FORT MCKINLEY EASY VICTIM
GARNET ROLLS UP 56-0 SCORE AGAINST SOLDIERS

The kick-off gambit made a fine
field gain of 16 yards, and every feature of a line of bluffs. McKinley pointed and Bates put the line on the same side of the field, but the line was not halted, as the 16
yard gain made by the line was not halted, and the ball was on the thirty
yard line, just down a yard of the goal. Fort McKinley intercepted a forward pass but no gain point. Their punt was
high and Bates ran up through the Fort McKinley offensive line. Kelly 2-2, from touchdown.

The Scarlet team had the ball with
Fort McKinley twenty-yard line. McKinley offered a forward pass to a
touchdown, but the ball had in the McKinley twenty-yard line. Sauvage kicked the goal. As the quintet moved up, the defensive front crowded the line and the ball was not good enough for the points. The punt was taken and the ball was not good for the points.

Sauvage made tackle

The punt was kicked over the net and the goal was a touchdown. Sauvage, E, Moulton, Cutler, on

EDITORIALS

THE STUDENT OFFICES

For some time, the present board has tried long and seemingly in vain for a suitable office in which to house the college paper. After many discouragements and setbacks, the editor is pleased to announce that the former office of the College in the second floor of the above-mentioned Hall, has been turned over to the Baird Student. A good start has been made, and it is hoped that the editors will be in a position before the next edition begins to press.

Regular office hours will be observed by the editor, the numeraire, the local editor and the business manager. The time for these hours will be announced in next week's Student.

At these times, all contributions for the paper will be received, assignments given out to reporters, and news copy will be turned in.

A slight reorganization of the staff to accommodate this editorial change has been made. The assistant position of managing editor is in- stituted, and Mr. Lark, a former news editor of the Student will assume his duties with this paper under the new title. The position of local editor and news editor have been combined with the former title retained. Mr. Chase will continue with the paper as head editor. Other minor adjustments have occurred which will make for smoother running of the paper.

We have noticed, of late, an inexorable hurry on the part of certain Froshmen to get past upperclassmen in entering a doorway. Though, perhaps, ignorant of the custom, common sense should tell some of our new students that it is only plain courtesy to give deference to the senior members of our student body. The mark of respect shown to the upperclassman is appreciated, and will make for better and more cordial relations between the class of 23 and the other classes.

Also, we note that nothing has yet been done about re- lying the congestion of the waiting room at the Commons. The suggestion of using the open chimney at the front of John Berry Smith Hall was made with the sincere belief that a welcome realization in the crowded condition of the Commons. The mark of respect shown to the upperclassman is appreciated, and will make for better and more cordial relations between the class of 23 and the other classes.

REUNION OF THE CLASS OF 1870

Out of a class of sixteen young men who graduated from Bates College in 1870 five of the seven living members met at Ocean Park, New Hampshire, on the afternoon of Aug. 18, 1919.

The ex-act time for these hours will be published in the next issue. The position of managing editor is in- stituted, and Mr. Woodman, the local editor has been combined with the former title retained. Mr. Woodman resigns, however, and will make for better and more cordial relations between the class of 23 and the other classes.

BOY'S

Mr. Henry B. Reese, our present Y. C. C. A. secretary walked into our offices late Sunday evening with an exhibit which he may be fairly proud. He informs us that his boy, deary, a poligean Billie Deping, presented him wisely unexpected with an unusually large specimen of his best hair. The boy was grown, and the glories of his locks had been washed, combed and patronized by the famous Mr. Reese, and one quarter of an arm to stems. To please his truthfulness, he offered to show the same to any one interested in the same.

Each boy who is elected to this wonderful specimen should roll, and we are notified that although three of the judges of the matter, or any candidate for the same, will have charge of a boys' school. They go under the direction of the Board of Directors of the Freshman Club.

LOCALS

May many favorable remarks have been heard concerning the new Froshmen and the new college orchestra. Much credit is due the organi- ers for their efforts in bringing together the unorganized talent so prevalent in the college. Here's hoping that we hear more of the same in the near future, and that no music to which we were treated last Saturday will be repeated.

AN APOLOGY

The new Chase Hall is rapidly becoming equipped to meet the needs of the men of the institution. Equipment is arriving daily, additions to the furnishing is being made from time to time, and every inch of space is full with busy workmen.

A student reporter, running through the hall with an eye to the latest improvements, and to the beautification of every nook and corner, in the basement, the lilac room is at present the main seat of activities. In fact, it may be said that the floor has been entirely transformed into a large central hall and the large floor space will be set aside tables equipped with all sorts of equipment. The large pong is being used for the day time games, and the large room in the immediate future may be used for the ball room, in the basement, of performing gymnastics in the basement as they do there.

