MILLION DOLLAR BABIES PLAN FOR ACTIVE CAMPAIGN

Will Give Substantial Help To Team to Hope to Produce Play

The undergraduate Million Dollar Fund campaign committee has started its drive, with fresh ideas and a new outlook. The funds needed for the coming season are $50,000, and the million dollar fund drive started on Tuesday by the American National Bank.

The drive is to be continued the entire month of October, and activities are planned for each day. The first day was charged with character by a court of honor for violation of rules.

Mr. Young as chairman of a sub committee of the American National Bank committee, is making arrangements to stage another play. A Prince There Was" with Thomas Meighan starring. As an added feature to make arrangements for the production, Mr. Young as chairman of a sub-committee of the group, will be busy with the preparation of the different classes and campus organization.

The undergraduate committee is also announcing that the American National Bank committee of one million dollar play at one of the local theaters later this fall. Receiving the successful vote of the underclassmen, Mr. Young is "Nothing But The Truth" but the best show of the season. The feature film was "Million Dollar Babies" will supersede play. The Auburn town girls were especially up to the task, and Mr. Young as chairman of a sub-committee, is making arrangements for the proposed play.

THE FIRST MOVIE AND DANCE AT CHASE HALL

Were Enjoyed, But—Would That The Time Was Longer!

The first movie show of the year to be given in Chase Hall was held Wednesday evening last, and enjoyed by every seat in the hall taken. One of the most enjoyable features of the evening was the showing of the first picture of the season. The feature film was "Nothing But The Truth" and the audience was especially satiated with the viewing of this picture.

The characteristic attitude of this film is one of the best pictures of the season. The feature film was "Nothing But The Truth" and the audience was especially satiated with the viewing of this picture.

THE CROSS COUNTRY TEAM PROMISES TO BE ONE OF BEST IN YEARS

WITH THREE LETTER MEN AND A LOT OF GOOD NEW MATERIAL, COACH JENKINS HOPES FOR SUCCESSIVE WIN

Two years ago this fall for the first time in the history of Maine Intercollegiate Cross Country race the team from Orono met defeat. The winner that year was Bates resoundingly as Mr. A group of students as ever stepped over the finishing line. In connection with this year's race it is recalled that "The Maine State Board has given the hopes of the Bates would be able to furnish some competition. At the time the course conditions were such that no one was ever over it to complete. That was the year when the two teams fought through the snow and under these trying conditions. The characteristic attitude of this film is one of the best pictures of the season. The feature film was "Nothing But The Truth" and the audience was especially satiated with the viewing of this picture.

**THINGS BATES NEEDS MOST**

We need to feed, first, that Bates means more than a mere place to get an education. It is the home we are to live in for four years. Is there any period of our lives which will produce finer impressions that we get, associations that are made, and feelings that are alloyed, than these four years? We should like to see that he who is interested in the college holds the ideals they expected to find here. If we live up to our ideals and assume the responsibility of not allowing college to go down those ideals, then Bates will be a better place to live in.

The spirit of the college is reflected by the alumnus, but it is the alumnus who makes it. To have a strong college spirit, we must be loyal to the ideals of the college and then have the enthusiasm and strength of character to live up to and carry on these ideals.

**CHARACTER EDUCATION**

Woodrow Wilson's declaration of the primary function of a college has passed for a long time without amendment. It was while he was President of Princeton University that he declared the purpose of a college to be the training of men in scholarship and "character" to be merely a by-product.

At last this cherished ideal of the President has been challenged. The Atlantic Monthly contains in its last issue an article entitled "Who Shall Go To College," from which we quote: "As the president of Brown and Bates have stated publicly, scholarship shall be only one qualification for candidates." The added qualification must be that of character.

President Wilson's statement was not startling from the point of view of students, but it was a very real shock to the world. The real vitality may be injected in the educational process.

Press Club and News Bureau to Advertise Bates

Every Student is Asked to Cooperate in This Work

Bates news are to be broadcasted across the country in a series of programs and syndicated all around of before if the plans of organization of the Press Club and the News Bureau is realized. Beginning with the Oxford debate which provoked editorial comment in New York and Philadelphia newspapers, and was carried in the press as far south as Wash-

To the eyes of the directors of the publicity work, Mr. Warren C. Davis and Dwight E. Looby, Bates is nothing but a great news manufacturing plant and the more activities the undergraduates are interested in, the more material there is of interest to the American public. Nothing will be so important to be of interest to a local paper like the Norway Advertiser or the Lewiston Morning Journal—and these items will be adequately covered by the energetic members of the Press Club.

Chairman of the Press Club editorial board, T. B. Pinckney '33, has outlined the work of the other members of the board, W. B. Gavin, John E. Cohen, Miss Frances Cook, and Miss Irene Goddard, in such a way that each member will act as an expert on a team of three or four other members of the board, who will be responsible in turn for the publicity of the activities of that particular campus group. The work should be done by students directly or indirectly acquainted with the plan is very simple. Having the ability to put a brief sketch or feature article of each student who receives an honor, serves on an important committee, or is elected to a class office, must be certain that there is someone who is acquainted with the officers of every one interested in the Press Club and the News Bureau is working the Press Club to spread the name and fame of Bates far and wide.

The Press Club and the News Bureau is working the Press Bureau office and have their club activities recorded on the calendar.
