GLEE AND MANDOLIN CLUB TRIP

The combined Men's Musical Club gave their first concert Friday evening at Biddeford. It was held at the High school hall, under the auspices of the Biddeford High School Athletic Association. The whole program was carried out very successfully, Woodbury's graceful recognitions of applause being a great addition to the features put on by the Mandolin Club. Readings by Paul Potter were highly appreciated. Rochens and Morris also were called made up as of Tracy, L. Tracy, and Stevens gave a selection. It proved to be a delightful concert however in spite of the loss of the new strings.

DEBATING BRIEFS

Bates has recently received a request from Bowdoin for a dual debate this

year. In view of the fact that one schedule has been completed and that another debate would mean much trouble, the request was granted on

three conditions. These were, that Bowdoin should enter a three year contract with Bates, that Bates should make the same offer, and that the debate be held not before April 10th. Bowdoin's reply has not been received as yet, but whatever her answer, Bates has proved her desire and willingness to meet Bowdoin in this activity.

FRESHMAN HOLD PAIZE SPEAKING

Bates Freshmen take pride in their "genuine" interest in the Freshman activities. They are kept informed of all the latest developments on campus and are always ready to lend a hand when needed.

HIPPOLYTA

Hippolys, a tragedy by that master, Esopides, is a tragedy of interest.

First, the queen, wife of Theseus, is an interesting character involving love of Hippolyta. What happens is what can, the audience, will find out, when they come to Manhattan Hall on March 12, Miss Gladys Hall as the Hermion announces to be the star of the production, while Miss Sadie Smith as the new Nora is exceedingly fine in her part. Mr. Dabehalak, as Hippolys, gives an excellent charade formation of one man of the street.

It has been said that college life is a period of preparation for the great life work which comes after. That is true. But there is more to it than that. Formerly there prevailed an idea, which fortunately is becoming obsolete, that college life is a period of idleness and recreation, where the student does not have to think or to do anything in particular, and that the only preparation for the great life work which comes after is made in the four years of college. This is not true. College life is not a period of idleness and recreation. It is a period of preparation, a period of study, a period of effort. Women of the University have

Nominated Government

Student government for the women of the university has been discussed in the past. If student government is inte-

leted in the plan has been pleased to

put it into practice. For the past few weeks student government has been in

effect and while it is still too early to judge, the results so far have been very

satisfactory. Of course the rules and by-laws are not perfect and we do not

expect to be. There undoubtedly will be some changes be-

fore everything will be straight and a big step has been taken in the right direction.

The attitude which the women are taking is rather hard to decide. Some of the roles

may be termed the "educated" kind of a student. Other girls are taking a more

casual construction of the plan and are not so interested in getting the right idea.

On this page, the text starts with a heading, "THE WAY THEY DO IT AT FRANKIE," and then goes on to describe the student government for the women of the university. The text discusses the attitude of the women, the rules and regulations in place, and the effects of student government on campus life and organization. There are also references to specific student activities, such as the Music Festival, and the role of chaperones in ensuring proper behavior. The text is clear and informative, providing a detailed account of the student government's impact on the university's female students. The use of adjectives like "satisfactory" and "satisfactory" demonstrates the approval and success of the student government's initiatives. The text concludes with a statement about the continuation of student government for the women. The overall tone is informative and positive, reflecting the university's commitment to student involvement and leadership. The text is well-structured, with clear headings and logical organization, making it easy to understand and follow. The use of specific dates and names adds credibility and context to the information provided. Overall, the text is a comprehensive overview of the student government's role and influence at the university.
