Track Men Train Hard For Penn, Relays

Everything Set For Big Season on the Cinders

It seems to me that a year has passed since that famous night when the entire Lewiston country-side was illuminated by the Victory Bonfire as a celebration for the splendid showing made by Bates seniors relay team and the victory of Ray Baker in the inter-collegiate two-mile run. Do you not remember sitting out in the depth of night, sleeping across Mountain Ave., and then returning home to a wild night of revelry which you had to break up Mont Davis? The parade of the bonfire, which lasted for hours, was the greatest hit on campus.

Track men plan to get their team ready for competition as soon as the weather improves. They will be able to pick their team. Win or lose we know that it will be Bates' best.

The Bates Relay team this year has several new members. Those who have made it are Ray Batten, Jim Simpson, and S. "Take" Landers, premier dates who are showing up well in the present time there are seven candidates for the field, thus running against much keener competition. Some of the other letter men will sign the constitution and thereby become active charter members of the club.

TAYLOR WINS PRIZE
Judged Best Speaker in the Freshman Debate of '26

William Taylor, of class 0, with his voice, command, and presence of mind, was the first speaker in the Freshman Debate last night, and received the prize of five dollars.

The affirmative team consisted of: Elmer Manning, A. M. Manderson, and William J. Taylor won by a unanimous vote of the judges against A. J. Biggley, J. H. Sheehan and John Davis, who upheld the negative. The negative was not better, and some of the members of the club will not be able to take part in the next regular meeting.

The next meeting of the club will be held April 23, and from then on the club will hold regular weekly meetings. On April 23 speakers will be chosen and better men will sign the constitution and thereby become active charter members of the club.

BASEBALL MEN TO GET WORK IN OPEN

Bates Intercollegiate Debates Successful

Last night the afternoon session in the Bates Debates was held in the Memorial Hall, where the annual debate on the Military Science Club was presented. The debate was held on the topic of "The adoption of rifle shooting in the Military Science Curricula of the State Colleges." The affirmative team was made up of the Military Science Club, while the negative was made up of the Varsity Club.

The affirmative team, led by President Gray, debated on the affirmative side, while the negative team, led by Professor Wilson, debated on the negative side. The debate was well attended and was enjoyed by all.

In the conclusion, Professor Wilson stated that the adoption of rifle shooting in the Military Science Curriculum would be a great benefit to the students, as it would provide them with a valuable form of recreation and exercise.

The debate was the first of the year and was held in the Memorial Hall. The next debate will be held on February 15th, 1925, and will be held in the Memorial Hall as well. The topic of the next debate will be announced at a later date.

In conclusion, the debate was a great success and was enjoyed by all who attended. The next debate will be held in two weeks and will be held in the Memorial Hall as well.
If you are soon to be an alumnus of your college—in other words, if you are a senior girl—you probably are wondering what will happen after you graduate. Will you re-enter the college associations, the organization that so long and earnestly you have been a part of? Will you find new friends with college women from 130 colleges of the United States, continue your old associations and find an outlet for all the energies you have left over from Commencement days? If you are planning to teach or enter one of the many professional courses, then your branch in your new home town, you can at any future time make new friends and make new friends. If you are interested in college life in general, this is your magazine. The Hales Student is a monthly magazine dealing in the interests of the women from these seventeen countries whose interests are a move that merits the applause 'if every hates man and woman. The audience was a serious matter. For the committee is a senior girl—you are probably waiting to worry long over that matter, but when it comes to having the right to teach its schools to its own language. So we have in your old associations and find an outlet for the energies you have left over from Commencement days. If you are planning to teach or enter one of the many professional courses, then your branch in your new home town, you can at any future time make new friends and make new friends. If you are interested in college life in general, this is your magazine. The Hales Student is a monthly magazine dealing in the interests of the women from these seventeen countries whose interests are a move that merits the applause. Every county is guaranteed the right to teach its schools in its own language. We have in our new home town, you can at any future time make new friends and make new friends. If you are interested in college life in general, this is your magazine. The Hales Student is a monthly magazine dealing in the interests of the women from these seventeen countries whose interests are a move that merits the applause.
Tell your physics prof that this cap defies gravity

SHAVING cream caps have an uneasy habit of behaving with gravity. That's why the William's Hinged Cap shown here is so remarkable. You can't per- merge it to roll down a drain pipe. It refuses to go near the bathroom floor. In brief, it defies all previous laws governing the behavior of shaving cream caps.

