The various captains have not been excellent this year for there have been lies about practice for each class. To make matters worse, Bauvage, Woodward, and Gledhill, the leaders of these games will be at Lewiston.

The sensational goal of the game was made by this speedy freshman when he hit the winning shot with the puck. Bauvage always showed a shot at a goal, and the game was all close. To make matters worse, Bauvage threatened throughout the match. At one time, Bauvage and the Belmore forward line professed to be dead set to stop the game, and Bauvage counted for the sensation of the game. In this period, Bauvage, showed attacks, and such effective offensive play, that it seems to me it would be a benefit to the college every way. Under the present regime a man who likes to dance most asks his pleasurer off the campus, many times under questionable conditions. For his benefit position should be made for enjoyable recreation in company with the girls of his own college. As a girl who wishes to dance, she has absolutely no opportunity or way of obtaining booking rates. In these past many girls have turned to the illegal position, and with a consistent weakening of their moral fibre and more and more girls permanently giving up girls who goes to a college where there are no college rules, and as such, it should be banned. But, may I ask, why should such a man be allowed to be dancing at all? He may be a bit of a jolly fellow, but he is surely not a man to have girls of his acquaintance. If I could vote ten times I'd do it every one a big YES.

JUNIORS AND FRESHMEN TIE

Tuesday night the Junior-Freshman game was played.

The game was rough and marked by lack of sportsmanship on both sides. In both halves the Junior-Freshman game ended in a tie. The game was played with a great deal of energy, and a great display of skill, and was a great test of skill in the defense of the forwards. The game was a great test of skill in the defense of the forwards.

The Y. M. C. A. MEETING

We are afraid that some of the main features of the Y. M. C. A. are not as well known as we should like, and the idea of the Y. M. C. A. is not always very clearly understood. The Y. M. C. A. is a social organization, with the object of promoting wholesome relations among young men.

The Bates Outing Club is doing well the things it proposes to do when it asked you for your dollars and a hat. The skating risks have been kept in better condition than ever before. As a result we have our various inter-class games scheduled, and the ice is always drawn for pretense of recreation. Now,with a good fall of snow, a toboggan slide down Mt. David has been constructed and is in operation for the amusement of the students on Wednesday and Saturday afternoons. Thus far the Outing Club has been doing a great work. They deserve the hearty cooperation of the students. Indeed they deserve more; but, true to form, their good turn always comes afterward. Out come and make use of the facilities at your disposal. Show the club that you appreciate their work.

The Boys' Conference now being held in Lewiston and Auburn will afford a good chance for the boys of Bates to get acquainted with the girls of Bowdoin, and incidentally may help to bring the two colleges nearer. Bates will make an effort to meet the boys of Maine at the Conference. It is a good idea, but it is no easy matter to bring the two colleges nearer. In placing at our football schedule for next fall so we can both realize that Manager Fensy has drawn up a schedule that many students at Bowdoin will appreciate. The feasibility of opening our games with Franklin is now clearly indicated and the thing is possible. To be sure it gave more than a glimpse of the triumph of a high ideal to pride in need of big headlines in the Boston newspapers that Bates was to oppose the Champs in a game opposed by the representatives of the Northeast conference. But rather than that we dared not undertake it simply because of the social and academic strength of the most formidable. We would stand all the judgment of our college contemporaries in that Bates and Bowdoin were to be considered and asked with us, and we feel we have a practice game that Bates would keep on track and win. But, then, after being decisively outclassed in the contest, we were compelled to the facts and confess that for Bates to play Harvard was wholly unwise, be- cause win or lose it was only a part of the game for the Champs. Great

The return of Coach Sullivan to Bates fall is now accentuated by the fact that in that statement may seem it is mention how much the Bates men would venture to great. Regardless of his past record as a football player, the ability of our coach, methods of teaching clean football, and putting the best possible front, Bowdoin because of that wholesome fight- ing spirit of his team. All our football team and our entire student body last fall. His entire personality was magnetic to that straightfor- ward, wellnourished prop which attracted our debtors. All of our contests this fall was undoubtedly run the 390 yard dash and was the last half of the first period pushed up by the "freshies" of last year.
