4-A PLAYERS TO ATTEMPT NEW FIELD IN PRESENTING "TAMING OF THE SHREW"

Different Type of Shakespearean Play To Be Staged Tomorrow And Thursday

By RICH BERNHAM

The 4-A Players will try their hand at producing a Shakespearean play this week. In a week, it is true, because it is different type of play that will be produced. The last production of the 4-A Players was "Sweet Adeline," which was presented recently. The directors feel that the change of type will help to attract more students to the school, and that the play will be a success.

"BURATI, DUSTIN MAKE WASHINGTON CLIMB—NO REASONS FOR 'LOST' RUMOR"

Valdy Burati and Edwin D. Bos, prominent Boston soccer and football players, have recently been signed by the Washington Senators. Burati, who is a member of the Boston "Travelers" and Bos, who is a member of the Boston "Terriers," have been signed by the Senators for the coming season.

The variety of Barker's conditions makes the nor. "lost" rumor possible. Barker was not present when the Senators signed him, and was not able to sign him. President Gray For Governor

With the withdrawal of Governor William E. Gardner from the Maine political scene, there has been no candidate who has presented himself as a candidate for the Republican Party of this State. The Student therefore urges upon the voters of Maine the name of President Gray of Bates College. It would be a great misfortune if the State were to lose an officer who has presented himself for the coming term. Not only is his candidacy urgent, but it is necessary.

President Gray is strongly qualified in experience, and possesses qualities which make him a desirable candidate. He is an excellent student of history, and has been a mark man in the State. He represents an interested and honest member of the State, and is a supporter of the principles of the Republican Party. The Student is convinced that President Gray has been an energetic and capable educator, and that he has been a real leader of the Republican Party. The Student is therefore urging upon the voters of Maine the name of President Gray for Governor.

With his withdrawal from the race, it would be impossible to support a candidate of the same caliber. President Gray is the only candidate who has presented himself for the coming term. He is an excellent student of history, and has been a mark man in the State. He represents an interested and honest member of the State, and is a supporter of the principles of the Republican Party. The Student is convinced that President Gray has been an energetic and capable educator, and that he has been a real leader of the Republican Party. The Student is therefore urging upon the voters of Maine the name of President Gray for Governor.

Rugged Beauty of Mountains Makes Enduring Impressions

Mt. Washington Has
Storm Grandeur And
Dominates Mountain Region—Climbers

Thrill at Confusion of Peaks

There are features in the landscape of New Hampshire that strike the imagination with awe, but the individual mountain, with its sharp peaks and rugged slopes, is only one of the many natural wonders that make the region a land of beauty. The peaks are pierced by deep gorges, and their summits are capped with snow throughout the year. The trees that grow on the slopes are so thick that they form a barrier to the sunlight, but in the valleys there are open spaces where wild flowers bloom profusely. The rivers that flow through the mountains are clear and cold, and their waters are so clear that you can see the fish and other aquatic life that swim in them. The air is pure and fresh, and there is a feeling of peace and quiet that is refreshing to the soul.

Professor Chase Describes
Train Journey In Greece

Tells in Letter From Athens to Mrs. Chase, of “Cars Were Always Great” Which Averaged 10 Miles An Hour

Athens, July 9, 19—Yesterday afternoon I set out for Salonika and arrived there at 5 o'clock this afternoon. I was interested with the manner in which the train traveled and the time required to go from place to place. The cars were always great and were always in motion. The train started at Athens and passed through the mountains and the valleys, and the scenery was very picturesque. The train was a long one, and the passengers were able to see the countryside from the windows. The train was not too crowded, and the conductor made sure that everyone had a seat. The cars were furnished with comfortable seats, and the attendants were helpful and friendly. The food was good, and the drinks were cold. The train was a pleasant and comfortable way to travel, and I would recommend it to anyone who wants to see the countryside and the scenery of Greece.

Chesterfields are blended finest... then cross-blended... to make them milder... and milder still! There's no

THEM'Y MOLDER... THEY'RE PURE... THEY TASTE BETTER... THEY SATISFY

WHAT'S YOUR VERDICT?

Light up... Convince Yourself that Chesterfields Satisfy

FLIP OPEN a pack of Chesterfields
Help yourself to a cigarette... Light up... and let's get the facts.

Mister... you're dead right. They're milder!

It's as secret in tobacco circles that Chesterfields buy the finest tobaccos that grow—Turkish and Domestic—unstriped, mellow, pale!

Chesterfields are blended first... then cross-blended... to make them milder... and milder still! There's no

mistaking that rare balance of flavor built up by Cross-Blending. You enjoy it in every fragrant puff!

Even the cigarette paper is different. Cleaner, white, tasteful—the purest money can buy.

Listen, smokers... this is the straight. You can't put taste in a cigarette... unless quality goes in, too.

The flavor of Chesterfield's is different. You can't put taste in a cigarette... unless quality goes in, too.

Let's get the facts. Take a Chesterfield right now, and let your mind be convinced. They're milder—pure—tasteful.

Bates Men's track record at last week's meet was broken.

Jeffery's idea of setting a time for the 50 yard dash in the Junior Meet at last week's meet was broken.

Auntie Takes 300

This year the dash for the 300 yard dash upset the record of last year. Adams, whose record was 30.8, was not able to keep up the pace and the record was set by Miss Alice Thomas with a time of 30.5.

Baseball Squad Handicapped by Lack Of Material

The baseball squad was handicapped by lack of material. Adams and Bates were tied at the close of the first half, and the final score was 6 to 4 in favor of Adams, who won the game.
