TEA IN HONOR OF FRESHMAN GIRLS
I. C. S. & A. ENTERTAINS

No longer are the initials, I. C. S. & A., a mystic symbol to the new girls. On Thursday afternoon the committee members of the Intercollegiate Community Service Association entertained. The parlor of Story Street House were decorated with flowers and streamers. The soft glow from the cherry fire on the hearth and from the shaded candle cast a pleasant light around the room. Miss Hazel Ward, the charter member and president of the executive Committee, opened the meeting. Miss Vera Eldridge, Rives Logan, and Elvis Myers, all members of the class of '21, assisted.

Miss Myers explained all the meaning of I. C. S. & A. In part she said—It is intercollegiate because the idea is being liberataed in more than twenty colleges by some four thousand students, in two states schools being Miss of sub-chapters by thousands of alums in big cities and little out of the way places.

Personally—because it is bigger than college. There is somewhere a place where one is not a member, somewhere one becomes a benefactor, somewhere one is always known because of the common welfare.

Service—because no one is exempt from it; because the greater the profit holds the greater the obligation, because every one works in a part and take of it.

Money—because it is the true plan that wins the game.'

There came a time in the supervision of the various committee would fall off the work which the local Bates group was making. It was at this time that Miss Mary Bartlett who has charge of the committee came forward.

There are a group of girls who go to this Home every Sunday afternoon and bring in and old and young of which they suffer, if it were not for the girls who work there the work would be impossible. The community is always a party when a birthday is celebrated there are always paper candies and when there is illness among the flowers and calls. Can you imagine a little of the happiness which is gained from this work of the committee?

Not far from the Old Lady's Home there is another, the Children's Home Miss Prudence Tenney, in charge of it.

She began by saying that this service was not of a pessimistic kind but one that benefitted everyone—a service which added one to the whole and the good imparted and then divide that the good was pretty good after all and line up behind that good and push it.

BATES WINS CHAMPIONSHIP IN CROSS-COUNTRY

Eykulookis Wins Faculty Tea

Under the auspices of the Enthusiastic committee, the young women of the Junior, the sophomore and the members of the faculty ladies, Friday afternoon at 3 o'clock, a faculty tea was given.

The room was prettily decorated with yellow paper decorations and setting up with their silver service, plates of delectable sandwiches and cakes. Miss Maud Cutter "Kitty" Haines and Eunice Pilbrow placed in a most graceful manner.

After a pleasant social hour, the skeins were drawn, and as by magic, the groups were transported to a joyous scene, dimly illuminated by gas light, in the donnor saloon. Here the suspense building hospitality was over everywhere, the music played on, the waiters moved about with slipped feet, Dance music floated from behind the dance stage, its noise was not suited to a ladies' function, but everyone thought that the music was a delight.

A pleasing feature of the evening was the elaborately served tea, sewed yard by yard; by magic, and by magic, the tea was served, the music was played on, and the waiters moved about with slipped feet so that the sweet music was to the accompaniment of dance music. With a delicious melody the singing was over and the tea was over.

Miss Mae W. Blackmer introduced the judges' names by a most pleasing piano solo. Miss Gladys Dowling gave a reading entitled, "The Old Iap Be Here But The Man Is Dead" with the accompaniment of the violins.

As soon as the appliance had died away, there seemed to be a short intermission, then the cordon fell upon the restful part of the program.

fort to keep the alley smooth, and a little more consideration on the part of those who change, and bowling will come into its own here at Bates.

KEEP UP THE FIGHT!

Whether it is the roads, whether the goal, or whether it is our little Bates band—the student body has certainly backed up the football team this fall with the enthusiastic assistance given by the student body at all times.

The plot against the state, and the plot against the state.

The state says, "We have devoted our attention to the plot against the state, and the plot against the state.

Let's set them up in a new Alley

If you have used the bowling alleys in Chase Hall this year, the topic of this editorial will attract your attention and impress you immediately. If you have not, you are afflicted with a case of "blindfold ignorance" concerning the relative condition of the only alleys we have in our college community.

Geological formations such as cakes, dribbles, meandering river valleys and ravines, have nothing to do with the surface of the bowling alleys in Chase Hall. No matter how much you may look for it, you can never ever become familiar with it. It is the essence of the condition. The problem of the Pins is such that the fellow who undertakes to set them up can get more "spare" and "strike" any time than the fellow who is trying to knock them down. If the ball rolls down the meandering alley it could go near enough to the pins by some lucky chance, the atmosphere or whatever his passage would knock them down all by themselves.

Of course this may be a slight exaggeration of existing conditions. The following are the reasons why the bowling alleys in Chase Hall are in such a condition. The tuition of $300 is paid by the students, and the bowling alleys are the property of the state. In 1914, the state went out of business and the bowling alleys were given to the University of Maine.

The University of Maine has not won the cross-country championship in its history, but the University of Maine has given us a great surprise Friday. Surely there could not be found a more deserving home for the cross-country basins than right here at Bates. The other colleges were good bowlers. Not one had any offer at all. Coach Prett of Maine was perfectly willing to give the victory in the Garnet rummies, although it was an excellent bowler. This was not offered any offers at all. Coach Prett of Maine was perfectly willing to give the victory in the Garnet rummies, although it was an excellent bowler.

