MAINE AND DARTMOUTH: The Basketball Playoffs: Ousts Guests Last Saturday

Bates and Brown in Tie for Sixth Place

An unusual successful varsity season ended Saturday evening in Flake gymnasium, where the Brown and Bates teams encountered the greatest opposition in their efforts to secure the championship.

The game began at precisely half past seven, and by eight o'clock the visitors were leading by a score of fifteen to six. The Bates team, under the direction of Capt. Robert W. Hunt, was successful in scoring a goal and obtaining the advantage in the first half of the game.

The second half was played in such a manner that the players were able to maintain their lead throughout the entire period. Their superior skill and coordination enabled them to overcome the determined efforts of the Brown team, which was unable to make any significant gains during the game.

The final score was fifteen to six, with the Bates team emerging victorious and capturing the championship of the New England varsity season.

SCHEDULE

MAINE COLLEGE BASEBALL MANAGERS VOTE TO RETURN TO TWO GAME SCHEDULE

DAYS FOR STATE SERIES GAMES AGREED UPON AT RECENT MEETING

Roland Proctor, Editor of the Maine State Association

The Bates schedule has not been fully made out by Manager Ro, but it is expected that the games will be scheduled as follows:

The Bates team will play several other games against different opponents to determine their best performance and readiness for the upcoming series. The initial games will be against Colby, Bates, and Bowdoin, with further competitions against other teams to be decided at a later stage.

Silver Tea Held Last Saturday in Girl's Rest Room

Good Sun Realized for Much Needed Rain

The Silver Tea was held in the rest room at Bates Hall last Saturday afternoon to raise funds for the purpose of continuing the girls' rest room. The weather was good, and the support was enthusiastic, with many individuals contributing to the cause.

Paul G. Ewing, a former student at Bates College, was the speaker at the event. The afternoon was concluded with the pledge, and the guests were gathered in the rest room for refreshments.

The Business Manager has called on alumni, undergraduates and others for the season. They should do much in it.

The annual problem of icy steps has come. Our basement, situated as it is in the middle of the college premises, is covered up, and made more slippery. We will have some more snow in a few days. Then the slippery spots will become more and more slippery. Cheer up, perhaps.

A little interest and enthusiasm will bring our boys, but to search for boys who need training is a real challenge. What part are you to take in this?

Give and ask what’s in it. Make sure that you find work for them. When we have found a good, dependable boy, we always promise him that he can get work.

In fact, rats and jobs are quite related. To be sure, there are those who, for one reason or another, will profess to have some precious value to earn a living, but even this is true. A really wise, far-seeing man would enter the college other, sit down with a frightened sort of air.

The Scripture says, "Render thanks to God. From him come h everything good."

The spirit of Thanksgiving must be felt during that part of the year when the colleges are open. It is a time to feel there is trouble with them, but because it is worth while.

Thanksgiving The Subject Of Address By Rev. J. A. Betts Of Park St. Methodist Church was the speaker. His subject was "Thanksgiving," and the trend of Union Thanksgiving Meeting of Christian Associations latitude.
