The one universal feature of all these messages, since the world began, is the belief in something which they all contain—something which it would be to control the Orient in splendor and magnificence—build great cathedrals and to rear strong castles—or to convince some one for a moment that the whole universe is a great work to comprehend. Viles Wins Mile

In their second inter team meet of the season, the Bates' young lions rushed the Viles High Trackmen. Friday evening, at the Gray Athletic Building, piling up a total of 35 points while the runners of the Purple were struggling hard to gainer a pounding 20.

Wallace Viles of the Fresh was no hissed in the miles, turning in the remarkable time of 4:40. He appeared capable of even a better mark if he were pushed and many are expecting to see him zoom away with this event in future eastern meets. Less than half an hour after the performance, he followed back to the Gray with a strong spirit that put him well ahead of the nearest Deering challenger.

“Football Star Wins with Kresge”

A. H. ASHLEY

AMONG the many college graduates who have won success with the S. S. Kresge Company is A. H. Ashley, former football star and four letter man of M.S.C.

Like other men who have found their life's work with this organization, Ashley started in at the very bottom. He was led, step by step, through the various positions in our stores until he was thoroughly acquainted with every branch of our business. Then he was given a store of his own to manage—a dignified, well-paying position which carries with it a share in the profits earned.

We now have a few opportunities open for college men to do just what Ashley did—start at the bottom and work their way to the top. If you are interested in a future where hard work brings its own reward, write to our personnel department at once. We will gladly arrange a meeting with a graduate of your own college who has already won success with the Kresge organization.
