few captains could have shown.

Miss Lewis spoke on "Nationalism in Europe," and Miss Lawry showed how much of the British soil is occupied by foreigners. 
The Newton Theological Institution 
(Founded 1835) 

Eight miles from the Boston (Mass.) State House situated in superb grounds of 62 acres belonging to the institution.

An Eminent Faculty, Twenty Professors and Instructors, Convenient Domestications and Lecture Rooms, Beautiful Library, an Unexcelled Literary Building, and Equipment for Laboratory Work. Courses leading to B. D. degree, and special provision for Post-graduate students.

Newton students of a year's approved standing have special privileges at Harvard University.

Harvard University offers special privileges, without cost, to Newton Seniors, of approved standing on recommendation of the Newton Faculty. There are many opportunities for study, vacation, missionary and philanthropic work by which students acquire clinical experience and contribute to their self-support.