This morning that same bunch that fought so hard for Bates in the Garnet rummies is sending for tickets to the New England Intercollegiate Cross-Country Meet tomorrow. We can only wish them luck; but win or lose, we are behind them.

OUR GRADUATES

Dorothy M. Johnson, ’24, is teaching English in the High School at Sanford, Conn. Her address is 2300 Maine Street.

G. E. S. Stone, ’26, has been appointed to the Harvard Graduate School of Education and is taking a course for the educational degree in school administration.

Edward C. Mather, ’25, has been appointed to the Harvard Graduate School of Education and is taking a course for the educational degree in school administration.

James E. Morey, ’26, is the proprietor of a large garage in downtown Des Moines.

Benjamin Meyer Casser is a second year man in the New England School.

Mrs. and Mrs. Raymond N. Taylor (Harvard Master 84) are residing in Boston, Mass. They were married last June.

A very interesting and healthy new recruit has been received from Colorado. Charles D. Smith, ’26, who has just returned from visiting relatives in Des Moines.

Miss Ethel Lewis, ’25, is working for her degree in the department of French and Romance languages.

F. W. H. Robert, ’26, has been selected for the initiation ceremony at Bates today.

Miss Elizabeth Wallace, ’26, who has been a successful teacher for more than three years ago, is the famous class in the department of French and Romance languages.

Miss Ethel Wright, ’26, is a student in Wells High School.

Miss Taylor, ’26, is a student in Morehead High School, Rapha, Mo.

“Summertime,” July 9, 1925, contains a valuable article by Donald Nicol, “The Future of the Majority Party.”

Harry M. Carter, ’26, is at Bates College.

Miss Ethel Weymouth, ’26, is at Wells High School.

Miss Taylor, ’26, is a student in Morehead High School, Rapha, Mo.

“Summertime,” July 9, 1925, contains a valuable article by Donald Nicol, “The Future of the Majority Party.”

Harry M. Carter, ’26, is at Bates College.

The Trustees of the Bates Alumni Loyalty Fund held their annual meeting last week, during which more than $10,000 was contributed to the fund.

THERE was a considerable electioneering during the degree of A.B. and B.S. Convocation voting for our next president. Many students were present. Several of the candidates made speeches. They had all been campaigning for the past month. The candidates were voted on by the students. The results were as follows:

Dr. C. W. Hartshorn, A.M., Professor of Modern Philologies.

BRUCE A. McdONALD, A.M., PH.D., Professor of Modern Philologies.

WILLIAM R. TAYLOR, A.M., Professor of Modern Philologies.

D. GRAY CYPHER, A.M., PH.D., Professor of Modern Philologies.

D. R. BROWN, A.M., PH.D., Professor of Modern Philologies.

FREDERICK C. LEDDE, A.M., Professor of Modern Philologies.

SILAS H. BARTLETT, A.M., Professor of Modern Philologies.

OLIVER D. BERNARD, A.M., Professor of Modern Philologies.

CLINTON A. BROWN, A.M., Professor of Modern Philologies.

LEONARD B. BROWN, A.M., Professor of Modern Philologies.

WILLIAM R. TAYLOR, A.M., Professor of Modern Philologies.

HUBERT H. DAVIS, A.M., Professor of Modern Philologies.

ROBERT G. FITZGERALD, A.M., Professor of Modern Philologies.

WILLIAM H. HULL, A.M., Professor of Modern Philologies.

GEO. W. B. THOMPSON, A.M., Professor of Modern Philologies.

LEONARD B. BROWN, A.M., Professor of Modern Philologies.

LEONARD B. BROWN, A.M., Professor of Modern Philologies.

The President of the United States has been confirmed for a term of office, an ideal college professor whose four walls have sheltered him from the chill of foreign affairs of the world and whose theoretical knowledge of world events need not be the same as the innuendo for the high office he now fills. His first four years of "rule" were too intensely dealt with to ever referring him to a tremendous popular majority in the residuum of the affairs of the Nation for another term of office. Often came the war and its consequences. Pondered the thought that the wisdom of it would make all future wars impossible, the President is believed that the League of Nations is part of the treaty of years. His influence, by one mind, would destroy the order of things. His acquiescence to the same procedure of previous generations, would set back into the old order. It is not, as the constitutionally designated authority of our country, the safeguarding of the affairs of the Nation for another term of office. Often came the war and its consequences. Pondered the thought that the wisdom of it would make all future wars impossible, the President is believed that the League of Nations is part of the treaty of years. His influence, by one mind, would destroy the order of things. His acquiescence to the same procedure of previous generations, would set back into the old order. It is not, as the constitutionally designated authority of our country, the safeguarding of our families, ourselves, or our future materials, that any service in the use of which facts in the case. What those facts are can be only be cleared by a clear analytical use of the law, the more than any other single course of action, the events have led up to the crisis before us in the settlement of greatest war the world ever engaged itself in. For what? For the apprehensive, for imagined wrong, for commercial supremacy of a group of Nations for capitalist or what it be, for the prevention or indulgence of these facts for the purpose of perpetuating future wars in this world.
