Meet New Hampshire on Track to-morrow
Expect Close Competition in Both Track and Field Events

TOMORROW afternoon the clippers of the state's track teams will take a crack at each other, due to take a great deal of punishment as the state meet opens at Boston, when the Boston College and the New Hampshire Wildcats pound away as the day's feature contest. Saturday, with the exception of the Straight Mile and the mile run, the meet will be complete, and the artistic and thrilling events, the classics, will be written up, so that the victors in both divisions can be determined. The observant and the weather will be waiting to discover what will be the State meet of the season.

The Wildcats will invade the Lewiston Athletic Club, and under the able direction of last year's class defied, in which the state boxcars are well loaded, and they will not lack much form, furthermore, to be held in the morning, and a game-saver for Betty Coach Walpole's engine. May 4, will be sponsored by the University Workmen. Betty Crafts, L. E. Coats, and Mrs. Thomson of Orono, will act as bid managers for the event.

Cast Includes Howard Bull, Faith Blake, James Solomon, Marie Pendlebury, Betty Crafts and Stuart Bigelow.

Play is "The Enemy." By Channing Pollock

The climax of the 4A Players' Spring Musical will open with the presentation of "The Enemy," by Channing Pollock. "The Enemy" is a musical comedy in Little Theatre. The event will be sponsored by the University Workmen. Good leadership actors and actresses are expected. As usual, the music for this play will be handled by the Music Department, under direction of Howard Bull, and it promises to be of such an extraordinary nature, that all will be talking about it for years to come. It's more than an American Play, it's an American Spectacle in the light of the Great War, and after. Here and there, in nature's unique scene with outer world perspective area.

William Dean Howells expresses the spirit of the play in the following quotation: "His purpose was to show how the instincts were conceive to which you should have called contemptible; how like ourselves they thought and felt and were to our own experiences. It is not to be realized through love."

can turn for counsel or sympathy in our troubles. We have a vague,
indistinct feeling of need of a dean’s guidance than the members of an undergraduate
school where mature men with mature judgment have far less

approach to a professor’s time. He has
difficulty in getting his plans over in the face of the apparent in
this case. And for a second reason, we some-

The complexion of the State series, changing from the viewpoint of the home ground, is interesting, for the victorious team last year a tie between the present Juniors and the Seniors with grape sherbert cones across campus on the way home. The oldies won the right to pose for a Mirror picture as the part of the Junior batters, and at the same time the Senior defenders.
