A new propaganda method, in which Japan is
correct in the opinion of the Japanese, has
been initiated by a Tokyo paper. The purpose
is to publicize Japan's position in the current
Manchurian crisis. The paper claims that the
League of Nations has failed to interpose
between China and Japan, thereby giving
Japan a moral victory.

Use Like Plan

colleges have decided to change the system. It is hoped that
this will be of great value to the students. For example,
the administration has drawn up a new calendar for the exam

These good tobaccos in Chestefeld are blended and cross-blended—welded together; that, too, helps to make a milder cigarette with better taste.

What exciting magic there is in cigarette advertising. Let's look at one of its greatest illusions that cigarettes can be miraculously given superior flavor.

The blending of several cheap, raw tobaccos cannot improve the flavor of any of them. A fine cigarette is a cigarette because of the tobaccos themselves. Quality is the most important. Artificial flavoring can never wholly disguise the poor flavor of cheap tobaccos.
