Chestfields are milder
Chesterfields Taste Better

You know how it is. If a cigarette is mild—that is, not harsh or bitter, just smooth and mild—you can enjoy it and don't worry about how many or how often you smoke. And if it tastes right—that is, overworn, not flat—then you enjoy it all the more.

The right kind of ripe, sweet Domestic and Turkish tobaccos... the right aging and blending... make Chestfields milder, better tasting... They Satisfy!

No raw tobaccos in Luckies—
that's why they're so mild

We buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild!"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Luck Strike purifying process, described by the words—"It's toasted".

That's why folks in every city, town and hamlet say, "That's why they're so mild... That's why they're so mild... That's why they're so mild!"
