time the hotel was in operation.

The indispensable success of the pro-Wiggin banquet at Chase Hall last Friday evening, was conclusive proof of two things. Namely, (1) that the present administration has no lack of supporters, and (2) that the banquet was planned on the basis of place inestimable value in our student life.

The banquet was planned for the purpose of substantiating the first thing, and the latter conclusion was a spontaneous outgrowth of it all. Mr. Rowe only expressed a mutual sentiment when he said that there had been too few events of such harmonious influence in the past life of the hotel. And over all, there was a feeling of mellow sociability that was something new to our experience. Perhaps this atmosphere was induced by the fifty fool-sounding griffetti (with compliments of Walt Unger and Walt, Jr.) that went into circulation in a surprisingly short time. At any rate everyone had the feeling that they wouldn't have missed it for the world. No one even registrated anything that was a dollar and twenty-five cents for the right to be present, which after all, is the genuine test of the success of a social event at all.

Another will be welcome as soon as a sufficient excuse for one arises. We're hearing the "raion d'etre" will not be similar, however, but that the next banquet will be an occasion for rejoicing.

A treasure, a treat, and a treat!
Lambdas Alpha Juniors entertained the downtown guests at a highly
succeeded Treasure Hunt Monday. From an American, the clueless place led
Fresno. The treasure marked a trip to Thorncrag. The treasure, cleverly placed led
finally to Thorncrag. The treasure, a trail, and a treat! Miss Marguerite Phelps.
