BOB-CATS IN TRIM FOR MEET SATURDAY

Dopsterau Award Bastes
Endorse for Victory

Having spearheaded their cause on New Hampshire State, the Bobcats are
spicing their trim for the annual Midwest Interfraternity Track and Field classic,
at Waterville. Early season deer gave
gale, peppered with the usual last-minute
crashes, and a perfect track and field
meeting at Mrose have supplied the
university with a most sightly and
worthwhile offering. The Bobcats are maximum in their prophecy that Bates has more
speed and more dash than it possibly
has it. In short is it safe to say that the
Bates team will be a one of the most
interesting. For the uninitiated the
Bates will be speeded by the magnificently
coached Mrose team giving with
enlighted, impatiently waiting for the opening of the
university's match, is July 2nd.

The famous Bates Debate

DO YOU REMEMBER THIS?

Bates Debaters Leave for England
ON TO WATERVILLE!

The most important subject of immediate interest to us is the State Meet at Waterville tomorrow. Newspapers have been busy the last few weeks picking the winners. Down at Brunswick, every one feels that Harvard is due for a repetition of their win of '92, but Maine has lost its edge. The Maine is not afraid of Conklin, but his ability to run on the track in Maine's absence is a question. The meet is in a week and we must all be at our best to take our proper place.

The place is a wonderful one for a track meet. The stands are all perfect, and the course is a fine one. The Maine team has been hard at work on this track and are expected to do well. The Maine team has been hard at work on this track and are expected to do well.

BATES IN EUROPE

Last Sunday the four best debaters in the state, Erwin Cahn, Harold Walker, John Davis, and Fred Goggin sailed from East Boston for Europe. We appreciate the honor that has been accorded us in being selected for a representative tour of this country. We are all looking forward to the trip with great interest.

We are going to be busy with other matters on this side of the Atlantic, but we may feel that we are backing them and are following their activities with interest. May their success be our own advantage.

NEWS CONFERENCE AT BOSTON COLLEGE

A self-satisfied, contented man is neither a positive nor a negative factorial in society. He just "is"; he is static, unprogressive. Similarly, a negative newspaper does not progress unless it strives continually for improvement. The "Bates Student" is a paper that we are sending to delegations, in the persons of the Misses Meader and Partrin, Mr. Baker and Mr. Jackson, to a newspaper conference to be held at Boston College, some years hence, when representatives of various New England college newspapers will meet for the exchange of ideas and the perfection of some kind of organization.
