Dear Mr. Weber.

I hope this note finds you well. I understand that your recent efforts have been directed towards improving the educational opportunities for women. I believe that your work is crucial in promoting equity and justice in the educational system. Your dedication to addressing the needs of women in higher education is commendable.

Sincerely,
[Your Name]

Because of a feeling that the Million Dollar Fund of Bates College is a sufficiently public matter to merit a more intensive and aggressive publicity that it should, the Bates News Bureau was organized in 1925.

The first work of the bureau, under the direction of Geo. V. Turgeon & Co., N.S. T., was the publication of a small book, ‘The History and Progress of Bates College and views about the campus. News of the college and its activities were released to the press through this bureau, which proved to be such a success that it was decided to continue its work. It was about the time of the organization of the News Bureau that Bates first debuted with Oxford, and this fact led to a special opportunity for service. Mr. Davis received at the head of the News Bureau for a short time, and when he left to enter the advertising business in Boston, his place was taken by his assistant Mr. Dwight Libby 99, who handled the work for a year until his death. His place was taken by Mr. Helen Whiteside 100, who now has charge of the Bureau.

The purpose of the Bates News Bureau is to publish the highest type of weekly papers, and to secure the most rapid and conscientious service of papers in the interest of good publicity and enrolment.

The FRESHMAN RIDE

Under a star stilly bright When the Tempests came to night Two freshmen thought they’d confide And take a chance and play with fate. That if they caught they would go to walk For the Sophomore in eight to seven o’clock.

They took a chance and broke the rules. The freshmen knew it turned out well; And as it was in his present flight Young Sophomore in on the wall. Where the moon and the stars abide And my lively city sits by my side. While the moon in the pool grows not a ghost of hope remaining. Now I to my bleak toil must return, and with me the head of the News Bureau.

The Sophomores in Maine, which proved that it was decided to continue this bureau, this morning, that the Million Dollar Fund is a sufficiently public matter to merit a more intensive and aggressive publicity that it should, the Bates News Bureau was organized in 1925.

OPEN FORUM

SOCIAL FUNCTIONS COMMITTEE

A short time ago, a new organization was founded for the express purpose of partially relieving the crowded schedule of the student body of any activities of a social nature. As a result, the students have been able to continue with their studies without being interrupted.

The principal functions of the Bates Interfraternity Debating League are to be held on Friday, March 18, 1927, at 4:00 P.M. The topics for this meeting have been announced in the campus newspaper. All incoming teams are invited to participate.

The purpose of this organization is to provide a forum for debate and discussion, and to encourage the development of critical thinking and public speaking skills. The league is open to all students, regardless of their major.

The Social Functions Committee is responsible for planning and organizing events for the students. They are currently discussing the possibility of hosting a dance on campus.

HEDGE CHEMISTRY LABORATORY

Many of the students are taking the Chemistry laboratory course and are finding it to be a valuable experience. The laboratory is well-equipped and students are encouraged to take advantage of the facilities available.

Forty Schools in Bates League

Philippine Independence is Subject for Debate
