Captain "Albie" Will of Bates Easily Wins in Mile Run
Romeo Houle, 30, Takes First Place with Discuss

Several Gorham stars crashed through the tape Wednesday night when the New England Track Meet was held at Bates. The Maine Athletic Union, which has a wonderful mile to cup first place, awarded the mile to Romeo Houle of Maine.

Because of the poor condition of the track, and the lack of opposition, he was unable to establish a record, but we feel sure that with a little competition our idylle mile could have come to it. We hope that the condition of the track will be improved prior to the National this Saturday.

The other events in the Freshman Class, threw the scales in favor of Will. Houle was the outstanding performer in the 100 meter dash.

Buswell and Houle were the other two Maine men who did well over the one hundred meter dash, Houle, however, scored far better over Wheelie. Houle started well in the 220 meter dash, where he captured the third place in the broad jump.

New Point System
Regulating Offices Goes Into Effect

The new point system for the holding of offices, published in a previous number of the Batesian, has been put into effect. A person may not hold more than one office at any one time.

If the point quota of an individual is raised, he may not accept another office unless he resigns one having an equal point value. If he resigns an office to be on harmony system and wish to run for another office, he is not allowed to run for this office until he is out of the harmony system.

No member of the junior class is eligible to represent the Student Council which is to be composed of four members. The best dances of the whole year will be held on this occasion, and the Bates band will be the first to play, with a sky full of moons and a raft of stars atop of Mt. Kearsarge.

Business Training Not Necessary at State

The committee in charge of honor system has made a thorough investigation of the work of the Student Council, and after careful and impartial hearing, it is therefore recommended that the unsystematized work has been following throughout this past term with the En- lightened honor system.

The committee is made up of the following members:

Chairman: Howard Foster

Vice-Chairman: Charles Sturdevant

Secretary: William T. Booth

Treasurer: George H. Morse

The committee in charge of honor system has made a thorough investigation of the work of the Student Council, and after careful and impartial hearing, it is therefore recommended that the unsystematized work has been following throughout this past term with the enlightened honor system.

Tennis Men Back from Mass. Trip

The Bates Tennis Team arrived on the 8:45 train Sunday evening after an uneventful trip to Massachusetts. They are to continue the game Monday evening at the Hump, the day after the conclusion of the first game in this year's eastern tour.

The team played Harvard, Smith, and Middlebury, and defeated the latter.

The Garnet-Sport Pan

The two traditional events in which all members of the entering class are initiated to the life of college are the Totem and the Freshman Orientation. The Totem has been conducted every year since the beginning of the college, but the Freshman Orientation is a relatively new institution. The Totem is a kind of initiation ceremony, while the Freshman Orientation is more of an educational program to acquaint the freshmen with the college atmosphere and to give them an idea of what is expected of them as members of the college community.

The Freshman Orientation, on the other hand, is a more formal and structured program, with scheduled activities throughout the day. It is designed to help the freshmen adjust to the college life and to familiarize them with the expectations and responsibilities of being a college student. The activities include campus tours, talks by faculty members, and discussions with upperclassmen.

The Freshman Orientation is also an opportunity for the college to welcome the freshmen and introduce them to the college community. It is a time when the freshmen can meet their new classmates and get to know the college better.

In conclusion, both the Totem and the Freshman Orientation play a crucial role in the college experience. They are important traditions that help to shape the identity of the college and its students. The Freshman Orientation, in particular, is an essential part of the college’s efforts to support and guide its new students as they begin their college careers.
BATES LOSES FIRST STATE SERIES GAME AT MAINE

PITCHING RESPONSIBLE FOR GARNET'S FAILURE, SMALL DOES REMARKABLE WORK FOR LOSING TEAM

Bates lost a pitching duel to the University of Maine last Tuesday at Orono. In the first game of the two-day competition, Bates was driven out of the game in the first place, placing the teams in the criteria they had chosen. The game was well played by both teams and it was the Bates pitching that marked the victory of the University of Maine in the game.

Maine put over what turned out to be the winning hit in the first inning. Durrell took first in an error by a hit to left from Charlie Small and then raced to third after a passed ball. Rourke took the single to right-field which brought Durrell across the rubber for the first and winning run of the game.

F-Act Play "The Torch" Penned by Miss Holman

"The Torch," a clever two-act play written by Holman Holman was presented last Tuesday afternoon in the Little Theatre. The well known question of the burning of the torch, he procured to hold it high, that the frenzy of the theme of the play which was written about a girl named Ruth in Bates, although the show was marked by a man, demonstrated to the audience that her name is not a savage, but an attempt to have the mystery of her name revealed. Some ideas of the play may be found in the following manner. Through a mixture of letters of this kind, it is made known to her notes and a very happy reunion follows.

The story begins with the Miss Holman for the writing of this play and the letters which is based on recent events in Bates. The game which was written about a girl named Ruth in Bates, although the show was marked by a man, demonstrated to the audience that her name is not a savage, but an attempt to have the mystery of her name revealed. Some ideas of the play may be found in the following manner. Through a mixture of letters of this kind, it is made known to her notes and a very happy reunion follows.

T. SIMS, a Miss Bates student, was the only Bates man to break the University of Maine's pitching. Complete information regarding the series may be obtained from Dr. R. A. F. Phelps for Placements, 135 Cedar Room 2, West Parker Hall.

It was voted to give the president authority to appoint a nominating committee of twenty students to choose the Student Council Committee of ten. This committee was to be chosen by the students themselves. The following fifteen students were elected: Business Training for College Men

Business Training for College Men (Continued from page 1)

In the profession are no large as those of the higher executives in the business world. Nevertheless, however, many small accounts are of great importance. The business bookkeeper is often called upon to perform very delicate and important work in connection with the study of the profession. The bookkeeper must have a great deal of knowledge and skill in the matter of bookkeeping, and it is not always easy for him to get the work done properly.

The bookkeeper must be able to keep a set of accounts in such a way as to make it possible for the public to see what he has done. It is necessary that he be able to give a clear picture of the work he has done, and it is necessary that he be able to see that the public has a clear idea of what he has done. The bookkeeper must also be able to keep the public informed of changes in the profession and of the results of any changes that have been made.

Soph. Debate is Taken by Girls
Freshmen Debate Tonight at Little Theatre

Tuesday, May 28, the Sophomore Debates was held in the Y. M. C. A. room, Chase Hall. The proposition was: 'That this house approves the policy of the university in regard to the law against the use of niggers in university games.'

The negative team was Walter G. Holston and Batchelder. The affirmative team was used by the reducto, by a 6 to 3 decision. Miss White was the best debater.

William Brooks officiated as Chair and was assisted by Prof. J. Murray Carroll, Prof. W. B. Sprague and Prof. D. F. M. Biddle.

Tonight, May 27, at 8 in Little Thea
tre, the freshman debate takes place over the proposition: 'That the university should build a dormitory for women students.'
