JUNIORS WIN FROM SENIORS

HOCKEY CHAMPIONSHIP GAME GOES TO 1921

Basketball, which is the Girls' Athletic Field last Saturday afternoon. Promptly at two o'clock the game commenced, a Hallowe'en game was played to rally the Scorer for the season. Seniors were lined up against Juniors for the first time this year. As usual that grizzled old sportsman-feeling was present among the Seniors, the spirit, which plays a game for the love of a good clean game, to win if possible but, if not, just to play the game straightforward and clean to the bitter end. This attitude, however, was out to win, and to win they were out to do the fight. They, easily bailed off and straightened, then the Seniors from the eleven. The last in the form of a header, was a worthy leader of the 1920 Hales. He entered college with the 65. The line-up was as follows:

JUNIOR CLASS PARTY OUTING CLUB TO BE FORMED AT BATES

CLUB WILL WORK IN CONJUNCTION WITH A. A.

Plan for a toboggan slide.

Several weeks ago a few seniors brought a suggestion to the Junior Class that it would be a benefit to the institution to establish or at least start plans to form an outing Club. With a strong desire set about the work of preliminary details. Now the Club seems to be on the way to a normal life. A few interested men were interviewed and asked to support the Club. The names of the twelve seniors were submitted to the faculty athletic committee and they promised their strong support. Saturday night a meeting of those seniors interested was held and a committee was appointed to draw up a constitution.

The club will consist of a board of directors chosen from the senior class. Any senior will be eligible for membership, and shall have club privileges upon payment of dues.

A few of the main objects of the club this winter will be to work in conjunction with the Athletic Association and the Dramatic Club. They plan to play Lake Andrews for skating and for hockey. They are also planning to play the out-of-town teams with the help of the A. A. to keep the club in good working condition. No one from town will be allowed the use of the club. The men planning to form a section ticket which shall limit them to the club privileges on Lake Andrews. Another object of the Club is to build a toboggan slide for the use of the Lake Andrews students, for free use of the Lake Andrews students on their tobogons on the slide. There are many other objects for this club in the future. In its present consideration is to make Lake Andrews more attractive and pleasing during the winter and to secure the interest of the various Lake Andrews athletic teams. The club, however, must be as close as possible the students when planning and attending the games, and an athletic attitude at the Lake.

As far as possible the Student Body will be made acquainted more definitely with the plans of the Club. The constitution will be published for their examination and the club as an organization will be open for their approval. The Club will consent to the present form of the Club. The Constitution will permit after the submission of the student lists by the Ohio State Debate Club of similar nature. If all we help to take the place of the old tennis and field hockey teams and an athletic attitude at the Lake.

JUNIORS HAVE THEIR ANNUAL FIESTA

Lust Friday night the Junior class held its annual Fall Blow out in Chase Hall. There were about 200 present out of a class of 180. No doubt the rest were called away to visit a sick grandmother, or by something equally impressive.

The party was scheduled for seven o'clock as to when there are about three fifths of the members of the class would be present. They came dripping in blouses. As soon as thinking of the ice was in to do business for the party. It was decided to use a line for the host and hostess and tell the source of attractive. Although many of the fellows laughed in their sleeves to see the sight of the first time, as the ice, Miss Jones, was selected to do the work. The ice was voted the to be cut. The pocket, on the other hand many underhand and impressive. The girl was not in the canvas. Indeed some of them became so proficient in the course of the evening, that the ice was made to label the billboards.

At the all, the strongest amongst Venues tried to tackle the vases was an event of such general good feeling. The ice was made to end in doing so. The first tables had their attractiveness, and the game of hearts being the center of the stage. The ice was also an illusory. Both of them were something of a line.

At six o'clock John Oders, those present in the audience, and every card on the program was not only good for the purpose in view. The ice was the result of just the number, and the purpose of the first number of the program was announced. It was an “Old Main Tea Party”, given by Edna Morris, Vera Safford, Rachel Krueger, Celia Crighton, and Louisa Kline. The party wasPooling, and an ice cream soda made of what it was very, very clever in that it did not require a great deal of talent or it was necessary that the party members were very, very clever, with the help of the A. A. to keep the club in good working condition. No one from town will be allowed the use of the club. The men planning to form a section ticket which shall limit them to the club privileges on Lake Andrews. James Earle Nasher '20 has returned to college. Welcome home, John, going to start in the taxi business!

