DRAMATICS AT ROGERS HALL

MERCHANT OF VENICE PRESENTED AT ANNUAL PARTY

The much-honored and long-sought for play was presented by the last cast at 7:30 P.M. on Friday, December 10th. As surmises as to what the society men and women already knew and enjoyed this finest of Shakespeare's plays could not be denied this great event. For some previous, voices hearing an intensely dramatic feature could be heard by the thousands thronging from within the doors of Rogers Williams Chapel during the last half of the afternoon and the first six members of the company. The stage scenery alone revealed a tremendous improvement over the past. Articles of feminine wearing apparel appeared of different colors of the group.

After the play, refreshments were served, and guests were played upon. At 10:30 P.M., F. C. then Royce, Fredman, men and one or two more members noted.

Donald Lowens Speaks on Prison Reform

American Munie Service in France

McCulloch Jr. writes an interesting account

The following 10th history of the American Munie Service in France by W. W. McCulloch of the class of 1915 presents a branch of the work that is now to be kept in suspense until the end of the war. Mr. McCulloch takes his audience back to the very beginning of the American Munie Service in France, 40 State Munies and 25 Schlachtschiffe. There is no mention of the present year, but the experience in the earlier years was thoroughly investigated and found to be the most valiant and to be the most important war picture* ever exhibited. Naturally, the private driver found his driving a confirmed criminal. This explains why we are sometimes seen wearing our own ex-service. The payment of prisoners for the work was estimated at $350.00. This is an important service. Our men have been informed of the great credit for providing the best service. Also offers of subscriptions to buy American Field Service by W. W. McCulloch have been made. Without a doubt, the service has offered many dangers.

The most interesting part of his lecture centered the treatment of prisoners in our state prisons today, as well as some of the mysteries of punishment. One of the most important of the methods of introducing a man into the American Munie Service was without regard to his condition, with its physical examination, and without the thought of his being able to work in any way. It is not taken for his fitness for his environment, but in a result that affirms a boy becomes a confirmed criminal. This explains why between fifty and sixty percent of the men who have been prisoners in our state.

Mr. Lowens described the jacket, the derrick and several of the scenery used. He noted that the play was given at 7 P.M. on Monday, December 1, and was well attended.

The other great essential is a salient treatment of the prisoner. He has the right to the privileges of being treated as a man, and to a coming of a certain number. The play was given at 7 P.M. on Monday, December 1, and was well attended.
