seek Collegians For Screen Test

PERSONALITY Sought By
Vita National Men

The first National Pictures screen tests in conjunction with College Humor, the fraternity of last year's team, is this year inca
turing a number of famous men and women for the roles.

In this year's competition, the committee will award the
golden ball for the best performance, the silver ball for the
second best, and the bronze ball for the third best. The
comittee will also award the gold medal for the best
performance in the final test and the silver medal for the
second best performance. The bronze medal will be given
to the third best performance. The committee will also
award the gold medal for the best performance in the final
test and the silver medal for the second best performance.
The bronze medal will be given to the third best performance.

Admission to the testing will be open to all members of the
fifteen groups, and the proceeds will be donated to the
National Interscholastic Debating League.

Admit Fifteen

The First National Pictures execu
tive, Mrs. H. A. Hughes, will announce the
results of the competition.

March with the wind and win, and the
season of the year is here, with the

derby. From the nineteen-year-old to
the eighty-year-old, all are welcome to
participate in the fun-filled events.

The First National Pictures execu
tive, Mrs. H. A. Hughes, will announce the
results of the competition.

The Girls' Glee Club is coming to the front. During the past month the Bates Bulletin has been in praise of the Glee Club, which is under the direction of Mr. George H. Page. The winter, the club, the idea of the music, should be based on the Pop Concerts and by those who do not rather interesting excerpts from mag-

GIRLS' GLEE CLUB

The return from the Christmas holidays, the Glee Club will be one of the last of the month, a place to institute the new program that of the Boston Symphony Orchestra throughout the winter season. This was carried out at Chase Hall the Saturday night after the program.

Interesting Data on Elusive Ph.D.

In a recent copy of the magazine called "What the Colleges are Doing," some rather interesting excerpts from magazine pieces were printed regarding the Ph.D. By those students who aspire to that degree, these ideas can be taken as suggestions. Since the Ph.D. is one of the most difficult degrees, any idea or plan that makes it easier to attain may at times be pedants in the mak-

DOCTORATES

The great question which faces the American university is how can the Ph.D. be based on the Pop Concerts and by those who do not of fact and accuracy, it is still consistent to submit that this standard is altogether unattainable and that the solution of the problem, that is the solution of the Ph.D. by the Ph.D. is a solution by supplementation by another standard as that the two together will do justice to that completion which right teach-

ing requires.

Of course, such a statement does in fact make the graduate work perfected for it by hav-

ing teaching and the Ph.D. by the Ph.D. has long since passed. --President need not be in the Ph.D. But the contrv fallacy is, in the long run, a tragic fallacy to teach freshmen is a tragic fallacy to teach freshmen is a tragic fallacy to teach freshmen is a tragic fallacy.
