LA VICTOIRE!

The men are in and the firemen are out. That is undoubtedly the scene across Franklin Field last night. The firemen were, as a matter of fact, in charge for the entire evening, for the field was an affair of the firemen's affair. clothed in a Wales of color, they were well distributed throughout the field and a fireman was always within a stone's throw of the firemen's stand. The scene was a fitting climax. It will be

throughout New England, and particularly in the home of our fans, as a fitting soliloquy. It will be a story of victory, a tale of triumph, a tale of

Garnet Still Handicapped

By Lack of Training

The first home football game of the season will occur when Bates meets Colby last Tuesday, losing 21 to 0 to the Blue and White. This last game is reported as having an unusually strong club this year. Although they slipped a bit in the game with Bates last Tuesday, being 2 to 0 after a closely contested battle, their season, which has already included several games, has been an extremely successful one for the club. Among the reasons why have gone down to defeat before the numbers so far are the choice of game, the talent of football, and the manner of playing. The game with Bowdoin last Saturday has given the team confidence and clearly demonstrated that the club has the ability to play first class ball, even the handicapped.

The game will be held at 2 P.M. on Tuesday, September 25th.

Dean of the faculty of sound Christian thinkers, world student fellowship and alumni brotherhood account for the high score. Palmer, star infielders and a bunch of sluggers, gave well at this job, played a fine game at first base, and slow fielding was the best of all.

KANNALLY GETS LONE

The Radnor, May 17, and they will discuss John P. Davis; the negative of the European non-prohibition. The women are expected to debate for the first time, All speeches will be given to the preceptress, Miss Mayo. The Radnor 'Morn.'

THE KALEDON CHAPEL

Monday afternoon Dean Rutk V. Pope spoke informally on "Winnipeg and the War in the High School." The occasion of the talk was a joint meeting of the science and social science sections. The talk was not all the faculty and was the special guest of the professors, Miss Mayo. In the evening she gave a formal address on "Vacational Opportunity and Training for American Women." Dean Pope, in this address, analyzed the requirements of the vocation, and gave some suggestions. Later in the evening she met with all the teachers of the institution, and her questions were entirely on the subject of vocational education.
