CHRISTIAN SERVICE TO BE REPRESENTED AT Y. M. Y. W. And Y. M. Cabinet To Have Personal Interview

Dr. Harold L. Storm will be the guest speaker of the Joan of Arc and the Boy's Clubs of America on Friday night at 7:30 in the Y. M. Y. W. Hall. Immediately following the address will be a feature film, "Street of Sin." Guests will be welcomed and those interested may be seated at the Y. M. Y. W. Hall.

The program of the evening will be as follows:

7:30: Dr. Storm's address.
8:00: Film, "Street of Sin." "Street of Sin" is a new picture produced by the Boys Clubs of America. It has already won the Baby Gundis Award for best picture of the year. The story concerns the efforts of the Boys Clubs of America and Joan of Arc to save the Cuban children from the dangers of modern gang life. This hypnotizing picture will undoubtedly move the audience to action and will inspire them to work together to save the future of the young people.

The director of the film was Jack Bell and the producers were John P. Jones and Charles S. Marshall. The film was produced under aegis of the Boys Clubs of America with the assistance of the American Legion Boys Clubs and the Boy's Clubs of America National Council.

The subject to be used in the final debate with Vermont on Friday night will be "Resolved, that the Senate of the United States is incompetent to consider, act on or pass supplementary or special bills, except to correct the mistakes of the head bills from the House of Representatives." Concluding the debate with Vermont on Friday night will be the Bates debaters representing Vermont on the affirmative side, with Bates debaters on the negative side.

The debate will be held in memory of former Bates College President, Dr. Otis Bates, who was a strong advocate of free speech and the right to discuss important public issues. Bates College has been a leader in the American debate scene and has produced many famous debaters.

The debate will begin at 7:30 in the Little Theatre, and is open to the public. All are welcome to attend and participate in the discussion.
Reconsiderations?  

THE RECENT ARCTIC WEATHER seems to have precipitated something else besides snow. One could hardly describe the present situation as a snow storm. But certainly a large part of those who have had a well defined attitude towards the proposed action of the Athletic Council, Inc., would like to see it dropped. But most projects, if not all, have been eternally dropped, and the matter of doing so, at least for the time being, seems to have drifted. And certainly not into the mind of the man who would have to face the consequences of the action. Therefore, a good deal of space devoted to the discussion of the possible consequences the action of the athletic council should be made known as possible.

Certainly the majority opinion is that the failure of a college to stay in a snow storm leaves a small mark in the history of the college which is very unfortunate. For we feel that the committee for the most part has been aware of the fact that out-of-state disapproving report. We feel that the committee has been aware of the fact that the collegiate council will not have the opportunity to do anything to improve the situation before the season is here. The council has not been able to do anything to improve the situation before the season is here. The council has not been able to do anything to improve the situation before the season is here. The council has not been able to do anything to improve the situation before the season is here.

We have confidence enough in the council to feel that their action, taken in good faith, might lead towards the solution of this problem, and only enough confidence in the committee to feel that the council has no such powers as to be able to solve the problem. But we feel that the matter is one that the council can properly be made aware of. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. For the council has power enough to do something about it, and certainly should be able to do something about it. PASS IN FINAL QUARTER STOPS GARNET AS FIRST-PERIOD TOUCH DOWN SEEMS SURE WIN

STODDARD BLOCKS PUNT FOR SCORE

A beautifully executed 12 yard pass from Bud Howard to Garnet's Ted Turner, the second quarter of the Maine- New Hampshire game, scored the first point for the Garnets. The pass was thrown by Howard, after he had faked a punt. Garnet had possession of the ball, but was forced to punt. Howard readjusted and threw the pass into the corner of the end zone. Garnet's Turner caught the pass and pushed into the end zone. Garnet's Howard had crossed the line of scrimmage before the pass was thrown.

Howard's punt, which was blocked by Stoddard, was returned for a touchdown by Garnet's Ted Turner. Garnet's Turner returned the punt 50 yards, in front of the Boston College goal line, and scored the second point for the Garnets. Garnet's Howard, after crossing the line of scrimmage, threw the pass to Garnet's Turner, who pushed through the line of scrimmage and into the end zone. Garnet's Turner's touchdown was the result of a pass from Garnet's Howard, after he had faked a punt. Garnet's Howard, after crossing the line of scrimmage, threw the pass to Garnet's Turner, who pushed through the line of scrimmage and into the end zone.

The passing of Garnet's Howard, after he had faked a punt, resulted in the scoring of both points for Garnet. Garnet's Howard, after crossing the line of scrimmage, threw the pass to Garnet's Turner, who pushed through the line of scrimmage and into the end zone. Garnet's Turner's touchdown was the result of a pass from Garnet's Howard, after he had faked a punt. Garnet's Howard, after crossing the line of scrimmage, threw the pass to Garnet's Turner, who pushed through the line of scrimmage and into the end zone.
