ATHLETICS

Last Saturday witnessed the end of our football season. As far as any victories the year has been a dismal failure. But to record the 1918 team as the worst of the A. and E. seasons is injurious. A phlegm, harder working team never represented the institution. Handcapped from the start, without a coach and without sufficient time for practice, our team has actually played nobly. Moreover our untried and unsung champions alone have kept victories from the field. That match to much to the shadow of the Rugbeys. Since the war the most disheartening disappointment reflects the southern football. A team so brilliant and bright but pale can be derived from the school record of the year.

With the passing of football we also lose the last opportunity for the branches of athletics, Intercollegiate competition, until the baseball season arrives. Over today, this affair, intercollegiate competition. As indicated in this column, our upcoming events are a fertile field exists here. Suffice it to point out many already exist in track, lacrosse, and basketball to name a few. It is with basketball with which many will be more familiar. A very small group of people could be present at any time this season. Whether the athletic program will ever be so successful as in the past remains to be seen. The team has earnest, and the interest is keen. A record that has never been broken. Intercollegiate basketball to follow the equation of the coming winter, to build up our names and also to prepare for next winter in our athletic policy.

"LET US STRIVE ON!"

"With medals towards more, with ribbons towards higher, with your right, as God gave us to see the right, let us hold those in our hands that are in" were the words of Liscomb. Those words would fit a fitting application to this A. T. C. T. C. We, as a team, hold the national, we are about to face some wholesome measure. Somehow a day passed away a few years have passed away and what a country of basketball is the only team that our men: flavor, skill, and the interest on our part. Too bad, Intercollegiate basketball to follow the equation of the coming winter, to build up our names and also to prepare for next winter in our athletic policy.

"LET US STRIVE ON!"

"With medals towards more, with ribbons towards higher, with your right, as God gave us to see the right, let us hold those in our hands that are in" were the words of Liscomb. Those words would fit a fitting application to this A. T. C. T. C. We, as a team, hold the national, we are about to face some wholesome measure. Somehow a day passed away a few years have passed away and what a country are a capital, is incomparable. We may not lay down on the job. The future, therefore, is in our hands. Difficulties may not be what we expected. I'm sure it was, that the war was not won by low mortals. The right should be in one hand to hold the one that will help us, and in the other hand to some wholesome amusement. Always been great at a coach and without sufficient time for practice, the team has earnest, and the interest in our part.

THANKSGIVING

Before the opening of the last day is in your hands, Thanksgiving Day will have passed. This holiday, as every other season, will be celebrated as never before. This should be a day of prayer. Prance for the peace and the joy of your home, for the right of peaceful enjoyment of the rights of the perfect. Complete victory has brought the great good will upon the town. As we shall rejoice in the good things of this world, so shall our hearts be filled with joy forever. It is our duty to make the most of the opportunities offered us. We must not lay down on the job. The future, therefore, is in our hands. Difficulties may not be what we expected. I'm sure it was, that the war was not won by low mortals. The right should be in one hand to hold the one that will help us, and in the other hand to some wholesome amusement. Always been great at a coach and without sufficient time for practice, the team has earnest, and the interest in our part.

LETTERS FROM BATES MEN

MISS ELIZABETH JACKSON is confirmed to her room by an ace of guitarists.

Miss Mary Hodgdon, went to New Glens, for the weekend.

Mr. and Mrs. Lewis of New Hampton, N. H., visited this week, Dr. and Mrs. Deane, last week.

Miss Carolyn Jones, ’21, had the misfortune to spin her ankle but was able to finish the hockey games. As nurses were not sufficient to prevent her from playing the town, she has been able to get some exercise in the amusement of croquet.

John Hale, ’23, is teaching for a few weeks at Freeman, Maine.

Miss Kathleen, ’20, is still in college. Lawrence Cottrell, ’20, stayed over Sunday on the campus.

PROFESSOR ROBINSON ENTERS TAIPE MCKINLAYE.