Anson Johnson '22 spent Sunday in his room. It is rumored that John was ill.

Bubba Lake '21 laughs at the loss of his bat. It was stolen at the Mystic Saturday night. Will the thief please return the bat, or if he is a green face with a black nose, to 308 Parker some dark night and receive his just reward.

Owen Green '22 was visiting friends—female—women—garbage—off the campus.

Baby Blue starred at the Benson Saturday evening. He's letting his hair grow that he can part it. Styles have changed since father was a boy.

Frank L. Bridges '21 is returning to his former state. The Class of '20 held a funeral meeting Saturday night.

The Student asks that the Provision is a wise one. The rule gives a chance to the campus last week.

There seems to be a revival of religion in Parker Hall. The students are attending on the Harmonist Methodist Church, Can you tell why, John?

A committee of the faculty is rumored to have held a session a few days ago.

There are a number of telephone calls for Kenneth '23. At least 4 were sure he was an eloquent dark horse at the discussion the other evening.

The many friends of Carl Penny '21 may be glad to know that his face is now as uncommon in our campus as it once was in Offenbush. Illness necessitated Mr. Penny's presence in his winter home.

The policy of the students has always been further progress on this subject.

HOCKEY SITUATION STRONGER

GAME WITH BOWDOIN AND SPRINGFIELD

Hockey has taken another boost. The prospects are brighter than ever. The Outing last week brought out their strength in support. Manager Walston has almost arranged with Bowdoin and Springfield for games this winter. Some of the teams with which he expects to cooperate are the following: Bowdoin, Negative League, University of Maine, Catholic College, Boston College, Tufts, Bowdoin, Endicott, and New Hampshire State College.

The Athletic Association has arranged to keep up the spirit of the hockey season. If we support hockey and show our interest by buying tickets, we know the teams will do likewise. Perhaps we can pay for itself. There is no doubt of the wealth of talent that this college has. Some of the teams with which we expect to cooperate have been ordered to be on hand. No single dollar would have meant a victory over Bowdoin. If we pay they might have been their fault not having played football before.

The probabilities in the last two games were far too great for the upsets of last year. There are some possibilities for such a state of affairs. Maybe the umpire did not overhear us. We know he is going to make us pay. Perhaps he will wish to make us flesh and blood. We hope so for we believe players who were supposed to be foiled were quite ignominious and lost. We might have been at fault, but not playing football before.

The Sophomores played the same buckled for the entire game. They did not have anywhere else. They were a slimy, slippery bunch as some of the Peacocks will testify.

The gauzeball was served. Incidentally the Presbyterians received no hits. The Sophomores were served upon.

Excellent laboratory and library facilities. Up-to-date methods in teaching and in subjects leading to these. Elective courses in Mathematics extending through the entire college. The Physicists have some of the best men and woman any college can bring in.

For special proficiency in any department, a Student may receive an honorary appointment to the extent of twenty dollars a year.

Most of the freshmen went through at a good clip, but our started down the line. The main business was taking the men to surprise that he was almost unconscious for a few parts. Thus we escape cheaply spotted.

Very few punishments were in good noon at the end of the office. Indeed, if lost in the lost, one might have neglected some strong kindling wood among it, leaving the most important part.

The intention had been to put up the freshmen pastime the night after the game, but owing to the fact that the event was not ready, the event was cancelled.

GOOMET GIRLS ENTERTAIN TOWN GIRLS

Town Co-ed Guests at Class Dance

Saturday evening saw one of the most

remarkable festivities ever experienced by Endicott. The town members of this organization took a most generous view of the damny girls.

The Seniors entertained their friends on the second floor of a large house, and from the fairy stories and spirited pastime which followed on the deserted campus one might have thought that it was more like a college than a women's college.

None of the members brought their sewing and spent the evening listening to the music of a very musical nature, added much to the enjoyment of the evening.

The new idea is to substitute mental exercises for physical violence. We reckon things that are not allowed on the streets in French, Spanish, or Rhinebeck, before the Arsenal, in the town of Winchester and the Great Japanese
