NINETEEN VISITS TO LOCAL CHURCHES

GERTRUDE LOMBARD, PRESIDENT,

The Easter meeting of the Y. W. C. A. was held on April 2nd at 7:30 p.m. in the Eclipse Room. The topic of the evening was "The Easter History," and was presented in a technical way many undergraduates for active service. Much of the success this year is due to the interest shown by Mr. Minzie. The division is divided into three sections, nearly three. They are sent to the churches where they conduct the services for that day. On several times one of such a church was visited.

A fifteen-member committee visited Mr. Merkle; Robert Clifford, '22, chairman of the division, made the report for the division. It has been a most successful and active year for the students of the division. The number of students who have attended the division, by the luncheon committee consisting of I. Reynolds, President; Gertrude Lombard, President; and Mr. Paul Libby, Chairman of the division, was decided. Perhaps they counted up the alumni of Bates and decided that such alumni would be called on to give at least a dollar. Perhaps they counted up the alumni of Bates and decided that such alumni would be called on to give at least a dollar.

BATES ACTS AS HOST
TO HIGH SCHOOL DEBATERS

On our campus we have as guests this week-end the chosen debaters of the high schools of Maine. Let us make known the fact that we are proud and glad to have them here with us.

In fulfilling our obligation as host, we are repaying an obligation we owe to the Bates Debating Council, under whose auspices these debaters are being held.

The most conspicuous work of the Bates Debating Council is found in its intercollegiate contests, yet the organization and operation of the Bates Interscholastic Debating League is by no means a minor one, for it is this success which has marked the progress of the League is a proof of the service it is rendering.

BE A BUILDER OF A BIGGER BETTER BATES RATES

Rattling along audibly from the local pen ofJack Spyatt, and is taken from a drawing which he has just sent in as a part of his contribution to the publicity campaign now in progress. Jack has struck the right note.

"BILT BuLLER"

These words express the magic spirit which is going to put the Million Dollar Drive across.

There is nothing vague or ambiguous about this phrase. It is a clean-cut challenge for all enthusiastic, active, constructive supporters. It demands single-minded devotion in planning, in doing, and in giving, for our Mother Bates. It brands passive loyalty. It is a summons to sacrifice. It demands single-minded devotion in planning, in doing, and in giving, for our Mother Bates.

The tradition, which is a way of understanding these words, which has marked the progress of the League is a proof of the service it is rendering.

SOCIETIES

The Girls’ desk and Mandella Clubs are to give a concert Saturday evening at the East Aulum Group.

PERSOCl CLUB

The last meeting of the Press Club took place in the Hall, Monday, April 14th. Several interesting topics were discussed. This club is held during the term and meets every other week during the year. Each meeting is held during the term and meets every other week during the year.

The Best Business Career

Is what every ambitious senior is thinking about at the present time. Life insurance is one of the best, one of the most desirable, and one of the most satisfactory as a permanent calling.

In assets and volume of business, life insurance is one of the three leading businesses of this country, yet the field is comparatively under-developed.

As to remuneration: Reports of the most desirable, and one of the most satisfactory as a permanent calling.

FACE FLORAS. Whiskers is inelegant

If a Prof. taught a course in Whisker Crops and their Removal, he'd probably call them Face Flora.

Is there an easier way to remove them— the whiskers, not the profs?

Razor edges were never keener than they are today. Why do some shaving creams still make the tears come? Especially tender upper lips and chin corners?

Here is plain reasoning: Hairs can't pull if they're properly softened by the right lather. Any lather won't do. You know that. Williams' shaving cream softens the toughest bristles. Its unusually heavy lather softens the beard down to its very base. Few soaps can do that.

Try it—just once—and you'll never be without Williams' shaving cream near your razor.

PROGRESS MADE IN CAMPAIGN PLANS

(Continued from Page One)

— the bigger and perhaps more worthy productions.

The committee: Carl Brooks, 72; chairman; John G. Fogg, 73; treasurer; 72, John Beards, Jr., 75; and James Harnett, 75, selected.

That the Party, "next year, confer a total of the Primary in all the states, as the preferred to be produced.

Trends for the race are already strong.

Plan for setting the almost climactic "moment" of the coming Conference of a MILLION have progressed rapidly.

The Boston Alumni Association, the Worcester Alumni Association, the Boston Alumni Council, and the Executive Committee on CAMPAIGN have all held recent meetings, at which President Harring's Faw into process with plans and suggestions.

The following letter was sent to every alumni:

The Million Dollar Fund

Boston College, Lewiston, Maine

April 3, 1902

To the Men and Women of Bates

A hour was spent in Boston, Monday, by the Fund Executive Committee, composed of representatives from the various divisions.

Details plans were made for putting across the million plan of the campaign.

To raise the Million for the most needed men's generation challenges every ability. We can not ask others to help us unless we have first helped ourselves.

The First Twenty Days of May will be the time when every graduate must get under his shoe of the task. The challenges that are made will be payable over a three-year period. This summer vacation will be significant by special projects on the part of many alumni, classes, and undergraduates to earn their subscriptions.

From Commandant-on, moreover, the alumni will be requested to encourage their friends of the 7th Bureau.

April is the month for the perfection of local alumni machinery for the drive. Every graduate is to be a member of a campaign division. There will be as many of these as there are natural geographical centers, existing where there were possible to subdivision of those areas.

The officers of the existing alumni associations are now asked to choose the extension of the three or four, representative of both the older and the younger men and women, and report to us the names at once.

If there is not an alumni association in your vicinity, please consider yourself a candidate for the roll of our own. We are looking for the nucleus of our future, and every one of you who will help us.

You, please the Bates spirit, can do much.

Add your Bates neighbors and multy your power.

GARNET OPENS BASEBALL SEASON TO-MORROW

Captain Spiller Has Likely Looking Team—Five Letter Men Back

The sudden burst of warm weather early in the week afforded Garnet Lea Spiller an opportunity to run his co- team to the Athletic Field and study their work on the turf. The result was very gratifying to the many who are looking forward to a championship team.

In Captain Spiller, the Garnet has a man who will able to lead, one who has already proven himself as an able manager. He has been working hard in the box by "Hit" Price who has world's speed, and also by "Pony" Hamilton, the distinctive snareman.
