Christian Internationalism Subject

Of George Colby Chase Speaker

Bates College students and friends of the institution who filled practically the entire seating capacity of the chapel Wednesday evening were privileged to hear a very interesting lecture on what most of them anticipated would be a very special subject. "Christian In-

nationalism Subject" was the title of Dr. Hughes’ discourse. Dr. J. U. W. Hughes, who delivered the lecture, is, in this country in attendance upon the great International Brotherhood Con-
gress which met last week in London. Dr. Hughes, who is director of the Inter-

ational Committee on Education in War, in his address made one of the principal addresses. It was the first of a series of lectures by Dr. Hughes on the subject of internationalism and Christianity. The first lecture was on the냇hee conflict, the speaker declared, was a result of the two world wars and the seven years of conflict.

Dr. Hughes made a very brief, but ap-
propriate introduction, and Dr. Hughes sum-
ed the afterthought. His brilliant m-
imen Gray made a very brief, but ap-
appropriate introduction, and Dr. Hughes sum-
med the afterthought. His brilliant mas-

Dr. Hughes’ address was keenly pointed up by the right patch by the preliminary address on "The Great War and the New Order" by H. H. Loory and Lawrence Gray, who is a priest and a

PUBLISHED FRIDAYS DURING THE COLLEGE YEAR BY STUDENTS OF BATES COLLEGE

AUGUST 28, 1920

The Student has always strived to be a representative
NEWSPAPER OF BATES COLLEGE

Our feature of the Bates-College gay which attracted a
number of interest from the local community is to be
considered.

Now we 'off-campus' people consider it as a little
better understanding and a refreshing change with
our college friends.

It is our advice to wish for this understanding, to completely 'bridge'
the gulf as apparent between those who, fortunately or
unfortunately, live on the campus and those who do not.

The world is a little more inclusive where it may supply an urgent need.

Instead of being a little speck for the world a definition will be
accepted.

We would like to see some action in the matter before it is too late to be
of use. Doubtless Chase Ball, and now that privilege is denied to many of
the men until after it is too late to be of use.

The Editor to the Bates Student:

The Student has always strived to be a representative
organ for the whole student body. Did you ever stop to
realize, however, that nearly one-fourth of the students are
practically ignored in its columns?

Read a typical example of interestingatory from the Local Column is to be
considered.

In fact we 'off-campus', people consider it as a little
better understanding and a refreshing change with
our college friends.

Chase Ball, and now that privilege is denied to many of
the men until after it is too late to be of use.

The Student will go far towards this understanding, to completely 'bridge'
the gulf as apparent between those who, fortunately or
unfortunately, live on the campus and those who do not.

"Jot It Down"

Here is a fascinat- ing tool you can always have in your pocket for 50 cents. It does something that is very practically helpful. You write whatever is in your mind, without being bound by the limitations of space. When done the "Jot It Down" book can be written on again and again.

Better buy a "MOORE"

for it is handy in your pocket. No more writing on the back of your hand. No more writing on your shirt. No more worry about your handwriting.

"SHAKING OR COAXING"

is the way to get a business customer, but a MOORE is the way to get a customer to keep buying. A MOORE is the only fountain pen that "cares for itself". It will not leak. It will not "jump". It can carry a MOORE in your pocket handy. Males have a fountain pen and females enjoy the convenience of a MOORE. Better buy a MOORE for your school, your home and your office. Your patronage is appreciated always.
