BATES COMES IN THIRD AT NEW ENGLAND TRACK MEET

Massachusetts Institute of Technology and Bowdoin take First and Second Places at Cambridge Meet. Wilts' and Sager's Work Exceptionally Fine.

The annual N. I. C. A. A. track meet was held recently at Harvard University, Cambridge, Mass. The Boston Public, Harvard, Middlebury, and Williams colleges were in attendance. The meet was won by MIT, with Bowdoin taking second place and Harvard third.

The Varsity Club and the Row Club at MIT were among the best teams in the nation, and both had outstanding performers in the meet. MIT's track team won the meet, with Bowdoin taking second place and Harvard third.

Most of the dances represented by the teams that were represented in the meet were of the same high order as the New England Track Meet held at Harvard in 1924.

Harvard University is capable of running better than 1.54, although Martin could not even come close to Walter Christie's 1.52.8 in 1924. Biehardson, of the Pacific Conference, was second, with a 1.56.7, bettering this year's record of 1.56.8. These two, along with former Harvard runner Loucks, are the only ones who could possibly break the one-minute barrier. All three are capable of running better than 1.54.

In the last two years, Pennsylvania, who entered once before, has done 23.8-5 this year. In 1924, they did 23.8-8. The old 23.8-5 record done by Wist Virginia last year is probably now gone. Again, the record holder on the world's record is Carnegie of California, 1925 champion and Cole 189.2. Moore did 10.7 this year and may do so again. Robert Shanks in 1924, did 18.6. Moore has improved his ability and has done this year in sound condition. He has run 23.8-5 this year in sound condition. He has run well this year and is included on the team to avenge his loss last year to Dartmouth.
