Bates to Take Tip in World Series

The Bates baseball team will take part in the World Series next Tuesday evening along with the Western Reserve University team. This will be the second time Bates has been invited to participate in the World Series. The first time was in 1924, when Bates defeated Brown University.

The events were very close and exciting. The Bates team won by a score of 2 to 1.

The Bates men who comprised the winning team included on one point over Bates, the Baker team by an 8 point margin.

The winning team included John E. Stearns, John R. Allard, and William E. White, of the Western Reserve University team.

The event was attended by a large crowd of students and faculty members. The atmosphere was electric with excitement. The Western Reserve University team had been getting in a large amount of practice and was expected to defeat Bates.

However, Bates came out on top, winning by a score of 2 to 1. The game was close throughout, with many exciting moments. The Bates team showed great skill and teamwork, while the Western Reserve University team played with determination.

In the end, Bates emerged victorious, demonstrating their strong athletic ability and passion for the sport.
Well, the game's over, folks. Baseball is just a game. So is Bowden on football field, Mon- tly. Although Bowden may miss the Southern try, that doesn't mean he played a rotten game. They're doing it for us. If we had poor teams we should support them, because in the long run they are more interesting as any this year and to the new debaters belongs all the praise that we can give them. This debate is another tribute to the weaknesses of a child. He will be weak-willed, irresponsible and doomed to scorching criticism. Our attempts are ridiculed and our failures will be held up to ridicule. We must take an interest in what they are doing, because praise that we can give them. This debate is another tribute to the new debaters and to the man to whom, more than any other, its success belongs. This debating AND the man to whom, more than any other, its success belongs.

AN IDEAL

"College men and college women! How often have we heard speakers use these words. How often is it said that we ought to know this; and another day, and another and another, until it becomes as monotonous a sound as the hammer beating on a nail. We can't pass up any chances to help the finances of the paper.

Baseball is in the air. And Track. And Tennis. Let us not forget that men on these teams are forging many a pleasant afternoon for the rest of us. And the river bank in order to put the name of Bates above the other. We must take an interest in what they are doing, because we will fail if they fail, and the team will fail if the individuals fail. We can't pass up any chances to help the finances of the paper. The need of the present day is that youth must realize its responsibility and come into its own."

THE OREGON DEBATE

With clever logic and remarkable oratory an entirely new Bates debating team upheld the tenets of New England: that conservative and democratic government should prevail, against the proponents of a popular government, a government of the Oreganians. The debate was as interesting as any this year and to the new debaters belongs all the praise that we can give them. This debate is another tribute to Bates debating and the man to whom, more than any other, its success belongs."

PRES. SILLS TO SPEAK  
AT OPEN MEETING  
TOPIC—LEAGUE OF NATIONS  
POLITICS CLUB

The Politic Club has been very fortunate in securing as a speaker for next Friday, April 21, President Bresnahan C. W. Sills of Bates. President Sills will discuss the League of Nations from a general aspect. He has recently returned from a trip abroad and is well prepared to speak on such a question. The meeting will be held upstairs in Chase Hall or possibly in Barbara Hall. It is to be an open meeting and everyone is cordially invited to be present. It is hoped that a good number of the students will make a special effort to attend this meeting in order to avail themselves of the opportunity to hear Pres-  
ident Sills.

HOLD RALLY  
TO ORGANIZE  
ROYAL ROOTERS  
MANY CHEERS EMBRASED  
RALLY

Loud and many cheering needs  
from Hibbert Hall a week ago. There will be another opportunity for an organized cheering 
section for the coming football and track meet. It is urged that we continue to have what shall be known as the “Royal Rooters” section which will attend every game  
and give the teams real home-advocacy support. 
There was plenty of excitement at the rally but the men were put to shame by the female to the matter of attendance although Roger Williams can proudly boast of a 100 per cent attendance.  
In previous years the support by the student body has been very poor and every effort will be made this time  
to establish a strong cheering section. 
Many cheers, new and old, were heaved at the rally and Wyllie continued them ably. At the next of these meetings a large delegation from the men’s side of the campus would not be seen.

WOMEN’S POLITICS CLUB MEETS  
No Action On New Members  
MISS FLETCHER SPEAKS

The regular meeting of the Women’s Politics Club was held in Corbin Library last Monday evening. 
The name of new members were presented for consideration but no action was taken.
Cordella Fletcher gave a very interesting talk on “Better Rouelage”. She first sketched briefly the history of this problem and then took up the particular difficulties in Rhode Island. 
This latter part was presented in such an persuasive but amusing as well.  
The meeting closed after a short question period.

MACRAME CLUB  
There will be an important meeting of the Macrame Club Monday evening in Lisbon Room. 
The officers for the coming year will be elected at this time.

NOTICE FOR MEN  
Attention has just been brought to the student that some cons  
cription has resulted due to the  
invitiation of the new law as  
for the men’s call at Chase Hall. It is already necessary that the mail be addressed to BATES  
College with the correct box number. In the box number  
alone is put on. the mail will go to the box of that number in the  
next post office. 
This matter deserves the at-  
tention of those interested in get-  
ting their mail the rest of  
the year.
