Carnegie Machine Confident Can Again Defeat Bowdoin

Injured Men Back In Harness As Day of Annual Clash Of Regional Colleges

Frosh Eleven Come Through With Win Over Stephens H. S.

The Freshman team took over Hamlin Field at Brunswick Saturday, and while the varsity was at Owosso, the first period was scoreless, but the Boys have had about three times as many players on the field for the game, which resulted in a score at the beginning of the second half. When the final whistle blew for the second half, the game was over, and the final score was 8 to 4.

Collège Symposia To Furnish Information For Steppers

The committee of the College Synposia has set to work to furnish information for the annual stepping. Take this opportunity to trip the light fantastic to the strains of the famous College Symposia (120). Take this opportunity to trip the light fantastic to the strains of the famous College Symposia (120). Today you can experience the thrill of the Open Line with appetites no one lessened by their retirement in the Arcy-Masy game of the Pine Tree State. Get into the BEAT BOWDOIN Atmosphere. Get into it as a supporter just as much as the players get into it actively. They have their work cut out for them. —You have yours. Let's have 600 minutes concentrated on one thing—BEAT BOWDOIN. Let's have 600 minutes concentrated on a trick. Two years ago this column had but one slogan—BEAT BOWDOIN. Last year our slogan was LET'S MAKE IT A THIRD TIME! BEAT BOWDOIN. This year our slogan will be—

The word tradition, as employed in college circles, has for a long time been quite a popular subject of discussion. It is often used to denote a certain body of rules and regulations which have been in force for a long time and which are looked upon as sacred. Nobody knows exactly how the game of tradition was first introduced, but it is said that it was started by some very wise and sagacious person who desired to establish a system of rules by which the students of a college might be governed. As time went on, these rules became more and more elaborate, and the students were required to conform to them in every possible way. In the end, it became almost impossible for anyone to violate them, and the students were compelled to live a life of strictness and severity.

A foreigner residing in London, for example, may be asked whether he is a member of the College of Bishops. If he answers in the affirmative, he is requested to perform certain acts which are characteristic of the College of Bishops. If he fails to perform these acts, he is considered to be a non-member of the College of Bishops, and is subjected to various penalties.

In the same way, the students of a college may be asked whether they are members of the College of Bishops. If they answer in the affirmative, they are expected to conform to certain rules and regulations which have been in force for a long time. If they fail to conform to these rules, they are considered to be non-members of the College of Bishops, and are subjected to various penalties.

In conclusion, it may be said that the word tradition is a very important one, and that it is looked upon as a sacred thing by many people. CROSS COUNTRY TEAM LOSE MEET TO SPRINGFIELD
Wills In First, But Springfield Bench Next Four Men With Tightest Two
His Ankie

The inequity of the Bates team, coupled with the loss of Bruce, who injured his leg in the previous meet, proved the undoing of the cross country team with Springfield. Although our men had established first, but Springfield succeeded in bringing her men for the next four placed runners.

Captain Frank Verrill was the second Bates runner to make the five mile course, in 21 minutes.

Ankle is not one of the Bates running team, but his presence in the heat shows the distress that the Bates team was being subjected to.

A meeting of the Maine Intercollegiate Track and Field Association was held last Saturday night for the purpose of considering the results of the University of Maine in withdrawing from the association last spring.

McDermott dropped out of the association last spring, refusing to continue as a member of the track and field team, because Maine did not send any team to the Eastern Conference.

Some of the delegates present were: O. B. Mikes, Manager, Woodcock, Bates; M. E. Hildreth, Manager, Bowdoin; C. T. Cook, Coach Manager, Manager, Bowdoin, Bates, All of Bowdoin.

The association included the opinion that the track and field team may send two representatives, and that there is no clause preventing the coach from giving the representatives, and the association is simply an opinion of the matter.

It did, however, agree that each college could appoint any representatives without making it clear that the graduate manager be one of them.

The association is a big step in the direction of the track and field team being given to the president of the University of Maine.

UNIVERSITY OF OTTAWA FOSTERS MATRIMONY DEPT.

Bureau For Securing Dates For Students Organized —Small Fee Charged

There are a number of universities that have established matrimony departments to help students find suitable partners. At the University of Ottawa, a bureau has been set up to help students secure dates for social events or potentially for more serious relationships. The department charges a small fee for its services, providing students with an organized and structured way to meet potential partners. This approach can be particularly beneficial for students who may not have had many opportunities to meet others. By providing a system to facilitate introductions, these universities aim to support the social and personal growth of their students. It is a testament to the commitment of educational institutions to the holistic development of their students, recognizing the importance of social connections in shaping a fulfilling university experience.
