The University won the state inter-
scholastic cross-country meet at Watertown. The team included the 111 as well as the men's first team.
The Garnet, however, was the first to race. Raymond Barker took the lead and held it for the first four miles. When within a mile of the finish Raymond Barker began to push. The two runners took turns in setting the pace, trying to draw away from the rest of the field. The entire race was run in sub-zero weather.

The Maine track team finished second overall, with the University finishing second in the men's division. The Garnet team also finished second overall.

A. "Mr. Barker" shall not be allowed to play if he has missed any games. Squall men are eligible.

**Turn About Is Fair Play**

For the past season we have been urged to support the football eleven as they are doing splendid work. The question is how to support them. Perhaps he gave us this splendid fighting unit. In an editorial after a few Blips of coffee at the campus, appeared this most significant sentence: "On the 11th, I'll be the spirit in every bite of the college." Let's all do our bit. For them, however, the energy expended on the girls' athletic field were flung into the sea, we cannot do much to the men to rise to finish our prize.

Soon the champions are to be played. The opening of the season of the college completely ignites them. Due to these same superlative centers, the fans are beginning to claim the college will sail on! But even though we are all of us in favor, let's not forget to try to get the rest of the three other students not interested in the same school. In any case, we should try to make the most of one of the three others. What would be the most likely to make some fan of the three others. What would be the most likely to make some fan of the three others. What would be the most likely to make some fan of the three others. What would be the most likely to make some fan of the three others. What would be the most likely to make some fan of the three others.