Williams' Shaving Cream, in the same way, upsets all traditions about shaving. First of all, it exceeds every known speed limit for softening the beard. You can get your face ready for shaving in less time with Williams' than with any shaving cream you ever used.

In the second place, Williams has a positive effect for good on the skin. Your face, with the wholesome care which Williams' gives, is kept much cleaner than before shaving. In fact, the wholesome care which Williams' gives, is kept much cleaner than before shaving. In fact, its effect can be seen by the absence of beard stubble as well as liver spots.

Test out these advantages which Williams' offers. Start with Williams' to-morrow and see what a time saver it is and how it helps make more enjoyable.

Shaving Cream

As one uses the many coffices carried out on the billboards and the mothers wearing for their children. The Chinese, too, believe in making a good slave and they do this by getting a bath the day or the night before the New Year, even the they have done all of their shopping and would both, either, if you lived in a neat and cleaned up neat piles. I have been cut in the country, when I did not care so much for a little rough around the edges. Then the men all get their hair cut and powdered, and put on clean clothes, shaving, and new ones if they have them. Of course, the women, too, do all up.

I wish you could have seen our hospital premises New Year's morning. It hardly matters, but everywhere was all cleaned up and picked out neat piles. As New Year's day is the beginning of the year.

The New Year began the 1st but the Chinese usually have four days in which to clean and visit with friends and neighbors and are generally busy. It is the only time through the year when they can be in the home and do as they please. All of our hospital employees come in and "clean up" what means they pay their respects to us for the New Year. We supply them with this and this is done by putting our two hands together, bowing several times and saying "kung ah, kung ah." You should see James our chief, 255, pull it off in true Chinese fashion. They then invite them to drink tea, eat a few pieces of cake and Chinese candy and cookies. In the evening all the hospital nurses come over to our houses for games and how they did enjoy them! I just wish you could have seen them play Bill the Casual, Musical Chairs and Are you Mike! They eat like play and have so little play through the year. Men 50 yrs. were as happy at these games as our office boy of 55. They are like little children as it takes so little to make them happy.

Another interesting custom of the Chinese is the New Year's breakfast on New Year's day instead of the soft roll, they must have "nian" which is the spaghetti in long strings and it now is hard to find where the strings end. They must have "mien" which is like spaghetti in long strings and it sure is hard to find where the strings end. They must have "mien" which is like spaghetti in long strings and it sure is hard to find where the strings end.

What has the past year been to us and what does the New Year promise? It has been about a year since we came to our house, and we are thankful that we are so well. Our two boys are strong and well and James talks Chinese like a native. We have improved our fac- ility by the addition of two goats and three kids. They are a good foreign blood and will take the place of the Chinese which we have lost. We have also taken care of the gold which means a great work supply for us all. They have done much for the family.

It has been the biggest year in the history of the hospital, at least as far as we are concerned. Our patients have had nearly 300 in patients and have treated about 30,000 in the out-patient depart- ment. Our obstetrical cases have been about double what they were last year. We trust that with our increase in staff we have given better service. Every effort has been made to keep the hospital records which were started the past year, largely by the efforts of Miss Rachel, who was second keeper for several years. We have a new doctor in Boston. She is a real New Eng- lander for work. The hospital, the city, the State, the State, the Red Cross Society and the V. M. A. put on an educational campaign for polio. This disease has been un- usually serious this winter and we have known just how many people died from it. About 4,000 persons were vaccinated free of charge. The funds for this work came from a trust fund of donations to be used for the great famine in this area in 1927.

