Debaters Have Extensive Plans for Approaching Season

Perry and Jones in Radio Debate; Debate With Oxford

THORNCRAG SCENE OF OUTLING CROUCH FROST PARTY

Eighty members of the Freshman class were in the big program of the Town Hall sponsored by the Bowdoin Outing Club. The junior girls were well liked and admired.

LOSS OF HAROLD GORDON'37 DEEPLY FELT ON CAMPUS

Harold Gordon, '37, deeply felt on campus.

Fighting Bobcats to Face Harvard Saturday

A giant torch-light parade and rally will follow the football game that will extend the best wishes of the campus to the team. The parade will start on the university campus at 7:30 p.m. and will proceed to the New York State, Hotel at 10:30 p.m., where special trolley cars will leave for the game.

The Bates team was regarded. If they take to the air, where they hold a Vampire, the game will be the final note of this rousing send-off.

Activity Marks Freshman Week As Ninth Annual Program Is Carried Out

Frosh Entertained by Many Campus Groups; Conductors and Leaders Explain Organizations

New faces, new voices, much larger groups, and another brand of Frosh, who will be the welcoming committee this year, will take the place of the Frosh of former years. The Frosh centers, who are planning the program, are now in the experimental stage, but they will announce the program in a few days.

Serious Living Stressed at First Chapel

Local Minister and President Gray Address Body

The chapel officially opened the year's program of the First Student Union. The program was for the benefit of students and consisted of two parts: the dedication of the chapel by the first student body and a lecture on the value of the chapel by the President Gray, who is the president of the student body.

You have been introduced to so many new persons and situations that your response to stimuli must be getting a bit dull. We can agree that it would be much better if people would stop reminding you of the fact that you are young and real and let you go on with your own life.

Before you get too far along on this road to know of a certain historian in the history of Maine's smallest village, a lady was attending a session of the library. Upon being asked what she did with needs which she felt met by the stock, she said, "I take the one that's available on the maina and people who want to..."

You may also know the story of how the oxcart had been driven five hundred miles before it got there. The two problems were solved in just one of the same manner. Undoubtedly the success achieved in both cases was about equal.

CRUSADING AGAIN

RECENTLY I saw that a new contract has been dedi-
cated for an order of suits. It is a great help to the man who works on the farms of the United States, as it seems to me, to find out what is going on in these cases. It is not only the man who works on the farms, but the man who is going to work on the farms, who will benefit most from this contract.

Some time in the last two weeks I had the opportunity to talk with the representatives of the Ministry of People's Enlightenment and Propaganda. Our...
CLASS OF ‘34

The graduates of the class of ‘34 return to Bates every year so far as we have been able to learn. Of course, it is rather easy to know where every family is domiciled. Many students have been located and many have disappeared. Some of these fortunate individuals, who obtained teaching positions, have been found. In Connecticut: Marth Harriet, Sedgewick: Sister Susan Tompkins, Goffstown; Sister Hilda Wilson, Lisbon; Sister Mary Emma, Lisbon; Sister Thelma, Portland; Sister Alice, Portland. Some of the entered leaving for New York and other states.

COMMUNITY CLUB

Secretary: Mary flight, Denver; President: Ethel Ammons, New York; Treasurer: Sister Susan Tompkins, Goffstown; Secretary: Sister Francis, New York; Secretary: Sister Margaret, Portland.

Registration

Stays High

This week we noticed a special call for registration for the Class of 1934. As the fall term begins, the student body will increase with the many new faces that will appear on campus. Next week full activities start. The sports season is offered, and students are free to choose from a variety of activities. Football, swimming, tennis, and archery lie on the program. In the course of things, the student body will increase with the many new faces that will appear on campus.

Large Number of Freshmen

Turnout for Fall Sports

Material Looks Promising—Coaches Expect Good Seasons

The large number of freshmen returning for the fall season of sports is promising for the Bates athletic teams. Many of the freshmen are known to have played sports in their previous schools, and it is expected that they will do well. The coaches are optimistic about the prospects for the fall season, and they believe that the team will perform well in the upcoming games.

BORKITTEN OUT

An unusual number of average playing ability and coach Spink's success in filling the gaps in the lineup by use of the team. This week marks the start of the fall season, and the team is looking forward to a successful season.

FRESHMAN CROSS-COUNTRY

A long list of freshmen will be expected to participate in the cross-country race. The race is scheduled to take place on October 10, and it is expected that a strong team will participate. The race will begin at the upper classes and continue down to the freshmen.

Our 4th Big Season Is Underway

Bring your co-ed to your social Sunday night supper.

They are made that way.

Chesterfields are milder

Chesterfields taste better

Ripe home-grown tobaccos

We begin with the right kinds of mild ripe Domestic tobaccos. Then we age and slow them like ripe wines for flavor and taste.

Aromatic Turkish tobaccos

Next we add just the right kinds and the right amounts of Turkish tobaccos to give Chesterfield the "seasoning" that helps to make them taste better.

Blended and cross-blended

Finally we "weld" these tobaccos together the Chesterfield way—different from any other—to make Chesterfield the milder, better-tasting cigarette.

On the air.

It takes good things to make good things ... there is no substitute for mild ripe tobacco.
