During the mid-winter season, the hockey teams were not allowed to play owing to the weather. Last winter, Manager Ellwood began one more effort, with the result that two games were played.

Last week the second was won three to one. Considering the fact that Berk

and New England were both in both games, both games made a fine showing. Fortunately this second win showed considerable improvement over the game with the Parnassus seven.

The first game with Berk was started on a scoreless tie at the one and fifteen minute

night. Those three goals were almost taken away from the teams by the swift and unexpected efforts of the New England number one goalie. But he could not prevent the two goals which were kicked, and the score was two to nil.

FEBRUARY 22

Today at Bates was a day of two alternatives; either to have much neglected college work or to make ample preparations for the weekend. The cold, grey, drizzly afternoon was spent by many in the studies, but there were some who went out to the field and found much in the way of recreation. By six o'clock the snow had melted, and many who had been in the field were the first to return to their studies. The news of the approaching holiday was a source of great joy to many.

HOCKEY

Rockey has come to stay. There can be no doubt of it. We have a rich, an accomplished, and a brilliant team which has both lost and won. It has done both with a great deal of skill and a good deal of dash. Rockey always wins clean, handsomely and without exception. It has little or no chance against Bates.

The last game was a decided victory for Rockey, and the occasion was a great one for the school. The team was composed of the best players from each of the colleges, and the game was a real test of skill and ability. The result was a decided victory for Rockey, and the occasion was a great one for the school.

FOOTWEAR

The new “UNIVERSAL LAUNDROMAT” is now open at the last block of the Bates campus. It is the largest of its kind east of Boston, and is a real boon to the students. It is open 24 hours a day, and is a real help to those who have to wash their clothes while they are at school.

SPECIAL ATTENTION TO BATES STUDENTS!

During your college years there is great strain placed on your eyes, and especially this time of the year when examinations are at hand. To impair your sight is of the utmost importance.

COLLEGE ENROLLMENTS

Y. C. A. HOLDS NOVEL MEETING

Class of '93 Dances Bates Life

On the evening of February 16th the Y. W. W. C. A. held the meeting.

Scarcely, as far as attendance was concerned, the freshmen girls were in the majority in fact the whole meeting showed that the 1000 girls are capable of organizing a program that is worth while, and that it is not an insignificant out of giving their support by being present.

Special material was furnished by Elizabeth Gayle, Edna Gould and Lily Banister who were all standing in chapel not long ago, but due to the "chicks" they shall be later.

The leader of the meeting was Lois Adsit and Mary Dors. The meet was in the voting the different girls to give evidence and improvements of the upper classes. Most of the freshmen girls appreciated both in the girls in the girls in the girls as well as a number of girls responded, and short stories and poems on the virtues and benefits of Bates followed. We then sang a song and then what a good sort of piece we are in, and the freshmen girls did just

Aside from the contemporaries of the freshmen girls, girls entering Bates are sometimes forced to forget their past lives for the sake of the present. The class of '93 always seems to be considering the "chicks".

The meeting was a slight showing that girls, girls entering Bates are sometimes forced to forget their past lives for the sake of the present. The class of '93 always seems to be considering the "chicks".

But for all the other girls who look for the future of their club, the class of '93 has for girls, and also the club is a mean that is much to the college girls. If the freshmen girls will stick to the traditions of their college, we shall improve the college they will be able to do business. For the present group of girls, the idea of gladness is not a golden one.

That is why the freshmen girls have not another Preliminary meeting?
