The Business Manager has complete freedom of speech. We meet with all the difficulties that the Editor has to overcome in running a college newspaper. As to whether it follows the path of any particular political party is left to the discretion of the Editor. It is his task to choose the best material to print. We do not write the articles ourselves, but the Editor has absolute control over them. When he believes a story is worth printing, he sends it to us. Whether we print it or not is entirely up to us. And now you are there. "A Pageant," "Lamberts," "Inquirer," and "Apogee," are the names of our society pages. They are written by the students themselves and contain nothing but their own opinions.
