OPEN FORUM

To the Editor of The Student:

I am writing to express my agreement of the editor’s editorial in favor of club consolidation. I believe that this movement has been needed for a long time, but it is not our lives which would suffer most from this consolidation. It is the clubs themselves which would be hurt most of all.

It is extremely doubtful if any consolidation of clubs can come about without a general feeling that the clubs have outlived their usefulness. The problem is not a difficult one, but it is a slow one. It is not for the clubs themselves to bring it about. It is for the members of the clubs, the leaders of the clubs, to bring it about. It is for the members of the clubs to realize that the clubs have outlived their usefulness and to bring it about.

It is a pity that the clubs should have to be brought down to their knees in order to be reborn. It is a pity that the clubs should have to be brought down to their knees in order to be reborn. It is a pity that the clubs should have to be brought down to their knees in order to be reborn.

I believe that the clubs should be brought about by the members of the clubs. It is the members of the clubs who should bring about the consolidation. It is the members of the clubs who should bring about the consolidation. It is the members of the clubs who should bring about the consolidation.

Sure, they Taste Better

"I'm most of rested...always on the look-out for something that hits the old taste spot... and clicks! But I've noticed that I never get satisfaction when I havefish steaks and...do anything. They always taste better...has got to be made better. You know what I mean...purer materials...more up-to-date ways of cooking. I'm willing to betcha's why my customers of Chestfield of the day is so mild and satisfying as the first!"

Portland Sports Columnist

Criticizes Student's Editorial

Editor's Note: The following comment on an editorial which appeared in The Student last week is written by Mr. George A. Ross ('The Record') for the Portland Evening Express. We print it for what it is worth, as we believe it to be a well-balanced and thoughtful analysis of the situation.

THE LATEST EDITION OF THE BATES STUDENT, speaking sentimentally of the case, portrayed the Grand Champion, the great trackman who has won many great victories for Bates and who, in the person of Ossie, has given us with him. For Ossie no longer belongs to himself; irrevocably. He is a symbol of what achievements he might have made the "belle". Provided more important factors do not interfere with Chapman's return to Bates for the remainder of the college year or else, through the assistance of his Alma Mater, to carry on in the somewhat startling suggestion that Chapman return to Bates for the remainder of the college year or else, through the assistance of his Alma Mater, to carry on in his career.

WHAT WE CANNOT UNDERSTAND is why anyone should seriously suggest that Chapman or anyone else should refuse to make such a career. It is a well-known fact that in the college year or else, through the assistance of his Alma Mater, to carry on in his career.

We are all agreed with the editor's writer in his conclusion that it is all the bunk.

Bates Quarter-Miler: Comes From Behind to Overtake Springfield Runner on Anchor Leg of Mile Relay; Brings Tremendous Ovation: Bates Third

Two years of training had added 11 seconds to the record of Lewiston’s 1600-meter Class B team. The time was 3:35 by Bates and 3:46 by Bowdoin and 3:47 by Bowdoin.

First, Cole, Bates; second, Worcester.

Bowdoin was particularly strong, and he started Adams off in

My position is that the students who are de-

hole course, having only nine holes, are to be denied the privilege again this year. The remaining
