The Student and The World

E. DONALD M. SMITH

The war is, at last, a reality. Last night, as President Roosevelt cast off the American ships to open the war, I said to my roommates: "This is it. This is the time for us to do what we have been putting off."

President Roosevelt said on the radio in his New Year's message that he was going to work for peace with all the energy and strength of his soul. But the war will go on and we must make up our minds to stand by our country.

I know that many of us are afraid of the war, but I think we should make up our minds to be brave and to stand by our country. The war is not going to be easy, but we must not be afraid.

We must be prepared to fight if necessary. We must be prepared to lose our lives for our country. We must be ready to do our part in the war.

I hope that we will all be able to stand by our country and to fight for it.

The Bates-Dartmouth game last Thursday afternoon at Franklin Field,Philadelphia, was a real football contest and a historic event. It was the first time in history that a college football game was played on the football field.

The game was played in front of the chapel with visions of the future on the minds of the players. The Crip was made without a plan, but with a purpose.

Twenty-One Climbers

After a slight delay the hungry-lunged climbers left the mountains. Vormont last Thursday where they had been training for the past month. They were the best climbers in the world and they were to make a record over the mountain.

They stood 4088 ft. above sea level and began the "Short Trail", which proved to be a difficult trail. At the "Short Trail" they began their descent by way of the "Long Trail" and must begin the descent by way of the "Short Trail".

This is wasting away from emancipation, but the times are changing. The world is moving out from its old individualism dominated by the profit motive into a new society, where the profit motive will be subordinated to the welfare of the community.

First Frosh Grid Game October 27 With Kents Hill

Bobkittens Practising With Variety—Not Much

Having two short weeks of practice, the Bobkittens have had a long time, and the group of girls has a bad batch. The girls have been working hard, and the Bobkittens have been able to perform, despite the fact that Maine has beaten the Wilton crew, 20-0, and 27 with prospects. The team is looking forward to the game against Kents Hill, which will be held on the New England Course in Maine. They are carrying on a tradition of Maine and Bates teams that tied Columbia 17-6. For the young man named Spinks, who is a pupil at that institution was a cross country. The Huskies have one of the strongest and best balanced teams bowed to Northeastern in 1928.
