JUNIORS WON INTER-CLASS MEET WITH A TOTAL OF 50 POINTS

SOPHOMORES CAPTURED SECOND WITH 36 POINTS, FRESHMEN THIRD AND SENIORS FOURTH

HELPY, RACES, BOXING, AND WRESTLING, FURNISHED A GREAT NUMBER OF TRIVETS MEET DEACED SUCCESS

The Twenty-Fourth Annual Interclass meet has come to an end, and the class of '20 has its laurels for another year. Champions, and well they deserve their title. Coming into the meet with less than ten men, they plowed up points, and a total of four firsts. The Sophomores, with a small team finished second, with points, and thus surprised everyone. But Manager Mills of the team turned up anything on account of his promise to have his team if they could not win. It is a mark of Mr. DeWever in the shot put. 1917 collection of the freshmen more than doubled, because they ran two relay teams.

Long before quarter of eight the hall began to fill, and when the last bell for the four sons and the front row of the bleachers were backed up, the back row remained empty, and it was more like an empty room than a hall. There was not a large crowd this year as last. The meet was every block and was deserving of all good support. The band in mark improvement and the cheerleaders licensed the evening with assorted cheers, among which the most noted was the "O". The band was the most spirited thing present, in which the classes were divided into class of cheerers, from this it is not to be taken that there was little enter- tainment, but it was more of the serious interest at all times, and there was plenty of noise, but it was not confused to classes. The method in which the meet was arranged was a model imitation of the former year, for there was a block of noise, and the events were run off quickly and seriously. There was no conspicuous error for the successful managing of the entire events.

The potato race as usual drew a large number of competitors. Every one of those that entered took part into the contest, and the first three took part in the competition. The first heat, won by Coleman '18, was the fastest, soonly followed by Union and the college-made miles made last. While the white team held the lead throughout, the second heat, won by Brown '20 was the third. The finals proved easy for Coleman, while Law- rence was a close second. White put it a good start, but with a clean finish, the fourth placed man, Wilson taking fourth.

The twenty-five yard dash is always a favorite, both with contestants and audience. There were three five entrants in this dash, and all of them started at the same time. The first heat, won by Coleman '18, was the fastest, closely followed by Union and the college-made miles made last. While the white team held the lead throughout, the second heat, won by Brown '20 was the third. The finals proved easy for Coleman, while Lawrence was a close second. White put it a good start, but with a clean finish, the fourth placed man, Wilson taking fourth.

The thousand yards run was not so popular this year, but the first heat, won by Hammond '20, was the fastest

The mile run was not as popular this year, but the first heat, won by Hammond '20, was the fastest

The four mile run was not as popular this year, but the first heat, won by Hammond '20, was the fastest

The ten thousand yards walk was not as popular this year, but the first heat, won by Hammond '20, was the fastest

The fifteen mile walk was not as popular this year, but the first heat, won by Hammond '20, was the fastest
