SUBSTITUTES SHOW UP WELL IN GAME AT PORTLAND

Calvin's game with Bowdoin, Prout of Bates, in the Portland game on May 14, is a feature of the day. The features of the day were furnished by Davis and Langley and Bowdoin's feature was made only with three of the men of the game. Calvin's game with Bowdoin's feature was made only with two of the men of the game.

The Bowdoin team was started with the trial of the 180-yard dash. (Continued on Page Three)

DEFEATS M. C. I.

The second team defeated Maine Central Institute on the field at Pine Trees, having made only two errors and touched up M. C. I. in the first inning. McAllister, Morin, Jackson, and Searcy had the ball for the three outs. Coach Smith gave all the players a chance to practice and with them in the line-up by the batting order the team was

THE OLD BATES FIGHT

The conduct of a few men at the game with Norwich Tuesday was quite commendable and we must speak in the same way to another group of students. To look on or to cheer for your team is not in vain. But let us not try to discover if it really was our team that was the cause of the student miseries (as a rule the names of the guilty men are never mentioned) let us give them our support. It is true the team is not in the best condition but the work of the Sophomore Club has been of great help to them. We want to see our team do well.

LOCALS

Bill Johnson has moved into Room 23, Parker. Henry P. Johnson '20 paid a short visit to his brother, Augustus. 

THE CLAUDE

Thus the efforts and courtesy of Prof. George, the forestry students who have just elected the excellent F. B. Smith and the experienced and charming H. F. Moore, will result in a great improvement in the appearance of the Arboretum at Bates.

SOPHOMORE DEBATES

The Old Bates Fight has been going on for a long time. It is characteristic of our student body that its members are not after a quick and easy victory but rather after a steady and progressive improvement in our college spirit. Let us then give the Sophomore class that championship just as much as we have given it in the past.

BIOGRAPHIES

Those who have been visiting the great north country have seen that the work of the Sophomore Club has been of great help to them. We want to see our team do well.

EXAMINATIONS FOR APPOINTMENT OF CADETS AND CADET ENGINEERS
The Coast Guard General has concluded a competitive examination, commencing July 15, 1920, for appointment of cadets and cadet engineers, which is in an exceptional opportunity for young men of the age to compete for their advancement in the sea service. Successful applicants will receive special training at the Coast Guard Academy at New London, Conn. Each cadet will receive a monthly allowance of $15, which will be paid during his stay at the Academy.

COLLEGE SENIORS!
Business Training Fellowship
The Metropolitan Life Insurance Company offers to boys and girls trained in college a chance to make a career, one they may consider and will prove desirable.

Colleges and training schools in the United States are invited to present for consideration two able and promising seniors in the junior year, who, at the end of the academic year, will be ready to enter a technical college or training school. The work will be of the highest quality; the students will be provided with facilities for completing the course in the college of their own choice.

The nature of the opportunity is such that no other college fellowship or scholarship offers such chances. Young men and women are invited to apply to the Metropolitan Life Insurance Company, 212 Broadway, New York, N.Y.

The opportunity is in the nature of a prize for the best work accomplished during the college year, and is made available to help students who would otherwise have to seek work in order to support themselves.

A circular giving full information about the competition may be obtained by writing to the Director of the Metropolitan Life Insurance Company, 212 Broadway, New York, N.Y.

Prospects are good for a winning cross-country team is the full. Some of the men who were so aptly described by the "late" coach, R. A. Bates, are the most promising of the young men who have been in the college for the past two years.
