SOPHOMORES TO MEET IN ANNUAL DEBATING CLOTH
The men's division of the Sophomore Debating League will meet in the evening of April 28, in the college gymnasium, by arrangement of the faculty, that Bates shall establish debating societies.

The speakers for the affirmative are Zela Moberg, Richard B. Kibler, and James Russell; while Walton Parsons, Currierordinary in the college will preside, and Thurlow will take the negative.

Musical Clubs Entertain at Gardiner and Augusta

Gardiner and Augusta audiences were well pleased with the concert given April 11 and 12 respectively by the Bates Glee Club. The program included a variety of songs and instrumental numbers, and was given for the benefit of the Y. M. C. A., which is also well attended.
The Buck is Passed!

Some two weeks ago we wrote a "buck was. It was splendid. It was true. It was an idea. Current Literary society had planned an intercollegiate debate. The debate with Bates College was no foregone conclusion. But, it was the ambition of the Bates Debating Council to promote an intercollegiate debate for women. The Council has long felt that women, as well as men, deserve to take part in intercollegiate activity. It also felt that Bates women were eminently qualified to uphold Bates debating prestige in the academic world. Our friends in the college of whom our group is proud, is well staffed with a group of well-trained and qualified debaters. The debate with Bates was a real triumph. It is true that the Bates women had to travel far from the Bates College campus. But, the buck was far enough away. The issue was an interesting one, and the debate was an extremely fine one. The debate was in action, and all the probable sentiments are true.

The following extracts from the text will illustrate the above.

"The buck is passed!"

The Greek Play is with us again. Among the striking Greek figures which are popular today, the one which is most familiar to us is the familiar image of Wallace Vincent Gavagan and William Ernest Young.

The Buck is Passed!

The long anticipated moment has arrived! The Bates women at last are to engage in an intercollegiate debate. For several years it has been a dream of the women's group at Bates College to have an intercollegiate debate. But, the dream has not been realized. The reason for this is that the women's group at Bates College has not been fortunate enough to have the right kind of leaders.

History is going to repeat itself. If for no other reason than that the same old story will be told, again and again, the same old cycle will be played over and over, again and again. But, the same old story will be told. It is only a question of time before the cycle will be played over and over, again and again, until the same old story is told once more.

We are all aware that the Buck is Passed!

To the Editor, Bates Student,

Collecting for your generous suggestion printed in last week's Student in the effort that will make possible the long awaited and expressed desire of many students of interest, I would like to add my meagre amount toward meeting a matter which should be of interest to all members of the student body.

Since I have been connected with the college, my work has bought me into close contact with the janitors of Bates Hall. As I have been there day after day, I have been struck by the apparent lack of appreciation of some of the men for the building and its services. It is school policy that the janitors be given equal pay with the janitors in other buildings, and in time periods that are less arduous. Perhaps this is what is wanted by the janitors, but I wonder whether this is true.

Perhaps if we could better appreciate the services of the janitors, the janitors might be more inclined to appreciate the services of the students.

Sincerely,
[Signature]

JORDAN SCIENTIFIC LECTURE

Next Monday evening, April 21, the

Student will hold its April Jordan Scientific Lecture. The lecture will be on the subject of "The Nature of the Atoms," and will be delivered by Dr. Edward F. Roberts, Bates '88, great deal of interest. The lecture will be given to those who work in graduate work in bacteriology and immunology at Yale University, and give an idea of the new piece of work being done in the department of physiology and the use of the apparatus and preparation of advanced work in bacteriology.

Mr. Roberts lecture will be upon the "Nature of the Atoms," and will be supplemented by a description of the researches of Von Baer, Tschermak, and Tuch, and a paper on the work of Miss Vercenk and Mr. W. C. Fender.

The lecture is open to the public, and free of charge.

Y. M. C. A. NOTES

"It's easy to be good when people are watching us," said Reverend J. Charles Macaulay of Americans, "but how can you tell when people aren't watching you?"

In a direct and honest message Mr. Macaulay asks and answers four questions: What would Jesus do in my place in the hour of temptation? In the hour of sorrow? Of sin? Of sorrow in dealing with wrong? Are you pointed, out, when you were tempted, get back to God. In the midst of success He showed that you were a child of God when. Christ's great misfortune finds His joy in the company of God, and His attitude toward wrongs we foretell of that of forgiveness. In closing Mr. Macaulay says, "I find that kind of a life to all his hearers.

Y. W. C. A. MEETING

The annual Student meeting of Y. W. C. A. was held in the reception room of Nass Hall, Bandl, Wednesday evening. The discussion was centered around a comparison of the Bible after, the instruction of Christ, was a program original and very effective. The characters were perfectly portrayed by Katherine Elder, Emma Hilfiger, Andie Allen, Alice Sorensen, and Ruth Pemberton. The one act play was written by Ruth Harrington. The play南了"the nature of the Atoms," and will be supplemented by a description of the researches of Von Baer, Tschermak, and Tuch, and a paper on the work of Miss Vercenk and Mr. W. C. Fender.