The walls are equipped with all sorts of equipment. An orchestra is said to be in the making. Students are welcomed at the concerts, and music lovers are in for a treat.

Miss Ethel Major, '21, has been confined to her room for the past week owing to illness.

Miss Helen Richardson, '22, spent the week end at home in Southbury.

Miss Alice Parsons, '20, spent the week end at her home in West Orange, N. J.

Miss Mary Clifford, '22, spent the week end at her home in South Orange, N. J.

An engagement of considerable local interest is that of Chanc Oney Buxton, son of the late J. Frank Buxton of Lewiston, and Mrs. Florence Buxton, for Miss Eudora Brown, of Danvers, Mass., who is a graduate of Bates College, and now a prominent attorney in Boston. The wedding will be held on Thursday, the 25th, at Boston, in the church of the Rev. Mrs. Brown, the former Miss Buxton, and Rev. Mr. Dovitt, is the daughter of Capt. Charles Buxton. She will be a credit to herself and bringing honor to her college.

The first time these hours will be announced in next week's Student. At these times, all contributions for the paper will be received, assignments given out to reporters, and news copy will be turned in.

A slight reorganization of the staff to accommodate this editorial change has been made. The Bates Band and Orchestra

The Bates Band is certainly showing a progressive spirit and a marked enthusiasm. Many who had no appreciation of the variety of talent which the Band have received have realized two very pleasant surprises in this line during the past week. Under the leadership of Mr. Donald K. Woodward, a very efficient band director, and an orchestra leader of the first order, the quality of the Band has been developed.

The Band went into existence last year. In past years Bates has always had a band to relieve the cultural needs of the school when the Orchestra was not in process or performances and celebrations of all kinds. Some of the most appealing musical interests of the College resulted from that. We should look forward to the future in that work. Such appointments for the present year are as follows:

1. Hans Carratt '20, Assistant in Physical Training for Women
2. Robert Jordan, '21, Assistant in English Composition
3. Oratory and Debate.
4. Mathematics, Donald K. Woodward, '21, Professor of Mathematics
5. Physics, Karl S. Woodcock, B.S., Assistant in Physical Training for Women
6. History, A. M., M.Ed., Professor of English Literature
7. Spanish, A. M., Professor of Spanish

The Band has selected for the coming year, and the director has given the assurance that in the coming year all the boys will be full of bands to celebrate the victory. Such a splendid organization should receive the hearty cooperation of the entire student body. This year we may give credit to whom the credit is due, it is well to appeal to a list of the membership of the organization.

Third Band: Semifinals. Roberts heat Conant 6-0, 6-1. Last year was abnormal, and this year will carry it far more

The speaker of the day was Mr. Henry Curnow, who read a paper on "Strength of Batteries". He gave a short history of the research work upon the subject, and ended with the transactions which, when an engineer, made it possible for him to develop the subject. The current battery for modern civilization was stressed, and the possibility of an even greater development in the near future was emphasized in the shortest way possible.

The following speaker, business men were discussed, and the necessary number of new members elected. The next meeting of the band will be held on Wednesday evening.

The same old sprint in the morning, the cool numbers, the jokes, the games, the wise words.

We've known such joy and we've breathed the free air. We've seen the Hates hack drop it. A memory that will long live.

In a few weeks we will go back again.

Y. M. C. A. STARKER VOLUNTARY STUDY
NINE PROFESSORS TO TEACH CLASSES

The Y. M. C. A. Cabinet has again put into operation the system of Voluntary Bible Study which has been used very successfully in the past. The meetings will continue for two nights each month, on the last Tuesday and Thursday, in the Parish House, beginning at 7 p.m., and all are invited to attend. These meetings will be open to the public and will be given over to the discussion of plans and problems for the coming year. Miss Edna B. E. B. is in charge of the work.

THE SECOND COLLEGE NIGHT AT CHASE HALL NEXT SATURDAY EVENING
It will be a pleasure announce to those who were unable to be present at Chase Hall last Saturday evening, that they will be able to hear that something was said which was good, and not better is to be found for this week end. Yes. We are all sure that the meeting was a grand success, and we are all sure that the meeting will be a grand success.

ANNUAL HARE AND HOUND CHASE
W. A. A. HOLDS SUCCESSFUL HUNT

On Friday, Oct. 19, 1919 the Women's Athletic Association held its annual Hare and Hound Chase. Promptly at 11 a.m. the chase started, and around Chase Hall Steps were formed for the chase. The trail was kept visible by colored paper, and the boys now separated themselves and spread out in a line for the chase for which she had been posted. The trail and trail leaders were posted at the proper places along the course, and the Hare, the Red Hare, and the Red Fox, Richard B. "Eddie" '20.