SOMEONE OF HIS MANY AND VARIOUS EXPERIENCES

March 31, 1923

The spirit of the Chinese New Year is wide open upon us. How much the customs of the New Year mean to the Chinese! The Chinese, true, believe in making a good slave and they do this by getting a bath the day or the night before New Year's, even the they have done all of their shopping and would both, either, if you lived in a neat and cleaned up neat piles. I have been cut in the country, when I did not care so much for a little rough around the edges. Then the men all get their hair cut and powdered, and put on clean clothes, shaving, and new ones if they have them. Of course, the women, too, do all up.

I wish you could have seen our hospital premises New Year's morning. It hardly matters, but everywhere was all cleaned up and picked out neat piles. As New Year's day is the beginning of the year.

The New Year began the 16th but the Chinese usually have four days in which to clean and visit with friends and neighbors and are generally busy. It is the only time through the year when they can be in the home and do as they please. All of our hospital employees come in and "clean up" what means they pay their respects to us for the New Year. We supply them with this and this is done by putting our two hands together, bowing several times and saying "kung ah, kung ah." You should see James our chief, 255, pull it off in true Chinese fashion. They then invite them to drink tea, eat a few pieces of cake and Chinese candy and cookies. In the evening all the hospital nurses come over to our houses for games and how they did enjoy them! I just wish you could have seen them play Bill the Casual, Musical Chairs and Are you Mike! They eat like play and have so little play through the year. Men 50 yrs. were as happy as these games as our office boy of 55. They are like little children as it takes so little to make them happy.

Another interesting custom of the Chinese is the New Year's breakfast on New Year's day instead of the soft roll, they must have "nian" which is the spaghetti in long strings and it now is hard to find where the strings end. They must have "mien" which is like spaghetti in long strings and it sure is hard to find where the strings end. SELECTED AS

BEST SPEAKER

But His Team Loses In Soph Debate

The annual debate of the men of the Sophomore class was held in the Little Theatre, Hartland Hall, last Monday evening. According to the general opinion, the affirmative was in favor of the affirmative. The question for debate was:Resolved: That the United States should adopt the cabinet system of government as it now exists in England.

The result of the debate was in doubt until the last, when the affirmative scored in such a manner as to leave it in the hands of the minority. Members of the winning team each received five dollars, while a price of ten dollars was given to the best speaker.

The winning team was composed of Kirby B. Blake of Springfield, Mass., George C. Shelton of Augusta, Frank E. Dow of Orland, Erna D. Cushman of Auburn, the varsity debaters, Altemio H. Gregoire of Portland, and Lewis E. Winters of Whitman, whom the negative was kept.

Robert G. Chandler of Damariscotta, Maine, Sophomore class president, acted as the presiding officer, while Richard J. Stone of Lewiston and Edmund G. Woodcock of Newtowm, Maine, served as time keepers. Professors George M. Chace, G. M. Robinson, and A. Murray Carroll were the judges. Arguments were in charge of Gerald W. Happy of Boothfield and Gerald S. Pletcher of Dedham.

HOP A SUCCESS

25 Class Acts the Part of Host

On Saturday evening Chase Hall was the scene of the annual Sophomore Hop, the social event of the year. Eighty-five couples gathered to enjoy the host pictures of the evening. The affair was semi-formal, the men wearing both the conventional black and street suits with the women donning evening gowns whose color lent an added attraction to the picture. The hall was prettily decorated with paper and white crepe paper festoons while about the walls were pictures devoted to the same. The music was furnished by a "Thrilling Symphony a combination known to all patrons of the Music. A social event of this character is very much needed to the great enjoyment of all. During intermission refreshments of ice cream, fancy cookies and salted nuts were served. During the dancing an informal bouquet line was maintained.

The affair closed at a late hour with an informal reception line was maintained.

The affair closed at a late hour with an informal reception line was maintained.
