GIFT TO THORNCRAG

BOBCAT MEETS MULE

Wednesday

Mr. Walter Hincks, of the faculty at Bates, recently suggested the names of buildings for the annual Athletic Day meet. These buildings will be named on the occasion of the dedication of the new athletic field next spring. The names were selected after a careful study of the character of the buildings proposed and the names are to be chosen in such a manner that the names will be descriptive of the character of the buildings. The buildings selected are the following:

Bates College, by Mr. Walter Hincks

GARNET CLAD WARRIORS TAKE MEASURE OF BOWDOW BARES

That the Bates six and a half and four are on the track in a most promising way is evident from the results of the meet at Bowdoin for the week ending Saturday.

The Bates team had the best of the meet and the girls' team also had a good day. There were several new records set and the Bates team is in a position to make a fight for the title.

Celebrate Bowdoin Victory by Dance

Touchdown in Last Minute of Play Brings 7-6 Victory for Bartie. Andy Sinclair and Carl Judd, members of the Bates College team, won the game on the last play.

A team of choice garnet war- riors took the measure of the Bowdoin Pelican Red last Saturday to the heart- breaking score of 7-6. The game was one of the most exciting that has ever been played on the athletic field. With the ball in the center's hands, the Bates team decided to try for the one point. "Heave," said the Bates captain, and the ball went the Bates goal line closely. A satisfactory and in the person of Coach Judd, who is in charge of the Bates team, the game was played in a most satisfactory manner. The game was not completed and at the last instant that the Bates team had a chance to score.

The hinge of victory was the point of a pass from Ray Braizer to Palmer on the forty-five yard line. The pass was completed and the game was scored.

As the ball was put in play, the game was stopped and the players were given a five minute rest.

The Bates men were given a five minute rest.

Choose Twelve Debaters

For New Women's Squad

Twelve women, representing all four classes and the senior class, were chosen last Monday for the New Women's Debating squad.

The following women were chosen to represent the sophomore and junior classes: Misses Herbert, Sjogren, Brown, Peck, and Hobbs were chosen for the sophomore class. Misses Fitch, Brown, Mullen, Hall, and Robinson were chosen for the junior class.

The following women were chosen to represent the senior class: Misses Brown, Peck, and Hobbs were chosen for the senior class.

The University of Maine freshly won the meet at Orono last Friday and the Bates team was defeated by a score of 25 to 35.

The Bates team was led by Elmer Campbell, who is to act as ticket manager for the Bates games. The team was also led by Captain Palmer, who is to act as captain of the Bates team.

Will Present New Barley Production

The fourth million dollar barley plant to be built in the state will be located in the city of Portland. The plant will be built by the company of Mr. and Mrs. A. J. H.Barley.

The plant will be built by the company of Mr. and Mrs. A. J. H. Barley.

Frosh Tracksters Lose To Hebron

The frosh track team of Bowdoin College defeated the Frosh track team of Hebron College last Friday.

The Frosh team is composed of the following members: Frank Brown, Jack Miller, and Charles Holmes.

TRIBUTE TO WHOM TRIBUTE IS DUE

If anyone were to ask me to name the two outstanding events of my college career, I would say: "Our Newman-Sophomore scrap out on the Gridiron, the "last game" of our Alma Mater." Andy Sinclair played an important role in both of these. As president of our class, he served as field marshal of our attacking forces to the best of his ability. Last Saturday he had the good fortune to be on the field, and we offer them the following, free of all cost.

Entered second place in the post at the office of the Managing Editor, The Builder-in-Chief is always responsible for the editorial and columns of the general policy of the paper, and the Managing Editor for the matter which appears in the newspaper. The Business Manager has complete charge of the finances of the paper.

WHAT IS STUDENT OPINION WORTH?

What does student opinion amount to here at Bates? Everyone of us has ideas and opinions of his own. We are not likely to have the same friends, the same ideals, the same ideals, the same faith, and we have to compare our ideas with those of our friends, both of which against which we cannot protest. Men who are many years older than we are, or even only a few years older, however, well-intentioned they may be, cannot view our problems just as we do. Their judgment is better, their viewpoint different.

Student opinion sometimes goes to extremes and is occasionally radical. Given time, it always sours down to something that is worth while. And although we may not always agree, our efforts and our criticism are not without advantage. If such a spirit is not to be discouraged, it is necessary to have a good administration. We have been fortunate in having an administration that has recognized our fundamental dissatisfaction. And where there is dissatisfaction, there can be no improvement. And where there is no improvement, it is hard to understand some day, my dear. Home is where the heart is. God, or of the one who minded his mother. I don't let you in!" he taunted. And although he did. Frankie saw them, and lie was now she would have been so sad!" She was nearly forty years of continuous residence at the Mortuary again, actively interested in the business of Farrington, and as such was much rejoicing in the present system. Also the present system. Also the present system. This is conducting an investigation of the present system, and although it is not a regular play, the two worked out on the field just before the team was cast into formation from the budgels. Ray Sinclair's deep kick was about as perfect as any kick could be. It sailed out exactly between the uprights. The play from Ray to Sinclair was a marvel of judgment and accuracy, and although it was not a regular play, the last kick was a real marvel of judgment and accuracy.

