Spinach Is Durable

TO DBOUND, Cervantes entitled Spain's chivalry away, as Byron has assured us. No doubt he very aptly meant to convert the fables of melancholy and rid us of our faults. Humor, it is not ingeniously pointed, is a powerful weapon. But every parent that even in the realm of modesty it isn't safe to generally consider spinach.

It is safe to say that more jokes have been written about this vitamin laden substance of the table than about any other topic in the coed's repertoire. Even Mahatma Gandhi and the Dionne quintuplets are of a surprising freshness by comparison. The sexologists while they flinch at the thought of any diet that has any false conclusions of results. For comments, good, bad and indifferent. Humor is present in every possible way; it is taken for granted that it is much more to give the flavor the intake if you don't have it in your arm.

The single situation in which most must come to (with a cigarette in it) is the importance of the point in the game. After all, the food and the bill. The flavor is much more pernicious than the flesh of a very fastidious person. This is the same thing in which we, the student administration would not be injurious to the professorial dignity of the college.

Turn Back The Clock

By Earl Grae

It happened 50 years ago.

From the days when we gathered around the old-fashioned parlor, the days when there was a fire roaring in the living room and the radio was blasting or the piano was playing, we would be filled with the songs of our time. Today, this tradition has been carried on, and the songs of the past are still enjoyed.

This is a collection of the songs that were popular 50 years ago, including classics like "The Star Spangled Banner," "America the Beautiful," and "My Country 'Tis of Thee." These songs are still enjoyed by people of all ages, and they continue to be a part of our cultural heritage.

Queen Will Be Crowned At All College Skate

Masks are Planned For Gala Event

Dr. Durn, Chairman, and other officers of the committee will preside at the event. Among the many activities planned for the evening are musical programs, a beauty show, a fashion show, and a masquerade ball. The most anticipated event of the evening will be the coronation of the queen. The queen will be chosen by a panel of judges selected from the faculty and student body.

Pepys Thru The Keyhole -

The chills you see in the air during the colder months of the year are due to the cold air coming in contact with the ground. The air is always warmer than the ground, so as the wind blows, it cools off the ground, causing the air to become cooler. This is the reason why the cold air is always colder than the ground.
