Entire issue sold after matter has been posted at the office of The Bates Student, Bates College campus, Lewiston, Maine.

PrinTed by Mitch. & Wettar Co., Augusta, Me.

EDITORIALS

Once again a Bates team has won a championship—this time in baseball. Despite occasional reverses on the field, and somewhat ill-fated suppressions at times from the student body the team played the game, and when the real tests came it won. Any fair-minded person must admit that Bates won on merit. Too much credit cannot be given the players for the fine showing.

Friends of Bates everywhere gain heart to be heartened by the winning of the championship. It is but another indication of the new era into which Bates is advancing. She has proved that her athletic teams are capable of winning, and are of high caliber. Successful athletic teams cause favorable comment, and attract students to the College.

The student body also has profited greatly by the experiences of the past baseball season. We have seen the students united and working together as a team. The support of the student body is one of the most important factors in the development of the team. The bonds of team spirit and togetherness are strengthened through the shared experiences of competition.

It is in this last issue of the Student that we depart, and we wish to extend our heartfelt wishes to the members of the team that they may reach the summit in the future. We wish them every success, and we look forward to the day when they may take us to the top.

Our thanks to all those who have contributed to the success of the team. We appreciate the efforts of all who have helped to make this possible. We look forward to the future with excitement and anticipation, and we wish the team every success in their upcoming season.
