STORY TOLD OF FIRST BATES BOWDION GAME

Wm. Garcelon Bates Grades Address Meeting of Boston College

The true inside story of how Bowdoin beat Bates 30 to 6 to back in the '90 was told in the Bates College Club of Bowdoin last Thursday evening by William F. Garcelon, a Bates graduate, and said to number with much pleasure that he knew 12 individuals on the Bowdoin team over Bowdoin. That was an item which helped to see Mr. Garcelon's memory of that decisive afternoon, before he had to go out toAttor

GARNET HOCKEY STARS MAKING GOOD THIS YEAR

BY JOHN F. O'NEIL

Sporting Editor

The present hold in athletics, caused by mid-year exams and the quarantine, affords no opportunity for a retrospect of the 1923 Hockey Team. So far, the season has been most successful, and the success has attracted the attention of a prominent Boston sport writer who states that, "Bates College which has always been proud of its national distinction in debating circles is now attracting national attention in its hockey team which"

STATEMENT

The Bates Student is being published this week under rather unusual circumstances. The Editorial Board, with the rest of the student body, is quarantined. We must look to the phone and mail to get into close touch with the publishers of our weekly newspaper. Through the phone and mail we will tell you of the activities of men who have been unable to gather in person for the regular date of publication.

This week we have had to step up our efforts in order to keep this magazine coming out on time. We have had to be "back to work again.

STANLEY CLUB HOLDS BANQUET IN Rand Hall

23rd Annual Gathering In Honor of "Johnny" Stanton

For the twenty-third time in as many years a Stanley annual banquet was held last Saturday night. The members of the Bates men returned last Saturday night to pay annual homage to the memory of Prof. Geo. F. Praetorius, who was a more or less intimate associate with his years of service.

Following a banquet served by the college department of household economics, the evening closed with the banquet group and master, Dr. E. V. Call of Lewiston, in the entertainment. The other points of honor included the stanza of the Chapel. It was a dinner to be particularly worthy of mention in the fact that the girls received an invitation to keep in their activities and a house system that came from within, not from the outside. For housing students, the Bates system in and out the way students are housed is probably one of the best, and is a great credit to the system. It was a dinner that contained full experiences with the system.

"Oh, there is no public spirit in foreign countries today. All Europe is in trouble, terribly sick and it is up to each man and woman as we are raised at Bates to make a decision. Every man should have a goal, and with this goal and active cooperation, we may hope to lend some positive aid.

"UEHAPL AFIRE!"... BUT IT WAS ONLY STEAM ESCAPING

Parker Hall Brigade On Hand to Put Out Blaze That Wasn't There

"Chapel afire!" was the cry that passed many a sleepless Parker Hall in- nite last Sunday morning and colored the first full day of quarantines with a taste of more or less excitement. From the windows of the dormitory there could be seen great puffs of "smoke" pouring forth from one of the cupolas of the Chapel.

Of course. all students are familiar with Parker Hall's system of alarm, and when "Chapel afire!" was passed over the interphone most people were certain that something was wrong, and if it had been the "hissing" sound, or some other system had been heard, there would have been a general rush to put out the blaze of the Chapel.

The students were immediately caught up in the "Piano!" bandwagon, who had passed through the halls of the building in his previous that personne was seen even until the morning of the next day. Hurrying into the burning building our hero raced rushed to the center of the disturbance.

The Bates Student
THE REVIEWS OF FRIDAY, FEBRUARY 9, 1923

The RELAY TEAM
Coach Jenkins was up against a tough proposition last week in picking his relay team for the Portland Meet. He had some pretty good runners to choose from, and the selection of the team was no easy task. The coach was finally able to make his choice, and the team proved to be a fine one. The Bates relay team is one of the best in the country, and the members of the team worked hard to get it in top condition.

THE REFORMED AND LIBERAL

The Reform and Liberal is a weekly newspaper published by the students of Bates College. It is an important factor in the life of the college, and its influence is felt throughout the campus. The editor of the newspaper is always responsible for the editorial column and the general management of the paper. Every subscriber to the Bates Student, who is a member of the college, is entitled to a free copy of the Reform and Liberal.

THE COLLEGE PUBLISHING ASSOCIATION

The College Publishing Association is an organization of students who are interested in publishing. Every subscriber to the Bates Student, who is a member of the college, is entitled to a free copy of the College Publishing Association Newsletter. The newsletter is published every week and contains information about the activities of the association and the progress of the publishing project.

The Editor in Chief is always responsible for the editorial column and the general management of the paper. Every subscriber to the Bates Student, who is a member of the college, is entitled to a free copy of the College Publishing Association Newsletter. The newsletter is published every week and contains information about the activities of the association and the progress of the publishing project.

LITTLE DOCTORS

One little doctor
Looks you through and through;
Can't diagnose your case;
Then there are two;
Two little doctors
Fail to agree;
Call a consultation;
Then there are three;
Three little doctors
Peek you over and over;
Seek for a specialist;
Then there are five;
Five little doctors
Tiring fancy tricks
Order you to bed;
Then there are six.
Six little doctors
Preparing you for heaven;
Call in a Dr. G;
Then there are seven;
Seven little doctors
Decide to operate;
Call for a surgeon;
Then there are eight;
Eight little doctors
Think it is your spine;
Send for a neurologist;
Then there are nine;
Nine little doctors
Ail of them to bed;
Send for Nurse Williams;
Then there are ten;
Ten little doctors
Wandering by your bed;
Come to a decision;
Find you dead.

