BATES AND GERMAN STUDENTS MEET TO DEBATE TIMELY TOPIC

Colby and Weatherbee Have Negative Stand on Subject: "The Principle of Nationalism is a Positive Evil in the Modern World"

BY WENDELL MACK

Nationalism as an active force in our modern world will be discussed pro and con next Monday evening, October 27, when Bates meets a team from the German Student Union in the Chapel.

GERMAN DEBATE

The Bates men, Colby and Weatherbee, will face a team of German undergraduates, members of the Deutsche Studentenschaft, the national union of students of Germany. It is the first debate between Bates University students, Hans Juergen Graf von Blumenthal and Herbert Schnitzlein, in which German students have participated in this country.

The debate will take place here, being arranged by the Bates and German Students in the Chapel.

Bates X-Country Team Will Meet Springfield Friday

Springfield Will Be Out To Avenge Defeat by Bates Last Year

The Bates X-country team will oppose their second opponent in the form of Springfield College. Friday afternoon is the meeting.

Both teams have been victorious in their opening meets and a hard struggle is anticipated this weekend. In the meet with Connecticut Aggie the Batesmen turned the bill and defeated the Inter-AlLEN 23-0. For the opener the Batesmen triumphed on Northampton with a perfect score. Such relative results are expected when the two veterans meet.

Due to Avenge Defeat

Springfield will be out to avenge the defeat handed them by the Batesmen last season. Little is known about the prowess of the visitors except that they are a strong and evenly-matched team. The Batesmen have been practicing industriously under the direction of Coach Ray Thompson, who has expected faster times from the centrifugal than has attained previously.

The Batesmen will be the first of two teams to enter the competition of the two meets.

Science Classes Take Specimens

Batesmen will be looking for their first team of the season. They have started their work in the laboratory under the direction of Prof. Seldon, who expects a large output of work this season.

Zoology-Botany Classes Enjoy Count, Aip to Bates's Island for Study

The fair weather of last Saturday afternoon was sufficient urge to send the Batesmen off on a fresh air trip to search for specimens. The party was composed of the usual suspects, including the usual suspects, including the usual suspects.

Island where young students played boats and collected marine life, for which they received interesting star fish and sea urchins. Some marine hunters found for fruitful's exposed on adjacent cliffs. Still others were the only thing left of the sea.

For botanists et al., the members of the Batesmen's party have been watching the progress of the plants and recording the results.

The vice-president of the club, P. Frew, will be in charge of the party, which will be attended by the usual suspects.

All offerings must be in by November 15, and 1st, 2nd, and 3rd prizes of $25, $15, and $10, respectively, will be awarded at a ceremony to be held in the chapel on the afternoon of the first of December.
Paul Claudel.

The visit of Paul Claudel, Ambassador of France, poet and diplomatist, to Bates College was a significant event in international relations and education. Claudel, a figure of international French literature and politics, visited Bates College in the early 20th century, during a time when American and European intellectual circles were closely interconnected.

Claudel's visit was notable not only for his diplomatic status but also for his literary achievements. A poet and diplomat, Claudel held several high-profile positions in France and was known for his work in both the arts and politics. His poetry and diplomatic career were intertwined, and he served as the French ambassador to the United States, among other roles.

During his visit to Bates College, Claudel shared his insights on literature, diplomacy, and international affairs. His discussions and lectures likely had a profound impact on the students and faculty at the time, providing a unique opportunity to engage with a respected figure from another culture and continent.

Claudel's stay at Bates College was an event that bridged the gap between the academic world of New England and the leading cultural centers of Europe. His visit exemplifies the importance of international exchange and the role of higher education in fostering global understanding and cooperation.

BATES-RIHDE ISLAND GAME IS HARD-Fought BATTLE
Both Teams Fought Hard; Ground was Continually Being Gained and Lost; Each Side Punted Well and Each Had Their Outstanding Players; Score 1-0

Bates Lied Island State College defeated the Michigan State University, 1-0, in a hard fought battle that lasted for over an hour and a quarter. The game was the first of the season for both teams and the Bates line was the better of the two.

Frosh Football Team Prepares For Reconversion
Opening Game, E. M. C. S. Vs. Bates
Out of the Fifty or so youths of all types and ages who answered the call to the team, the only eligible one to play in the opening game with E. M. C. S. was the captain, James E. McCallister. The team has been practicing for two weeks and the opening game is expected to be a tough one.

Harrier Events—Vets Vs Frosh
An Innovation in Raillery Between Classes: Class of '34 Has Good Runners
Senior-Frosh rivalry this past year has been in the nature of cross-country, and in the very near future a race between the Bates and the Island state teams will be held.

MAINE FOOTBALL SERIES OPEN