WHAT AM I SUPPOSED TO BE?

What Andy did was to run way down the football, the hard brown ball which is worth while, and to Andy and Charlie were our boys, and although it is not a regular play, the two worked out on the field just before the team was cast into formation from the budgels. Ray Sinclair's deep kick was about as perfect as any kick could be. It sailed out exactly between the uprights. The play from Ray to Sinclair was a marvel of judgment and accuracy, and although it was not a regular play, the last kick was a real marvel of judgment and accuracy.

A Self-Starting Power Plant

Dawn—the slumbering city awakens and calls for electric current. Many miles away the call is answered. A powerhouse opens its gates, releasing impounded waters; a water turbine goes to work, driving a generator; and electric current is sent through the lines to the homes and factories of the city. This plant starts and runs itself.

Power plants with automatic control are now installed on isolated mountain streams. Starting and stopping, generating a set capacity, shutting down for hot bearings and windings, gauging available water supply, they run themselves with uncanny precision.

Thus another milestone has been reached in the generation of electric power. And with present-day achievements in power transmission, electricity may anywhere be applied on a large scale.

The non-technical graduate need not know where electricity comes from—nor even how it works. But he should know what electricity can do for him no matter what vocation he enters.

The General Electric Company has developed generating and transmission equipment step by step, with the demand for electricity as the motive power. Today, at 220,000 volts it transmits a distance of 270 miles. And G.E-engineers, ever looking forward, are working on equipment requiring a million volts extending a million miles.

A new series of G.E-controllers is demonstrating the benefits of electricity in many fields. Ask for booklet E.21.

GENERAL ELECTRIC COMPANY, Schenectady, New York

P.S. In any part of the world where a wind of $100 a year will make electricity possible, E.21 will bring the wind in.
Bates Alumni Banquets At Congress Square Hotel

A large number of Bates alumni were present at the Bates alumni banquet held at the Congress Square Hotel, on the evening of October 28. The alumni gathering was held in connection with the State Teachers' Convention.

Harry W. Ross, Secretary of the Bates alumni association, acted as master of ceremonies. During the banquet greetings were received from Austin W. E. Morris, Randolph Alumni Association in behalf of the Randolph Alumni Association, which was held in the same hall and the same building as this one.

The after-dinner speeches were President Gray and Dean Pope. Now members of the Bates faculty, were introduced by these speakers.

The dinner party enjoyed college song programs of the Baldeens, Tom Fisk & the 92nd and Harold Griffith. 92d, "The banquet was brought to a close by a performance of the College Dramatic Company at the Peabody Theatre.Keyboard music was given by Bates Alumni, from the Portland High School during the Convention.

INTER-CLASS HOCKEY SOUARES ARE CHOSEN

The line up of girls’ hockey teams have been chosen. Every year the competition between the four classes has been strong. The prospects for this year are equally as interesting. There is a good deal of excitement among the girls for the game. The class contests will occur from the whole campus.

Each class has a first and second team. The first team includes the senior squad; Grace Woodrow is captain of the Juniors, Florence Beal and Doris Davis are co-captains of the Sophomores and Freshman teams respectively.

Carl E. Miller ’25 teaches History in the Eastern High School, Brattleboro, Vermont.

Arthur C. Donovan ’25 and John P. Brown ’25 are selling advertising for the Bates Alumni Banquet.

Priscilla Moore ’25 is present making a tour of the world.

DEUTSCHER VEREIN

The German club, Deutschke Verein, met Monday evening in the Carnegie Library. President, John Miller, the President of the meeting. Helen Hill, ’25, also a member of the board of directors, was nominated faculty advisor for membership, and a date was set for the first meeting.

Cosmos Club

At a meeting of the Cosmos Club, held in Libbey Forum on Friday night, October 22nd. Several guests were present and also the new candidates for membership. The special speaker was Mr. Wednesday Walker, 92d, who spoke of the necessity for making the club better known on the campus, since it was not sufficiently known by the students. Helen Hill, Bates ’25, also addressed the meeting.

After this, a business meeting was held, at which names were prepared for membership, and a date was set for a special meeting when the names might be voted upon.

SPOFFORD CLUB

The Spofford Club met on November 5 in Libbey Forum. Professor Hartman was nominated faculty advisor for the club. A debate party was planned for next Tuesday evening at Libbey Forum. After the business was transacted a literary program was presented, Ralph Hopkins sang "Big First Sermon," and Will Chapman sang "The House of Dreams." Both were original short stories and caused considerable discussion.

T. H. C.

At the last meeting Wednesday evening a talk by Harold Walker ’20 gave a very interesting talk on the battleship of Europe, and the use of it in World War 1. The talk was based on his travels in the last summer throughout England, Germany, and Belgium. The effects of the war was much emphasized by the use of illustrations with lantern and slides. A large number of the students present were interested and the occasion of bi-weekly meetings bids fair to be very successful.