Wile the selected doctors are occupied with their various problems, the patient is left to ponder the nature of his illness. He wonders whether he will live or die, and whether his condition is serious or not. The patient is faced with a difficult decision, and he must make a choice between life and death.

GARNET HOCKEY STARS MAKING GOOD
(Continued from Page One)
In individual scoring with a total of 14 goals, Edalin, who is playing his fourth and last year in the three-year, is one of the three being looked at by the director of a major league, and a master of the bling bling, and is being followed by the mass of the newspaper exchange. So far, Joe's aggressive style of play has been a bore to the three-year. At the present time he is out with an earache, but it is hoped he will be able to do his skating before the curtain falls on the hockey season.

Dick Stanley, who has been shifted from the wing to the defense, still manages to range the park despite the fact that he is out with the flu. Although he has also scored four times, and shows good promise as is only his first turn with the greatest defense. Both Stanley and J. Stanley have also chucked up the yells, the hockey is for the Caesar of the team, and the latter having heard the cries of the players, had entertained the scoring list but he has crossed a hurdle on the defense. It is the danger sign of that трие that penetrates the Baxter defense. Stanley has handled the ball deftly and cooperatively, and deserves a world of credit. His exhibition against Princeton was first rate, and it is appropriate in the wake of the two games that we can state that the players of both teams were able to drive one past the Baxter netminder.

Last year at the Augusta Carnival, Bates secured the State Championship, and the first leg of the Grand Slam. Captain Eddie, child of the banquet, has decided that his garden will keep the Bates Campus another year. After that is settled the Bates sector will go to the University in order that the scholarship

FEED THE WILD BIRDS

To the Editor:

Witkemp Packard, Secretary of the Massachusetts Audubon Society, recently received a very urgent letter from a gentleman in the state whose property was infested with birds. The gentleman had been informed by various of feathered friends will starve in the coming winter unless something is done for them. Give them scrips from the table. Our winter birds withstand even the severest storms with ease, and they seem to have discovered that behind the snow covers the frozen forests, where food is abundant, and that there are seeds on which they naturally feed, they often starve in great numbers. Almost anything eaten is useful. With bits of broken peat you may teach chickadees and starlings to eat at your hand. Very many people are successful in this, and so are college students, fellows who have no chance to take the long walk.

It is for this reason that one of the College students was appointed to give the bird a piece of bread or a crust. The bird is a fine philatelist, and in saving them we save ourselves.

College students of today and certainly many of tomorrow college expenses by a public interest in this expense account of a young college student. The young man was

Rules, Fort Wayne, Indiana, were most fittingly recalled by the closing speech delivered by Mr. Moncrief, who directed us an "old man when he knew him, 20 years ago when his life of activity was at its prime, and is now down to events years. Professor Mason, who is a past president of the society for which the college is already famous. The committee is now in the process of deciding the department in which there is today acknowledged by the college.

What are the COnferences doing

It is customary in England to enter the boy's name for Elm College as soon as the boy is born. The Elm undergraduates are now filled under 1322.

The first application for membership to the class of 1932 was received at the registrar's office at Mount Holyoke College, about six months old, was registered for the fall of 1931.

Putting book learning ahead of doing business, President A. W. Whitfield and the Committee on the Student puffing election, which is not precluding students from enrolling in public or semi-public places.

We read in The Torch of Valparaiso that the new president of the University of Valparaiso (University (Maine) is especially strong in debating. The students are particularly slated over the defeat of the Oxford University team when it was in this City.

The Boston University Club is conferring the solicitation of a new home which would accommodate 5,000 college graduates. This building would cost approximately $4,000,000.

Blind from birth with his conceptions, he is a born student, is strong in driving from others, Joseph Goldblum of Indiana is studying astronomy at the University of Minnesota in order that he may the scientific requirements for him to be graduated from the College of Literature, Science and Arts.

Following the injury of eight freshmen and sophomore who were cut and bandaged in a school fight. Eighteen thousand students, all forms of information were submitted by the students of the University.

The Yale baseball schedule for 1923 calls for 20 regular games, 20 of which will be played at home.

Student membership of automobiles has been strong because of Picture show, and the interest, and the other students who take account of the number of students in which students have signed.

INTERCALAB HOUNDY

Petterson, who said to his companion during the course of a recent conversation, those interscalab hockey games. Much more common among the female participants, than to star as the sport houndy.

Kitty-Jack says he can read me. "You're a dumb dog who measures himself by the number of students who take account of the number of students in which students have signed.

The MATRIMONIAL BAROMETER

Jazz age is certainly changing the tone of the matrimonial barometer. Sam, aged 35, who is engaged in a ingenious picture show, is in the process of setting up a cabin for his wife. I'd rather not have you make that trip," he adds, "I'd just as soon you stayed here.

Mr. Shropshire, who has been corresponded with by a young man who was engaged in a matrimonial picture show, and who means that you are a very plain type.
